MAPLE PARK.

EDITOR CHRONICLE—Seeing you have no correspondent from this place I thought I would send you a few items to let you know we get the news too.

Seeding is the order of the day now, and everybody is busy trying to finish this week. Fine, but rather frosty weather for our business.

Horses changed hands—Frank Moore bought of A. B. McDonald a fine driver for a good sound sum, while Norman McIntyre bought of McLean Bros. a two year-old colt at the sum of one hundred and ten dollars and D. Ferguson bought of Chas. Moore a fine driver at seventy five dollars.

Robert Lewis, of Regina, visited at the Park on Sunday last, also Dan. McKechnie, of Proton Station, Dan. Ferguson, of Balsam Valley, and Archie Calder, of Farewell Corners.

It's nothing new to see Fred along the line.

Mr. J. Ferguson visited at the parental home on Sunday last.

Well Mr. Editor, if you want to go to Maple Park you leave Priceville, go south three miles and a half, then east a little bit and you are in it, and you will know it by all the wood and timber you will see.

I may come again when the weather is warmer.

Defect in manners is usually the defect of the fine perception. Elegance comes of no breeding, but of birth.—Emerson.

C. McArthur has one of the largest stocks of boots and shoes in town.

Does Baby Thrive?

If your baby is delicate and sickly and its food does not nourish it, put fifteen or twenty drops of Scott's Emulsion in its bottle three or four times a day and you will see a marked change.

We have had abundant proof that they will thrive on this emulsion when other food fails to nourish them.

It is the same with larger children that are delicate. Scott's Emulsion seems to be the element lacking in their food. Do not fail to try it if your children do not thrive. It is as useful for them in summer as in winter.

Ask your doctor if this is not true. SCOTT & BOWNE, Chemists, Toronto.

Surgical Operations as a Cure for Piles...

Are Painful, Expensive and Dangerous—The Only Certain Cure is Dr. Chase's Ointment.

Besides the acute misery produced by the itching and burning of piles, this horrible disease is the more dreaded because a surgical operation is commonly considered the only effective cure. Fortunately this is a mistaken idea, for physicians have learned to use Dr. Chase's Ointment instead of applying the knife, not only because it is less expensive and less risky, but also because it is a more effective cure.

It frequently happens that after people have endured the torture of piles for years and submitted to operations, that they are finally cured by Dr. Chase's Ointment, the only guaranteed cure.

Among persons operated on for piles and afterwards cured by Dr. Chase's Ointment we would mention: Rev. J. A. Baldwin, of Arkona, Ont., H. H. Sutherland, Truro, N.S., and W. D. Thornton, Calgary, N.W.T.

Dr. Chase's Ointment truly works wonders for it positively cures the worst cases of blind, itching, bleeding and protruding piles and all itching skin diseases. 6cc. a box at all dealers, or EDMANSON, BATES & Co., Toronto.

For bronchitis, croup, coughs, colds and asthma no remedy can be compared to Dr. Chase's Syrup of Linseed and Turpentine.

PRICEVILLE.

The fishermen, who have opened the front season, have met with varied success. Some got fairly good strings, others a single fish, some none. What has become of the old sports this year? We hear nothing of the big fish of the past. Have the fish run out, or have the sports turned over a new leaf? We are anxious to hear a good big fish yarn. Hurry up and keep up the reputation of the fishermen of the Saugeen Bridge and the mill dam.

Mr. G. L. Watson had a visitor last Wednesday morning. We believe it has come to stay at least we are informed that G. L. says so and he ought to know. Congratulations on the arrival of the boy are in order.

Mrs. Hector McKinnon, Gravel Road, slipped and fell last Friday and had her arm broken. Dr. Hutton attended to the injury, and we hear she is progressing favorably. She and her husband have the sympathy of the community in their trouble.

Mr. J. Hutton, of Georgetown, is at present visiting his son, Dr. J. G. Hutton, here. The old gentleman is an ardent fisherman, and hopes to have a few days sport in this vicinity.

Mrs. McPlatter, of Owen Sound, visited relatives and friends in this place and vicinity last week. She spent Sunday visiting at Dr. Hutton's and attended the Presbyterian church returning to her home in Owen Sound on Monday.

A thunder-storm and very welcome rain visited this burg on Monday night.

Mr. J. R. Atkinson, Dentist, is on a visit to his parental home at present. He is now a full fledged Dentist, and we understand proposes to start for Europe in a few days on professional business.

HOW ONE GETS BILIOUS.

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tainted and deranged. This is called biliousness and can be completely cured by Dr. A. W. Chase's Kidney-Liver Pills, which act directly on the liver, making it healthy and active. One Pill a dose, 25 cents a box. The cheapest medicine in the world.

A Tell-The-Truth Editor.

A western editor who believes in telling the truth, printed the following recently: "Willie Shortlike and Bettie Bloomers were married at the church last evening. The church was very prettily decorated with flowers and potted plants, borrowed promiscuously from over town from people who didn't want to lend them. The decoration was done under protest by some of the members of the church, who were asked to do so by the bride, and couldn't well refuse. The ladies are of the opinion that if the couple were so bent on having a stylish wedding they should have been willing to have paid some one to chase all over the town for a day getting flowers together and taking them home again.

"The bride wore a handsome Silverstein gown made at home, and the groom was decked in a \$10 hand-made tux suit. The ushers wore cutaway coats, borrowed for the occasion. Sallie Potts was maid of honor, and the consensus of opinion was that she was 2 to 1 better than the bride. The young couple took the morning train for St. Louis, where they will spend more money in a few days than Willie can earn in three months.

"Willie says that now he's married he's going to settle down. Some of our merchants think it would have been better if he had settled up first. The groom gets a salary of \$27 a month, which is the allowance Bettie has been used to for pin money. We wish for Willie's sake that the old saying that it takes no more to support two than one wasn't a lie.

"The bride sent up a shoe box full of a conglomeration of stuff supposed to be cake. If this is a sample of Bettie's cooking we feel sorry for Willie. Our janitor's dog fell heir to the cake and now he's lying in the cold, cold ground. But this wedding is none of our funeral. If Willie and Bettie are satisfied we've got no kick coming."

PERSONAL.

Barrister I. B. Lucas, M. P. P., was in town Monday on business.

Rev. Father Hauck, of Markdale, was in town Monday.

Mr. Will Harris left for Roland, Manitoba, on Monday morning last. He takes a position there as a typo.

Mrs. Dass, of Stratford, visited friends in town last week.

Misses Grace and Jennie Brown left for their home in Alpena, Mich., Thursday last.

Miss Kate Anderson returned to Hamilton Monday last, after a few days visit at her home here.

Mr. Robert Holt, of Glenallan, paid a flying visit to his brother, Dr. Holt here, this week prior to taking his departure next week for Montana.

Mr. and Mrs. J. M. Hunter were in London from Tuesday till Saturday attending the burial of the former's brother, Mr. John Hunter, of the Post Office Department.

GLENELG COUNCIL.

The Council met April 16th, pursuant to adjournment. All the members present; the Reeve in the chair. Minutes of last meeting read and confirmed. Communications read as follows: From R. E. English and others praying for a change of pathmaster in division No. 73; from C. W. Rutledge and Wm. Irwin accounts for printing; from Dr. Ego, relative to school money; from S. J. Parker, notice of a government lot sold; from Alex. J. Black declining to act as pathmaster.

Arrowsmith—McInnis—That Geo. Pilkey be appointed pathmaster in place of Alex. Black, he declining to act.—Carried.

McInnis—Arrowsmith—That lots 9 and 10 on the 13th con. be taken from road division No. 73 and added to road division No. 74 and that Neil Livingston be pathmaster in division No. 73 instead of Joseph Sproule.—Carried.

Firth—McInnis—That James Bart be paid \$1 45 half cost of repairing bridge on Garafraxa road south of Durham for 1899.—Carried.

McCannel—Arrowsmith—That the School Board, of Markdale, be paid the sum of \$120 00 in anticipation of their School Levy for 1900, as per R. S. O. chap. 992, sect. 67 (3).—Carried.

McCannel—Firth—That Wm. Irwin of THE CHRONICLE be paid for printing and advertising the sum of \$32.35.—Carried.

Firth—McInnis—That John McKechnie of the Durham Mills be paid the sum of \$1.80 for 100 lbs. flour for Mrs. Dillon.—Carried.

McCannel—McInnis—That this Council pay no more than 3 cents per load for gravel, to be certified to by the pathmaster requiring the same, and that the pathmasters are hereby requested to use the gravel in the hills on the road wherever practicable.—Carried.

McCannel—McInnis—That an account of some of the ratepayers complaining of irregularities in the account of the commissioner for ward 4 for 1899, and after an examination of the cheques we find the said commissioner owes this Township the sum of \$4.70 and the Clerk is hereby instructed to request the said commissioner to settle this account forthwith.—Carried.

Arrowsmith—McCannel—That the Clerk be paid \$30 on salary.—Carried.

Firth—McCannel—That A. Bell be paid \$25 on salary as assessor.—Carried.

Arrowsmith—Firth—That the Clerk be paid \$1.00 express charges and \$1.27 for postage.—Carried.

The Council adjourned until notified for Court of Revision.

J. S. BLACK, Clerk.

SENTENCED TO DEATH.

"You are in the last stages of Consumption and cannot live more than a month," were the words of doom heard by Mrs. Rosa Richardson of Laurel Springs, N. C., from her doctors, "but she began to use Dr. King's New Discovery" writes R. L. Daughton, of that place, "and was wholly cured by it. She is now a stout, well woman." It's the supreme cure for desperate diseases of the throat and lungs. Infallible for Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough. Guaranteed bottles 50c. and \$1.00. Trial bottles free at all drug stores.

HIGHEST price paid for butter and eggs at C. McArthur's.

The Guelph Pavement Co. have tendered for Orangeville sidewalks for this year at 10c. per foot.

The total assessment of the township of Kincardine this year amounts to \$1,577,980, a reduction of \$33,840 from last year's assessment.

Dunnville carried a By-law last week granting exemption from taxation and water rates for ten years to a knitting factory to be established in that town. There was practically no opposition.

The Entrance Examinations will be held on June 27th, 28th and 29th; the Public School Leaving on July 3rd, 4th and 5th, and High School Examinations begin on July 3rd and end July 19th.

Small pox broke out at Port Arthur and the provincial medical Health officer, Dr. Bryce, has been asked for power to expropriate land for an isolation hospital.

Kingston, Ont., April 30.—Mr. W. D. Lescurer of the Postoffice Department, Ottawa, will receive the degree of L. L. D. at Queen's College this week. Rev. Armstrong Black, of New St. Andrew's, Toronto, will be made a Doctor of the Divinity.

Mr. W. Trimble has, we understand, sold his Durham stage and livery business to D. J. McNally, of Holland, at least such sale was announced last week in the Durham papers. On Monday evening last week the Advance asked Mr. Trimble if the sale had been consummated and were informed that it had not. So just where the matter stands is hard to say. We believe, however, that Mr. McNally has possession.—Flesherton Advance. [Notwithstanding the foregoing, we beg to intimate to Mr. Thurston and the public at large that we had the best of reasons for making the announcement regarding the transfer. It may be there is a hitch somewhere.—Ed.]

D'WIT TALMAGE says: "The goody-goody kind of children make nabby-pabby men. I should not be surprised to find that a colt which does not frisk becomes a horse that will not draw. It is not religion that makes that boy sit by the stove while his brothers are out snow-balling; but the 'dumps.' The boy who has no fire in his nature may, after he has grown up, have animation enough to grease a wagon wheel, but he will not own the wagon nor have money enough to buy the grease. The best boy I ever knew before he went to heaven would strike a ball till it soared out of sight, and in the race, far as you could see, you would find his red tipset coming out ahead. Look out for the boy who never has the fingers of a good laugh tickle him under the diaphragm. The most solemn looking mule on our place has kicked to pieces five dashboards."

There will be no place for the tramp in Ontario hereafter. The experiment was made last fall of rounding up the professional tramps and putting them in jail over winter, and it was so successful in lessening the number of offenders that the Attorney General has decided to order the adoption of a similar policy every spring and fall. Inspector Rogers of the provincial detective force, will have special charge of this work. Last fall about 170 tramps were arrested while stealing rides on trains, etc., and within a week or two, the news of the roundup had spread into the States and 1,500 tramps, who intended to winter in Canada, made their headquarters in Michigan, and especially in Detroit, where the vagrancy laws are somewhat loose. It is stated that Quebec will adopt Ontario's method of abating the tramp nuisance.—Ex.

For 45 years John Watt was a resident of the township of Elderslie, but unfortunately for him he has been a resident of Sullivan township for the past four years. During those four years he has been working for Mr. Peter McFavish, of townline Sullivan and Elderslie. Mr. Watt has become so feeble that he is unable to earn his bread, and Mr. McFavish wrote to the reeve of Elderslie to have Mr. Watt sent to the House of Refuge in this county. Reeve McIntyre asked County Commissioner McDonald if he would recommend that Mr. Watt be sent to the house of Refuge, and received an answer in the negative. This means that Mr. Watt, being an actual resident of Grey County, will have to be sent as a pauper to Owen Sound jail. It is hard lines when a man get to be over three score years and ten and have nothing laid past for old age, is left by his natural protectors to the cold hand of charity.—Hepworth Journal.

GREAT LOSS OF LIFE from Bright's Disease

A dreadfully fatal disease which is prevented and cured by Dr. Chase's Kidney-Liver Pills

Bright's disease is a further development of kidney disease, and for its most marked symptoms backache and urinary troubles. It is so insidious in its beginnings as to frequently escape detection, and with the single exception of consumption is the most fatal disease known to man.

Bright's disease is a wasting away of the tissues of the kidneys, and in its later stages cannot possibly be cured. So long, however, as the kidneys are not in an actual state of decay, Dr. Chase's Kidney-Liver Pills will revitalize the diseased parts and positively cure Bright's disease.

Dr. Chase's Kidney-Liver Pills are a perfect and ideal remedy for all kidney ailments. They act naturally and directly on the kidneys and promptly and positively cure Bright's disease, diabetes, dropsy, rheumatism, and the most serious complications of kidneys, liver and bowels. One pill a dose.
