

# Perfect Health can be yours.

Do not try experiments with your health. If you are not well use only a medicine known to cure. Dr. Williams' Pink Pills are not an experiment. They have cured thousands of people, who had tried common medicines and failed to find health. Some of the cured are in your own neighborhood.

Mr. F. Mission, Deleau, Man., writes:—"I can speak in the highest terms of Dr. Williams' Pink Pills as a medicine for rebuilding the system... I was suffering from headaches, loss of appetite and extreme nervousness, which left me in a very weak condition. The best work would be done at present, thanks to Dr. Williams' Pink Pills. Similar sufferers—and there are many—will find it to their great advantage to use these pills."

Do not take anything that does not bear the full name "Dr. Williams' Pink Pills for Pale People." It is an experiment and a hazardous one to use a substitute. Sold by all dealers or post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville.

### PLENTY OF WINTER EGGS.

By using the very best laying hens and feeding stock from year to year the laying quality of the flock can be greatly increased and in some instances doubled. As a rule pullets are much better than old hens, and it's a rare case for hens to produce more eggs than their daughters. I used to think that the earlier I could hatch chicks the more chances I had in having winter layers, but have learned from experience that April and May are the months to get out the birds that will help to fill the nests with nice eggs, when they are in great demand.

A good, warm house should be provided, with a scratch shed where the birds can have plenty of room, and where a lot of fresh dirt from the field has been thrown in without packing. The morning meal should consist of a warm mash, one part middlings and two parts bran, scalded and steamed for at least 30 minutes and thoroughly mixed so that it is as stiff as it can be stirred. Only a light feed of this should be given and the mash may include boiled turnips, potatoes or other vegetables. After breakfast a handful of millet seed should be scattered in the straw or scratch shed, and the day's work begins. At noon give them a light feed of wheat thrown in the scratch shed and throw over a few whole turnips, or, better still, hang up a cabbage head just high enough so that the hens will have to jump up to get it.

About twice a week throw in a few small pieces of cracklings, and let them peck away at them, being careful that the cracklings are not salty, and that the hens do not get too much at one time. Give them skim milk twice per week, if convenient, and always keep fresh water and plenty of sharp grit on hand, where it is handy for the birds. At night, just before they are ready to go to roost, give them a good square feed of cracked corn and wheat mixed, about all that they will clean up.

### GOOD WATER FROM TREES.

In many sections of the forest lands of the South during the dry seasons a man may walk for miles without finding a stream of water or a spring by which to quench his thirst. If, however, he is an experienced hunter and woodsman, he will not have to drink water from the stagnant pools in order to keep life in his body. Queer as it may seem, an experienced man can hunt for days through such dry tracts and yet experience no inconvenience on account of the lack of water. Nature has provided a means which is only known to the initiated. Every old huntsman carries with him, when going on a long hunt, a small auger, by which he can secure a refreshing drink and water to cook with at any moment.

A cottonwood tree or a willow is the well which the wily huntsman taps. He examines each tree until he finds one that has what a woodsman calls a "vein." It is simply an attenuated protuberance. By boring into this "vein" a stream of clear water will flow out. It is not sap, but clear, pure water. The huntsman says that the water is better than the average

Reuben Draper, of Bristol, P. Q., Reports That He is Cured of Gravel by Dodd's Kidney Pills.

Bristol, P. Q., Jan. 22.—The people on the Quebec side of the Ottawa River are fully alive to the boon they have in Dodd's Kidney Pills as it is witnessed by the large number who are publicly testifying to the merits of Dodd's Kidney Pills in the press. One of those is Mr. Reuben Draper, of Clarendon, near here.

Mr. Draper was troubled with that painful and dangerous bladder complaint known as gravel, and when it was again on the verge of a surgical operation he remembered that a surgical operation was formerly the only means of assailing this disease, the value of Dodd's Kidney Pills was apparent. Dodd's Kidney Pills were recommended to Mr. Draper, and he tried them, with complete success, as the following letter will show.

Dodd's Medicine Co. Jan. 3, 1900.

Gentlemen,—About three years ago I was taken ill with what I thought was gravel. I was suffering great pain so I sent for a doctor. He gave me some medicine and said he would call again. He came twice more and charged me fifteen dollars. I was a little better but not well. A short time after I had another attack, so I tried another doctor with about the same result, only I was getting weaker all the time. Then a man advised me to try Dodd's Kidney Pills, for he said they had cured his mother. So I bought a box and tried them, and in just one week I passed a stone as large as a small bean, and in four days after I passed another about the size of a grain of barley. This gave me great relief and I commenced to feel better and to gain strength.

That is two years ago, and I have not had any trouble that way since. I have the stones still in my possession and can show them to anyone who doubts this story. Hoping this may be of some benefit to someone suffering as I did.

I am your truly, REUBEN DRAPER.

Hud Catarrh Since Childhood But Catarrhozone Cured Him.

Urie Brault, of Sweetsburg, Que., says: "Since childhood I have been afflicted with Catarrh of the throat and nose and never knew what relief meant till I tried Catarrhozone. Two bottles completely cured me, and I have not one single symptom of Catarrh now. I can heartily recommend Catarrhozone for Catarrh, and would advise all sufferers, to get an outfit at once and be cured as I was." Catarrh-ozone is sold by all druggists. Trial outfit sent for 10c in stamps by N. C. POLSON & CO., Kingston, Ont., Proprietors.

## LOVING WORDS.

Loving words will cost but little,  
Tourning up the hill of life;  
But they make the weak and weary  
Stronger, braver for the strife.  
Do you count them only trifles?  
What to earth are sun and rain?  
Never was a kind word wasted.  
Never was one said in vain.

When the cares of life are many,  
And its burdens heavy grow,  
Think on weak ones close beside you—  
If you love them, tell them so,  
What you count of little value,  
Has an almost magic power,  
And beneath their cheering sunshine,  
Hearts will blossom like a flower.

So, as up life's hill we journey,  
Let us scatter all the way,  
Kindly words, for they are sunshine  
In the dark and cloudy day,  
Grudge no loving word or action,  
As along through life you go;  
There are weary ones around you—  
If you love them, tell them so.

Two little London girls who had been sent to have a happy day in the country, returned with their experiences on their return, said:  
"Oh! yes, mum, we did have a 'appy day. We see two pigs killed and a gentleman buried."

## WHO HIDES HIS TIME.

Who hides his time, and day by day  
Faces defeat full patiently,  
And lifts a mirthful roundelay,  
However poor his fortunes be,  
He will not fall in any quail,  
In poverty—the paltry dime  
It will grow golden in his palm,  
Who hides his time.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever. It is not true that deafness can be cured by F. J. CHENEY & CO., Toledo, O.

A TORONTO MERCHANT Bears Important News to His Fellow Citizens.

Toronto, Jan. 5.—Here is a letter we hope every one of our readers will peruse:—"I am 39 years old. Have been troubled for four years with what I thought was Rheumatism—stiffness in the muscles of my legs, later in the arms. Soon the stiffness changed to soreness. Went to Hot Springs, and came back a little better. Was a moderate drinker, but quit using liquor altogether, and carefully regulated my diet. One day I got wet and then the trouble was worse than ever. Had to lay off for three weeks. Have had similar attacks at intervals ever since, each one worse than its predecessor. Had headache, pain in the small of the back, uric acid, scanty and scalding. began using Dr. Arnold's English Tonic Pills a short time ago, and am already wonderfully improved. Feel confident they will cure me, and I shall give them the chance and report. I have not felt so well for years as I have since I began using your pills. H. LEWIS, 477 Yonge St., Toronto.
