felloes and prevent the tires from becoming loose has been practiced by many for a long time. It is better as

preventive than a cure for loose tires. Stop the swelling and shrinking of the felloes, the rusting of the OF underside of the tire next the felloe by a coating of oil. Fill the tenons of the spokes also with the hot oil and you have at least doubled the life of your wheel. If it is well done, a tire will never have to be reset. The tenons of the spokes cannot swell and split the felloes. The mistake made is that people do not begin with their wheels sound. Have it well dried out, give it time to absorb all the oil it will take Use the best boiled linseed oil, with about one-half pint liquid drier to the a bullet gains no more falling force: gallon. Devote at least one hour to the reason being that when the monearly to the boiling point and the slower the wheel is revoluted the more wheel is about right. Revolving slowly heats the wood through. drives out any moisture, the pores readily drink their fill of hot oil, and by the time the wheel makes its second revolution some of the last coating will remain upon the surface. portion of this will gradually be absorbed into the wood and the remainder will dry hard upon the surface. The oil should not boil, but must be quite hot-hot enough to expand the tire so that the oil will get under it freely.

CULTURE OF VIOLETS.

grown entirely from cuttings. Young "boulets." give the most satisfactory results. In some cases the old plants are allowed time that they should be carefully capsules of pure sand should be taken packet. watched. Dead leaves and runners with each meal." should be taken off and the plant made to contract, each forming a bushy grown. By Sept. 15, if properly treated, these plants should cover the entire ground. By Oct. 1, they begin very small and consequently of lit- to before. tle or no value and are thrown away. By Oct. 15, they are sufficiently large, however, to send to market.

CUTTING FORELOCKS.

The foolish and expensive habit of Sensation in the Ottawa Valley Blemishes of THE Complexion WANTED-Forem n Pattern Maker, also good Mecutting forelocks is becoming a great nuisance. It is foolish because it does not add to the looks of the horse, and In a casual conversation with some expensive because it detracts at least buke the states that dismembered friends in the Bank of Montreal, re- \$25 from the value of the horse. ready deposited. Mr. Draper had only been using the Dodd's Kidney Pills do actually cure Gravel as well as the other kidney diseases for which they are famous. The case has aroused wide interest and friends for Dodd's Kidney Pills are

The story is told of a professor of Mathematics who was greatly interested in the work, and devoted himself so wholly to it that a natural ten-"Dr Williams' Pink Pills," said the DIFFICULTIES OF ARTILLERYMEN dency which he had to absent mindedness became much accentuated. One day when he had guests at dinner, and was helping them to fish from a plate, and handed it thus to one of the guests. There was a laugh at once, food on the bottom of a plate.

ROOM TO RUN AWAY.

No troops fight with a river in their rear if they can possibly help it, because, if defeated, they would have to cross the bridge, and could then be cut down to a man. The military way of putting it is, "Never fight with a defile in your rear." And a defile means any passage which narrows the front of a fighting force.

Ideal Treatment for Catarrh
