MR. Thomas Willoughby is a living admirer of the Chronicle, and never fails to dip down into his well filled wallet and fish out a dollar for renewal in advance. He doesn't believe in imposing on the generosity of newspaper men, and sponging his reading. He thinks they need the money like other men and never fails to minister to their wants. Thanks Mr. Willoughby you're the stuff.

ACCIDENT.—On Saturday last Mrs. J. B. Egan, and Miss Johnson, Teacher, of Ceylon, met with what might have been a very serious accident, while on their way to Flesherton. It appears a farmer had a break-down of his wagon the evening previous, at the head of Flesher's pond, and left his broken wagon on the road. When the ladies came along their horse shied and backed the buggy over the bank, throwing them into the water. The horse ran away and wrecked the buggy, but the ladies escaped with a shaking up and a cold ducking.

BOLTERS.—At the last meeting of the Council, Messrs. Sparling, Moore and Kinnee, who constitute the Board of Works, left their offices very unceremoniously as the result of some pointed criticism concerning their action in the Queen Street extension Job. It was claimed that they overstepped their duty in spending more than the two hundred dollars voted by the Council for the performance of the work. About four hundred dollars were expended in the improvements and the Mayor and others felt that a vote for more than the amount sanctioned by the Council should not be passed, whereupon the Board resigned leaving the settlement of other accounts unprovided for. There's fun ahead.

INSPECTOR CAMPBELL purchased new sixty-five dollar lens for his photographic camera. The Inspector is a pusher, and to his other accomplishments he has added photography mastering the work so well that he has become a real good artist.

UP to the present very little interest seems to have been taken in municipal matters for next year. It was thought some difficulty would be experienced in getting a candidate for the mayoralty. Mr Calder, we understand, thinks of retiring from the Council, perhaps through fear of being swept into oblivion through by the irresistible force of Mr. Gorsline, whose name is mentioned as a probable candidate for the honors, emoluments and sweets of office. It would be a pity for Mr. Calder to throw up the sponge and give his ambitious opponent an easy walkover without a struggle of resistance.

A NOBLE specimen of St. Bernard Mastiff belonging to Mr. Edward Motley was poisoned in town last week. The dog was kept as a protection and was supposed to be cross, but being chained up nearly all the time we never knew of him to do any one an injury. Notwithstanding this, few cared to come in close contact with him, and it must be a miscreant of the most daring type that would take the risk of administering the dose. However the dog is dead, and now speculation goes on as to the perpetrator of the cowardly act. This is a species of meanness for which we have no sympathy.

OWING to heart trouble, we regret to say that Mr. Laidlaw, is forced to give up business and will offer his entire stock for sale en bloc. He intends closing up by the first of the New Year if possible. As this has been a good stand and Mr. Laidlaw has been doing a good business for the past sixteen years the purchase of the property should be a good investment for a man with money and a little push. Rest seems the only thing for Mr. Laidlaw under the circumstances, and it is his intention to take it easy for a couple of years at least, when we trust he will be fully restored to his usual health.

Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. THE few who attended the Uncle Tom's Cabin show pronounced it "Smutty" and say the Wa Hoo, five cent performance was worth two of it. Still the public like to be humbugged. It seems like a small affair to have a dozen idle lumps gadding round the country with their ten cent concerts.
