HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hanuub 1. Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise. This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and \$1.00, at any Drug Store; every bottle guaranteed.

Mr. James Morrison had an attack of La grippe. I guess the change of climate had something to do with it, but he is around again.

It comes to our sad lot to chronicle the death of one of our respected neighbors in the person of Mr. Thos. Allan who departed this life on Friday Feb. 2, after a lingering illness. All the physicians skill and the best of family care could not save him from the grave. Mr Allan has been a resident of Normanby for about 35 years. He was a kind and obliging neighbor, and respected by all who knew him. The procession that followed his remains to their last resting place, Maplewood Cemetery, showed the esteem in which he was held. He leaves to mourn his loss a wife, four sons and four daughters all home with the exception of the eldest son James who resides at Carman, Southern Manitoba. Mrs. Allan and family have the sympathy of the whole community.

NO RIGHT TO UGLINESS. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at any Drug Store.

POMONA. Thanks for last week's complimentary Bro. Edward's.

We are pleased to see that quite a number in our tp. are to be the recipients of Fenian Raid Medals for service to our country in 1866.

The Morrison family contemplate building a new house on the old homestead, Scotchtown, next summer, and are making preparations.

The cold, gripe or influenza is causing much discomfort among little folks and some older ones.

On the 22nd ult., a son was born to Mr. and Mrs. D. McMillan, of here, Scotchtown. We were wont to congratulate for 'twas their first son in a numerous family, but in the same breath we sympathize with the parents in their loss as the little stranger remained with them scarcely a week when it was laid away to rest in the New Cemetery.

Miss Hannah Sullivan, daughter of Mr. Jas. Sullivan, of the 5th con., accompanied by Mrs. Joe McDonald, of Maple Grove, Aramesia, undertook a long journey on the 25th ult., their destination being Nelson, B. C. Mrs. McDonald went out to join her husband who had preceded her some few years, while Miss Sullivan will no be a stranger in a strange land as a friend is there to welcome her. We hope to hear of their safe arrival.

Recently while farmer John and hired man, Mr. Alex. Black and a lady friend were returning from Markdale during the time we had the icy roads, the sleigh upset leaving sleigh box and occupants by wayside. Nothing more serious happens than that the horses went on home. Alex. should be careful how he drives over slippery places when that particular fair one is with him or the tall

sweet singer, of Dornoch, will be down looking after his interests. As leaves drop from the trees in autumn so one by one those sturdy sons of toil, our first settlers, are passing away. This week we are called upon to chronicle the death of Mr. Thos. Anderson, Sr., who passed peacefully away at his home in Glenelg at about half past 10 o'clock on Friday morning the 2nd inst., aged 78 years, 4 months less 1 day. Deceased was born in Dunfriesshire, Scotland, on Oct. 3rd, 1821. He was married in the land of his nativity, and found a most worthy helpmeet in the person of Miss Divina Brown O'Hare, who together with 6 sons and four daughters still survive to mourn a parents loss. One child died in infancy and their daughter Margaret, (Mrs. A. Butter,) died on Oct. 18th, 1883, so that the total number born to them was twelve. 4 were born in Scotland namely Irving Maggie, John, and George, and 8 in Canada namely, James, Alex., Thos., Isabella, Mary, Martha, Lavina, and the infant not named. All are married with the exception of 3 sons. Some of the family reside at distant points and could not possibly arrive in time for the funeral. Of the living 4 sons reside in Glenelg, 1 in Michigan and 1 in Dawson vicinity, while 1 daughter resides in Vancouver, B. C., 1 in Calgary, N. W. T., 1 in Tilsonburg and one in Toronto. Mr. Anderson came to Canada in 1852 and for a time worked around Georgetown, Toronto and Durham before settling on lot 19, con. 6, in 1855. Up to about a year ago the departed scarcely knew what it was to be ill, but last winter he contracted a severe cold which settled on his lungs causing congestion. The family physician then held out little hope of complete recovery. During the warmer season he was apparently better, but as soon as the cold weather again approached his old trouble returned, and proved too much for a man of his years. The funeral services were conducted at his late residence to-day (Monday) by the Rev. Matheson, of Priceville, after which the funeral cortege proceeded to Zion Cemetery where he was interred. Those of his family who were able to be present from distant points were Mrs. James Mantle and her husband, of Tilsonburg, and Mrs. G. H. Grant, of Toronto.

ITCHING, BLEEDING PILES. Mr. W. G. Phyll, proprietor Bodega Hotel, 36 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible shape with itching and bleeding piles. I tried several of the best physicians and was burnt and tortured in various ways by their treatments to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment. I used but one box and have not been troubled with piles in any shape or form since."

A writer on dancing estimates that 18 waltzes are equal to about 14 miles of heel and toe work. And yet many a girl who is too frail to walk down into the kitchen can cover about 16 miles of ballroom floor per evening.

Miss Minnie Ball, of Ball's Corners, is visiting her cousin, Mrs. Geo. Pollock, but there are others who immensely enjoy her visits.

One of the most successful wood bees of the season was held on Friday last at the home of Mr. Jas. Allan, under the supervision of his son Lorne. The evening was spent in his spacious home according to the desire of everyone. Those who liked Fort had a room and table for that purpose. Some played Euchre; others doubtful of the virtuous character of King, Queen, Ace and Jack could take the next table and associate themselves with a pack of "Old Maids," or other similar productions although possibly not so inviting, yet harmless and honest, but the majority indulged in games which required brain and skill, occasionally interspersed with music. The company was of this neighborhood and a load from Holstein. They enjoyed themselves so much together that they will wish for another meeting soon.

There was a social gathering at the home of Mr. Geo. Matthews on Friday night. Their friends, neighbors and a load from Durham forming the company. The amusements were varied to suit the likings and prejudices of the large assembly. All report having had a good time.

Cooke, 260 Johnston street, Kingston, tells the wonderful story of his sickness from heart disease, and what he considers his almost miraculous recovery by the aid of that good angel of modern medical science—Dr. Agnew's Cure for the Heart. He says: "I suffered seven years from a very acute form of heart disease. I experienced great weakness; had smothering sensations; palpitation so badly that one in the same room could hear the heart thumps. I had great nervousness and depression at times, suffered excruciating shooting pains. Could not stand the slightest exertion or excitement. I tried remedies recommended to me, and consulted best physicians on my ailments, and no-
