Suffering caused by Piles

Is Quickly Ended when Dr. A. W. Chase's Ointment is applied

Besides the intense agony caused by the itching, burning sensations of piles, there are other symptoms which produce restlessness and at times excruciating pains known only to the victim of piles.

What would one give to be free of this terrible disease? And yet there is a cure—a positive cure—which does not cost much and is not painful or difficult to apply.

Dr. A. W. Chase's Ointment is, so far as is known, the only absolute cure for blind, itching, bleeding and protruding piles. It gives relief at the first application and affords a perfect cure in the most aggravated cases.

Mr. Isaac Foster, Erieview, Ont., says: "I was troubled with itching piles for two years and could not sleep at night. I was half-crazed and tried everything. Finally seeing Dr. Chase's Ointment advertised I tried it and found it good. After a second application I found relief, and one large box cured me. Have never been bothered since, and I can recommend it to all suffering from the same trouble."

Dr. Chase's Ointment is for sale by all dealers, or Edmanson, Bates & Co., Toronto.

SKIN LIKE BABY'S

Skin diseases from the merest pimples to the most obstinate eczema, salt rheum, running sores, are quickly, pleasantly and permanently cured by Dr. Agnew's Ointment—35 cents.

Who does not envy a baby its soft velvety skin? How many suffer from distressing skin diseases—Do you suffer? Have you tetter—salt rheum—scald head—ring worm—eczema—ulcers—blotches on the skin—chronic erysipelas—liver spots and what not else of these distasteful and aggravating disorders which disfigure and

discourage? Dr. Agnew's Ointment allays the distressing itching, burning, stinging sensations which are part and parcel of such troubles, and in a thousand cases where internal treatments have failed to heal and eradicate them it has worked wonderful and permanent cures—and no skin disease, no matter of how long standing, has baffled its curative qualities. In cases of chronic eczema it has proved its great worth, and cases are on record where this dread affection has been the birthright of its patient and constant companion until past middle life, and Dr. Agnew's Ointment has cured speedily and permanently. It is a boon to mothers because it is a boon to babyland—scald head and its irritations, which are accompaniments to the teething period, are quickly driven off and restlessness passes away—and where torture reigned with baby this balm brought rest and a cure—it affords instant relief from the itching distress. . . . Do you suffer from piles—itching, blind, bleeding or ulcerated?—No remedy has brought so quick relief, spared painful surgical operations as Dr. Agnew's Ointment—it has proved itself an absolute cure for piles in all forms and at all stages—one application will relieve the itching, irritating sensations in an instant—and long standing cases disappear after from three to five nights' treatment—the pain and soreness quit you and the tumors vanish.

A lady living in a northern County town writes that for seventeen years she was troubled with salt rheum. She took doctors' treatments and used many lotions without any permanent relief. Reading of the cures made by Dr. Agnew's Ointment, she decided to try it. The first application allayed the irritation and she continued using it—the disease rapidly disappeared and now for two years there has been no sign of a return of it.
