take on outing on suitable afternoons and drop in to visit the teacher, and apropos of the subject. We will quote a verse of that appropriate piece called "Parents don't visit the School":—

They care for their horses, they care for their dollars. They care for their houses, they fancy fine collars. But little we think they do care for their scholars. Now why don't they visit the school?

Mr. McGrath had the misfortune to lose one of his four horses last week. It dropped dead while in harness. Fortunately it was not one of his best, but still quite a loss.

Mr. and Mr. Murchie are visiting the latter's parents, Mr. and Mrs. J. McKinnon.

Miss Kate Morrison spent about a couple of months pleasantly with her sister, Mrs. P. Haley, of Haley's Corners.

Singers and Speakers.

Throat irritation is most annoying to platform people and to prevent this as well as hoarseness and sore throat most singers and speakers carry with them a bottle of Dr. Chase's syrup of I. Inseed and Turpentine. It promptly and positively relieves and cures all dryness, soreness or hoarseness in the throat, tightness in the chest, bronchitis, asthma and all kinds of coughs and colds. See a box. Family size 60 cts.

VARNEY.

The young fellow with the pea-straw whiskers who goes north so often had better leave that spotted dog at home. The boys are all onto him.

Miss Jessie Saunders was the guest of Miss Lizzie Allan one day last week.

Miss Ethel Eden was the guest of her aunt, Mrs. J. Carson, one day last week.

Mr. Clark took a business trip to Hanover last week.

The remains of the late Mrs. Dean were laid to rest in Maplewood cemetery last Saturday. Mr. Dean and family have the sympathy of the community in their sad bereavement.

Arthur Clark says he thinks by the way things are running of late that John Sirr is likely to fall heir to the Post Office.

Messrs. J. Carson and J. Eden cut, split and piled in one day eleven cords of wood. Now who can beat that, and eat two dozen eggs in the same day.

Mr. C. Gadd looks very lonesome, his better half being absent for a couple of weeks past.

You talk about wood piles but it is rumored that Jim Blythe has a pile three quarters of a mile long. Billy Bryans says it is all of that.

Mr. R. Henry and her daughter, Mrs. T. Brown, were visiting at Mrs. Will Clark's.

Mr. T. Petty purchased a dandy driver last week. He says he don't have to take anybody's dust.

W. Bryans swapped horses one day last week with one of your townsmen. Both of the best of the deal.

Mr. Hepburn and family moved to Durham last week.

Mr. G. Petty is engaged with Chas. Blyth for the summer months.

Miss Lizzie Fee, of Sullivan, was visiting at the parental home last week.

EDGE HILL.

We are very sorry to have to CHRONICLE the death of Mrs. Chas. Moffat, which took place on Friday last. Mrs. M. was loved and respected by all who knew her. We extend our heart felt sympathy to the bereaved family. She leaves a husband, four sons, Robert, of Toronto, Thomas, of Owen Sound, Henry, of Traverston, and John, who lives on the old homestead, and one daughter, Mrs. H. John McEayden, of Edge Hill. The children were all present at her death bed and funeral.

Mrs. Dan. Greenwood, we regret to say, is quite ill of heart trouble. Miss Maggie McFee, from near Mt. Fore-t, is visiting at D. McEayden's this week.

Rev. Mr. Farquharson, of Durham, held a prayer meeting in the Graunge one night last week, but owing to the bad weather there was not a very big crowd.

Mr. Alex. Jopp left for Owen Sound on Monday where he is going to work on the boats for the summer months.

Mr. Rob. Ector, Sr., we are sorry to say, has been on the sick list. We hope soon to hear of his recovery.

Mr. Councilor Firth was the purchaser of a valuable general purpose horse at Malcolm Cameron's sale last week.

Mr. Thos. Wilson moved recently to take charge of the boarding house at the Glenroaden Mill.

Counterfeiter Decker, who was sentenced to five years in the penitentiary, meditated suicide while in Woodstock Jail prior to his removal to Kingston.

Miss M. Sullivan, teacher in St. John's school, has not had as full attendance of pupils of late, as she would desire on account of the prevailing scarlatina. Miss Sullivan is a painstaking teacher, and as busy as a bee during school hours, endeavoring to insure knowledge into the little heads, that they will find useful in after life. We often think of hum-drum monotonous life of the teachers' vocation, and would it not be as a bright rift in the clouds for parents to

Market Report.

WATESVILLE.

Rev. Mr. and Mrs. Barns, of Strathaven, visited friends here for a few days last week.

Mrs. McKay, of Toronto, is visiting relatives and friends here at present.

Miss Teenie McCormick, of Bentinck, was the guest of Mr. John McKechnie a short time ago.

Mrs. Adam Linn, of Keppel, is visiting her brother, Mr. Peter McInnis.

Mr. John McKechnie and his sister, Mrs. Donald McInnis, after spending the winter months at the parental hearth, returned on Monday for Gladstone, Manitoba. They are accompanied by their brother, Hector. We wish them success and prosperity.

Mr. Wm. Bell returned from Newberry, Mich., about two weeks ago. He looks as if the climate agrees with him. Will, being a jolly good fellow, is heartily welcomed back again, especially by one of the fair sex.

The annual tea meeting held in the Baptist church here on Thursday night was a great success. After the crowd had gathered, a sumptuous tea was served, provided by the ladies of the community, whose names have gone abroad through the excellences of their cuisine. Such delicious berry, raisin and lemon pies and such hosts of cakes of every description, sandwiched by the bushel, and Miss McDougall's big basket of doughnuts were some of the good things. Miss McDougall made the tea and it couldn't fail to be good, as she yearly attends to the same and never made a miss. After all were satisfied by doing ample justice to the good things, Mr. Robert Edwards of Zion, tactfully and pleasantly filled the chair, and made a neat speech. Mr. J. M. Davis, of Euphrasi, being popular with our people, was asked to the platform, and he scored a victory in giving a rattling good speech. Rev. G. I. Barns of Strathaven, being called upon, pitifully expressed his pleasure and appreciation of the enjoyments afforded. Mr. Barns has many warm friends over here. The Zion choir furnished most excellent music. Mrs. Wm. Edwards' solos were specially sweet. Miss Daisy Davis, Annie McPaul and Mr. Duncan McLean, of Bentinck, gave two recitations which showed his marked ability as a reciter. Matrimony being one of the topics of the evening, some good advice was given to the bachelors. In fact, you could here them whispering that they would get married before another year rolled by. Rev. Mr. Campbell gave a short address in which he showed his gratitude and thanks to those who assisted in any way to the bettering of the tea meeting. The program was brought to a close about half past eleven, by all joining in the National Anthem. Thus another noted event has passed into history. Proceeds \$45.00.

County and District.

Clarksburg has a case of Diphtheria.

It is said that Ontario contains 100,000 acres of peat bog. The principal areas are in Perth, Welland and Essex Counties, the largest being in Perth, where a 40,000 acre swamp exists with a depth varying from two to twenty feet. Peat works are now being operated there.

Worn-Out Nerves

Bring Headaches, Backaches, Pains in Limbs, Sleeplessness, Irregularities, Nervous Prostration and Paralysis.

Woman's work is never done. From early morn till late at night many a woman toils on day after day, week after week, and year after year, with no rest, no recreation, and no even change of work, for it is the same monotonous round over and over again.

Little wonder that the nerves are shattered, the system run down, and the body racked by pains and aches. Little wonder that the head aches, the digestive functions are impaired, and the delicate organs become irregular. Little wonder that beauty fades, the skin becomes pale and sallow, and the body thin, weak and worn out.

To correct these ailments and to renew the vitality of the body a restorative is necessary, and there is no greater restorative known to man than Dr. Chase's Nerve Food. It is a new wonder of medical science that gets down to the foundation and builds up gradually but surely until the whole system is revitalized and disease becomes a thing unknown.

Dr. Chase's Nerve Food is put up in pill form, and if taken regularly according to directions will positively and permanently cure the most chronic nervous disorders of men, women and children. See a box at all dealers, or Edman-son, Bates & Co., Toronto. Book free.
