JOHN LIVINGSTON.
DURHAM.

DORNOCHE.

Miss K. McKinnon, of Corinth, has been plying the dress-making art around Dornoch for the past month. Hallowe'en passed almost unnoticed in the village with the exception of a few boyish pranks. That relic of barbarism is fast becoming extinct.

Mr. Jas. Watt has been improving his already tidy premises by the erection of a handsome verandah and siding, making a very pleasant and comfortable residence.

Rev. Mr. Graham can now more heartily enjoy home comforts as last week a splendid new furnace was put in the manse. Taylor, of Chatsworth, supplied the furnace and Mason Duncan, of Glasgow, performed the brick and mason work.

Miss Elsie and Lizzie A. Smith left last week for Durham to master the intricacies and mysteries of the dressmaking art. They are both pleasant and jolly, and are missed in church and social circles.

Merchant Pritchard, of Louise, last week tested the depth of the mud on some of the roads near the village. He was purchasing poultry for a Walkerton farm.

The young people near Stewart's school are, these evenings, spending their energies and talents in preparing a choice program for their Pie social to be held on Friday evening the 17th inst. Editors and pie makers admitted free and specially welcomed. Proceeds for school improvements.

Farmer Hugh McKinnon, of Corinth, is at present finishing a dwelling house for Mr. H. Alexander.

Miss Lena Brauduer Smith, of Louise, is whiling away a few pleasant days visiting former friends in the vicinity.

Mr. and Mrs. Alex Nevins left last week for Artemesia. We were sorry to see them leave the vicinity as they were both civil and obliging.

The home of Mr. and Mrs. John Corlett is always known as a very sociable one but at present it is doubly so as nearly a score of good hearted and jolly axe men are domiciled there. They are making ship timber.

Mrs. Neil Campbell is at present on a visit to relatives in Owen Sound.

Mr. R. Wade has been adding an addition to his house in the shape of a large kitchen.

Mr. John Hay now nurses a sore foot, the result of an axe glancing inflicting a severe gash across his toes.

Once more we are forcibly reminded that here we have no abiding home since we're tiring our last budget. Two more have passed to the great beyond. One in the flush and spring of life, John Bearman Hughes, son of Mr. and Mrs. John Hughes, aged seven years, a bright, strong and healthy boy. The disease which carried off the promising young life was the result of an accident in which he was injured by falling down stairs. The funeral took place on Friday Oct. 27th to the Latona cemetery. The other being an elderly farmer. Mr. John Hodgson, in the Autumn of life. Deceased died very suddenly on the 29th. Having partaken of supper, he was noticed to gasp and before assistance could be summoned, the spark of life was

gone. Mr. Hodgson was for nearly 20 years, a resident of Bentinck, having formerly lived in Egremont and was always known and regarded as an upright, honorable man and an obliging neighbor. To the aged widow and family we tender sympathy.

THAT THROBBING HEADACHE.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make rare blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all Druggists.

The Sardinian, bearing the Canadian Contingent to South Africa passed Cape Race on Wednesday and will not again be heard from till arriving at Cape Town, Africa, a trip which will occupy about twenty-two days.

How To Cook.

Pope says:—"The vulgar boil, the learned roast an egg." But if he had lived until now he would know there are twenty other ways of cooking one. Marion Harland tells them all the volume of "Cooking Hints," the fourth volume of the "Bits of Common Sense Series." You can obtain these books and the Weekly Globe, which has been for over 55 years, and is now Canada's leading family newspaper from now to January 1, 1900, for one dollar, and Marion Harland's latest work, "Bits of Common Sense," in four volumes. Sent free; postage prepaid.

VANDELEUR

Our Teacher, Miss Hawkin, has been re-engaged to teach the Vandeleur school the coming year at the same salary as during the present year.

Miss Eva and Rosa Gilbert were the guests of their uncle, Mr. A. Carson, near Princeville, part of last week and the preceding one.

Mr. J. I. Graham has been busy for some time picking and shipping his apple crop to the north shore.

Miss Daisy Davis left last week for a prolonged visit with Harriston friends.

Mr. W. T. Kells has sold his farm to a Mr. Boyd, of Euphrasia.

Dr. Agnew's Catarrhal Powder

has fastened its relentless grip upon some member of nearly every family in the land. Competent authorities estimate that from eighty to ninety per cent. of the entire population of this continent suffer from some form of this repulsive and dangerous malady. If you or any of your family suffer either from recognized catarrh or from the lingering colds which mark its early stages—don't trifle with it. It is the precursor of consumption and death.

Dr. Agnew's Catarrhal Powder

never fails. It is the remedy of all remedies, endorsed by the most experienced and eminent nose-and-throat specialists of the day, and having a record of a multitude of radical, permanent cures of chronic cases which had been declared incurable. It also cures cold in the head, influenza, hay fever, loss of smell, deafness, sore throat, tonsils, asthma and all similar diseases. It is delightful to use.
