### WATERSVILLE.

People are getting a very fine season for their turnips, and many took advantage of it last week and this.

Many of the farmers have finished their fall ploughing while others have just nicely commenced.

We hear some, who are of a prophetic nature, predicting an open winter. Probably their predictions will come true but no man can peer into the mysteries of the future.

Mr. R. McClyment has purchased fifty acres more of John Vaughan's property.

Mr. and Mrs. Gilchrist, of Toronto, are spending a few days at Wm. Duncan's.

Messrs Watson and Bartley paid a flying visit to friends in the Durham Road.

Mr. J. Ellison, jr. is contemplating building a new house. He is examining the houses around to see which is the best, but by the trips he makes to a roughcast house we suppose that is the favorite kind.

Mrs Robt Ector, of Edge Hill, and Miss Maggie McCallum, of Wildfield, paid a flying visit to friends in this burg.

### REMARKABLE RESCUE.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggists suggested Dr. Kings New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well: now does her own housework, and is as well as she ever was. Sold by all Druggists, large bottles 50 cents and \$1.00.
