Answer to J. G. Marshall.

EDITOR CHRONICLE:-The charge made against me in your last issue by J. G. Marshall is not correct. Never in the Review was he "charged with abscording with about \$1100 of the Patrons money." The facts were a meeting of the Patrons was called by Mr. M. for Friday night, and the Patron's waited his arrival with the money till after midnight. Our remarks were as follows: "They waited in vain and up till to-night. Tuesday, his absence has not been explained and no money is forthcoming. The amount coming to Patrons and milkdrawers is approximately about \$1000." Further on we say "We sincerely hope some explanation will be found for his mysterious disappearance." "Mr. Marshall was always considered strictly honest an lao to demen wereever aske lfrom him. From various causes he has had an uphill fight at Boothville and it is alleged and feared that financial embarassment has made him yield to temptation." This was in issue of Oct. 19. What does Mr. M. object to? The week following this item appeared:-

The manner of the famous preacher was perfectly natural and dignided, and through his work he showed a thorough acquain tance with the pulpit and the art of speak is ig properly. It was hardly necessary to say he is an orator, given to all the tricks of tratart, and with just the tendency to be aramatic. While delive, ing his sermon he walked first to one side then the other, then turning to the enoir behind, now with arms stretched out, now with one above his head and the other pointed at the audience. He kept on the move continually. He threw out the sentences, then paused suddenly, and when at the close of an impressive one, tongue had stopped, and one seemed to think he waited for the ecno of his stirring words. The Dr. is an impressive, and for the mement, convincing speaker. strikes one as a man who wishes to have things in control, he has no doubt, he beneves what he says, feels that it is the truth then utters it with all his strength. The text was from the 19th Psalm and part of

the 8th verse, "The statutes of the Lord are right." The Dr. spoke of how books had a tendency to go cut of date, but not so with the Bible, Nothing could destroy it. He said about the only thing his parents left him Messrs. Wm. Brigham and Wm. Adlam were was the family bible. Some people doubted the authenticity of the bible, but there was more evidence that it was true than that Shakespeare wrote Hamlet; Milton, Paradise Lost; or Scott, Marmion. Did it ever occur to you that most railroad men die of kidney disease?

Such is the fact, however, and the disease is known among railroaders as "railroad kidney." The first and most marked symptom is a weak, lame and aching back. You may think at first that you are only tired; but as this trouble increases day by day, kidney disease, with all its terrors, is fast claiming you as a victim.

Mr. Geo. Cummings, for over 20 years engineer on the Grand Trunk running between Toronto and Allandale, says: "The constant duty with my work gave me excessive pains in my back, racking my kidneys. I tried several remedies until I was recommended by my fireman, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. I recommend them to all my friends."
