GREATLY RAISING PRICES.

he Vice & Growing at an Alarming Rate -Victims Seem Firmer Bound Than By Other Hatits-The Stimulant Stops Pain Instantly-Total Ruin Is the Result of Its Use.

tims of the cocaine habit who are fortunately poor, for the drug has been worth \$5, but those who are able to ious meshes there is no escape.

No chemical known to pharmacy has this.

Quinine, the other stimulating and fever-destroying drug from Peru, had a flurry several years ago, but this was due largely from a shortage in the cinchona bark crop, and not from a sudden and unheard-or increase in the demand for the drug. In the case he wants, but should not have." of cocaine the demand has outfooted the supply to an enormous degree.

No warning, no restrictive, or prohibitive legislation, no agitaton against such things has ever been definite of cure. But without any such legislation, and with the people as- his responsibility. suming a knowledge of the effects of the drug, similar to that generally possessed concerning quinine, the danger can be readily conceived. Cocaine is the most insidious drug ever discovered. It exalts the user beyond the exaltation produced by Indian hemp, quinine, liquor, opium, or any other narcotic or stimulant. It is a stimulant of wonderful potency. Its power of producing local cessation of pain or even feeling is its most dangerouselement.

ITS NATIVE USE.

rived is used extensively by the natives

They chew the leaves and are enabled to withstand the exhaustion due to high altitudes and mountain climbing. Cocaine is composed of carbon, hydrogen and nitrosyl reduced to a sulphate. Each element of the compound has a direct influence on the nervous system, blood and lymphatics. "The money is always here; if you late in the Swiss mountains, there killing all sensation of pain in the

Habitual use of cocaine has but two results. They are mere alternatives at that. One is the overthrow of the mind before the body is utterly destroyed; the other is the collapse of mind and body together. No other end is possible. Indefinite in time, the result is as certain as fate. No escape but abandonment of the use is posmeans in their power to disguise the all the diplomacy of a foreign minister his particular part of a movement midable appearance. fact. Cocaine victims, on the other to obtain a new gown.
