ALLAN PARK.

The twenty-fourth passed off very quietly. Some drove over to Walkerton to the sports, while some went fishing, and some washing sheep, according to their several tastes and inclinations.

We have heard of only one fish story, and that was not bad. We will not mention his name, but report his story that he caught one measuring one foot thirteen inches, and weighing three lbs. sixteen oz. We did not see the fish; we only heard of it.

Miss Mary Park, of Detroit, was visiting friends in and around the Park lately.

Miss Lillie Park, of Walkerton, was home for a few days lately.

Mr. Welfie, of Hanover, jacked up Thomas Brigham's barn on Monday. Tom intends to have warm stables next winter.

Mr. Robert Brigham raised his barn last week which makes a great appearance to his place. Councillor Brown and Edward Acton were captains, and after a tight pull the former won the race by a few rafters. Everything went together nicely and nobody was hurt.

The Council met here on Monday with all the members present for the transaction of business. There were a few appeals against their assessments, which got justice according to our worthy council's opinion. Mr. Robert Leslie appealed against the assessment of the whole township, and said that it was not done according to law, but Mr. Leslie has found out that he does not know all the law or otherwise he will think so by this time.

CORNER CONCERNS.

Our S. S. Librarian has called all the books in to make a new start for the season. It is said he is going to turn over a new leaf and commence business in double entry form.

Some of the young people of this part celebrated the 24th at the far famed Haywards Falls, others at the Knox Church entertainment, and other of the light hearts performed several drills in a vacant house on Mr. P. Black's farm.

Mr. Wm. McFadden attended Mr. Wm. Allan's meeting in the school house on Sunday night. He is likely to come quite frequently as his regard for Allan is fully established.

Miss Martha Queen, of Orchard is visiting the Sires family this week. She is a jolly little tart, who will, no doubt, play many a prank on poor old Willie Reid, who is yet fond of a joke with the girls, although he is

bald headed and is the right hand-man of the family for the summer work.

Mrs. J. H. Noble, of Minnesota, in company with her sister, Miss Malinda Grassy, is visiting her mother this week. She once attended school here a slight bit of a girl, but her appearance now would indicate that Prairie life agreed with her.

Messrs. Sam Chapman and Alex. Allan go to Owen Sound on the 12th of June as jurors, otherwise they would have been amongst the excursionists to Guelph.

By an oversight in our last budget we omitted mentioning that Jack Yessie has gone to Cleveland for an indefinite time. Probably he won't be back till threshing time.

Miss Ball, of Balls Corners, paid another of her pleasant visits to her sister, Mrs. Pollock, of the P. O., last week. She receives sharp notice when ever she calls around.

Teacher Dixon feels somewhat elated over the success of his son, Chas. at the Guelph experimental farm, having come out with honor at his first exam.

WORKING OVERTIME.

Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing Indigestion, Bilelessness, Constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c. at all drug stores.

GLENELG CENTRE.

DEAR EDITOR—As my husband, Mr. Culp, announced to the children that I was to say something, I consented I would. We have been residents of the Centre for about thirty years, and are still in good health. Pat and I spent 24th happily together in Walkerton, while the children all went out to Mr. W. Falkingham's picnic. They too had a brilliant old time, and the Falls are likely to see them more frequently than before.

Mr. Pete McNab, who arrived home a few weeks ago from Idaho, was a welcome man under our roof one evening last week. His chat and adventures, during his five years' stay in Manitoba, British Columbia and Western States, were of more than little interest to us. Pete intends returning to Idaho in a few weeks to continue his bridge building, which is his favorite occupation.

The Saugoen, near Jim McGillivray's, had a sheep bee on Saturday, 26th inst., when about 500 sheep were ducked.

Billy Arnot, from Egremont, spent Saturday and Sunday at his father's mansion.

Lime! Lime! This is a good country for lime, so says Charlie Arnot, Jim McGillivray and Craig and others. They are always busy, assisted by their stalwart sons, Thomas, Wes, and Norman. Nearly forgot Mr. Thos. Davis. Don't know whether John Mullin burned this summer or not.

Fish Stories are held over for a few weeks.

John Fallice, Jr., lost a valuable horse last week.

Messrs. Walter McDonald and Arch. Beaton, Jr., Volunteers, will go to Niagara on June 12th with No. 4 Co. 31st Batt. Walter makes a good canvasser.

Miss Jessie A. Beaton, east of here, was visiting her sister, Mrs. Fallice, for a week recently.

Dougali McNab appears quite sporty with his dapple gray on Saturday evenings. Continue it Dougall.

Messrs. McMillen and MacLellan, the Glencross bridge contractors, were seen passing through here on 24th going to Hayward's Falls, upon enquiry they said they would likely start that little job this week. When Alex. is on the off side they make a good team.

Detective Beaton passed through this way with a nobby team on Saturday evening, in company with Dr. Beaton, going westward. We hope home's troubles may be cured by the Dr.

Mr. John McGillivray and Miss Grace McNab were made man and wife on May 16th, by the Rev. W. Farquharson, of Durham. We heartily join in congratulations, and may their troubles be all little ones.

Mr. Malcolm McMillen has been farming this spring, and beautifying the appearance of his residence—also William Fallice likewise.

Wheels, we mean bikes, are getting quite numerous in Gamboll. John Jordan and Adam Anderson are talking of purchasing one or two.

Sunday School is in full bloom here again. Donald McCormick, of Banessan, is superintendent this year, and success may be looked for.

It was rumored by a Scotchtown, Mr. White, that the new Scotch Town cor. was a hard man on laundry, so beware of the rascal.

Mr. Thomas Jackson, of the Glen, purchased a fine lot of swine from Mr. Paul Nelson at a reduced rate.

The Bunessan Beaver, from Boothville, was seen around the Centre on Saturday evening. His laughs were heard for miles around.

Now dear Editor, Pat thinks we've said enough for this time, and if you care to publish this, Pat or I will write again, probably after harvest if not sooner.

FLESHERTON.

Empire Day was a busy day with the teachers and scholars of our public school decorating the Town Hall and otherwise making preparation for the Teachers' Convention on Friday and Saturday last. The principal devoted a short time in the forenoon to a review of Queen Victoria's reign.

The Queen's Birthday was loyally observed by our citizens. Business was suspended and many sought pleasure abroad; others remained leisurely at home. The first movement of the early morn was the hoisting for the first time of the handsome new township flag on a 45 ft. flag pole at the Town Hall under the superintendence of Councillor Boyd. Mr. Geo. Mitchell marked his loyalty by the erection that morning of a fine flagstaff at his palatial residence from which he also floated a handsome new flag. The Queen's Jubilee flag on the public school flagstaff, Mr. R. N. Henderson's British ensign and many other flags and Union Jacks gave the place a holiday appearance. At 10 a. m. the I. O. F. Band turned out and gave a few fine selections before leaving for Owen Sound. In the evening Mr. R. N. Henderson gave from his cottage grounds a very nice selection of fire works and sent up a handsome balloon which was visible for a considerable length of time and which we have learned descended about three miles east of the village.

The I. O. F. Band enjoyed very much their visit to Owen Sound on the 24th and speak in highest praises of the appreciative reception given them by the Foresters and citizens generally of that place.

The Flesherton Cemetery Trust some years ago named the 24th of May for an annual grave decoration day. It has since been generally well observed and this year was no exception to the rule. Many loving hands have been beautifying the resting place of their beloved dead.

Rev. L. W. Thom, of this place, and A. E. Neilly, of Horning's Mills exchanged pulpits on Sabbath last.

Among the visitors in town over the 24th were Dr. E. K. Richardson and Dr. McDonald, of Toronto, Dr. Emerson Henderson an i wife, Toronto, Miss May Damude, Toronto, Mr. B. J. McKee, Owen Sound, Mr. Ed. Eller, Arnot. Those abroad, Mr. W. Barnhouse to Toronto, Mr. A. M. Gibson, Dundalk, Misses Zilla Trimble, Ida Crane, Aggie Gibson, and Mrs. Tucker, Owen Sound, Mr. E. W. Ritchie, Orangeville, Miss Rankin, Barrie, and Messrs. T. Clayton and T. Bulmer at Southampton.

Mr. Geo. Wickens formerly in the employ of Dr. Christie has accepted a position in a drug store in Toronto.

Mr. J. Mills, druggist, Toronto, Sundayed at Mr. Jas. Sullivan's and Mr. Lou Karstadt, of Elmwood, visited his relatives here.

Miss Joy is visiting her home at Toronto Junction.

Mr. and Mrs. Wm. Riley, near Alliston, are visiting the latter's

brother, Mr. John Hales, here, and relatives in this vicinity.

Mr. A. Munshaw is in Toronto taking in the races this week.

Mrs. Mark Skinner, of Great Falls, Mont., is visiting her parents, Mr. and Mrs. Wm. Strain.

Mr. and Mrs. R. N. Henderson were in Toronto over Sunday attending the annual memorial service in Sherbourne Methodist Church in which the former's father had been for many years a class leader and trustee.

Mr. and Mrs. W. J. Bellamy paid the latter's parents at Ncttawa a short visit last week.

Mr. Wm. Clayton leaves this week for two or three months' visit among his kinsfolk in his native city, York, in Yorkshire, England. It is now thirty years since he last visited the Old Land. He expects to sail from Montreal on Saturday and his many friends will wish him bon voyage.

Miss Ella Osburne of Nottawasaga, is visiting her sister, Mrs. W. J. Bellamy.

Mr. A. Embury, P. S. Inspector, of Peel County, was the guest of Mr. M. Richardson during the Teachers' Convention. Inspector and Mrs. Campbell, of Durham, were guests of Mr. and Mrs. Geo. Mitchell, Mr. Burgess, of Owen Sound High School, T.aching staff, was the guest of Mrs. J. W. Armstrong and family. The CHRONICLE Scribe had the pleasure of a visit from Editors Blacklock and Irwin, of Dundalk and Durham.

The editor of the Durham Review was also in town on Saturday.

PRICEVILLE.

The Queen's Birthday was generally observed here as a holiday; some went fishing and had poor luck, others picniced at Engenia Falls and enjoyed their outing, the majority stayed at home and did nothing in particular. We learned that there were some parties got a little too much whiskey and imagined they were in South Africa as their principal idea seemed to be to fight with some one. Would it not be a good move for some of those would be fighters to join the next contingent that may be sent from Canada? Perhaps if they did not have a good supply of whiskey with them they might get cooled down a little before they returned and give peaceable people a rest in the future on holidays. We hear that a great amount of very unparliamentary language was indulged in at the same time. A good live magistrate and constable here at such times would be much appreciated by the order keeping members of this community.

Empire Day (May 23rd) was celebrated in our Public School, here, with the proper exercises and patriotic addresses, etc., suitable to the occasion. We heard from a visitor that the public seemed to take very little stock in the day's proceedings and were conspicuous by their absence. There is little encouragement for the teachers when the parents and friends of the pupils do not turn out on such occasions. It is to be hoped that an improvement in this respect will be shown in future.

Mr. R. N. Watson, of Walter's Falls, visited relatives here on May 24th.

Miss Norma Tuck, of Markdale, is visiting her aunt, Miss J. C. Wright here, at present.

Mr. Hutton, of Brampton, father of Dr. J. G. Hutton, who has been visiting his son for the past few weeks left on May 24th for Markdale to visit friends there previous to his return to Brampton.

A great number of pedagogues were observed passing through this village last week, going towards the East. As it has always been noted that the seat of wisdom and knowledge is in that direction, we hope that they reached it and will be benefited by their trip, both physically and mentally.

We observed a few days ago while travelling between this village and Ceylon that one of our enterprising farmers had got a large and imposing gate erected in front of his premises. The gate is large and the posts are simply immense, if he only had a tower erected at one side of the gate it would put the finishing touch to the property, and might be utilized as an observatory or even in the future might be turned into a wireless telegraph station. Go ahead, A., you are ahead this time, on gates anyway.

Canadian Soldiers Winning the Admiration of Lord Roberts.

Lord Roberts in his reports to the War Office has on more than one occasion alluded to the brilliant dashes of the Canadian Troops. "Bobs" evidently thinks the Canadians are the right sort of men for he keeps them right at the front with him and they are prominent factors in the successful march to Pretoria. The Canadian Boys seem to be in love with their great commander for every letter from the boys shows the confidence they have in him and their determination to fight under him. Lord Roberts' tributes to the Canadian Soldiers has made him dear to the hearts of all Canadians, for there are few who have not some friend, relative, or acquaintance, fighting with him. Bobs will get a great welcome if he ever should visit Canada.

Our readers will be glad of the opportunity to secure a really handsome portrait of the great general, and we are glad to be able to present such an opportunity. The Family Herald and Weekly Star of Montreal have had painted by one of the World's best artists a truly handsome picture, the most life-like portrait of Lord Roberts yet produced. It is 17x22 inches on excellent paper. This picture should be in every Canadian home. In years to come it will be the pride of many a Canadian to say "My father fought under that man." Canadian children now growing up will never forget "Bobs" the pride of the Nation. This picture is placed within the reach of all. They would sell at \$1.10 each in any store, but we have made exceptionally favorable terms with the Family Herald by which all our readers can secure it. We offer THE CHRONICLE and the Family Herald and Weekly Star for the balance of 1900 including Lord Roberts' picture for the small sum of ninety-five cts. To our present subscribers whose subscriptions for the year are paid we offer the Family Herald for the balance of 1900 and Lord Roberts' picture for only 60 cents. If after receiving the picture subscriber who do not think it worth more than the money paid for paper and picture they have the right to demand a refund of the amount. The offer is open for a limited time only.

DISTRICT DOTS.

Collingwood is agitating for an extensive blast furnace and steel works. The Welland Dynamiters got a life sentence and are now in Kingston.

The flour mill of Mr. Angus Plover at Markdale was destroyed by fire on the evening of the 24th.

"The first monkey that became a man has left us no autobiography to tell us that he was a monkey."—Rev. James McCosh, D. D., (President Princeton College, N. J.)

The Hanover Portland Cement Co. is shipping a car or two nearly every week. Last week's Post says they shipped one to Otterville and one to Sebringville.

Mr. Matthews, of the Paterson House, Owen Sound, got a shaking up Saturday by his horse running away and throwing him out of the buggy.

J. D. Brown's store at Dundalk was burglarized on Wednesday night of last week, but the culprit was run down and caught at Melville Junction next morning.

It is important for ladies who go wheeling to know something about the mechanism of the bike, and as a first lesson we shall just mention that the chain is connected at one point by a small screw which may be easily removed without the aid of a blacksmith if, perchance the skirts should happen to get entangled in the gearing. Some ladies may not know this but have seen a time when they wished they did.

A Victim

of Piles

For 20 Years—A Constant Sufferer From Bleeding and Protruding Piles—Cured by Dr. Chase's Ointment.

In vain did Mrs. Jas. Brown, of Hintonburgh, near Ottawa, search for a cure for piles. In Europe and America she tried every remedy available, but it remained for Dr. Chase's Ointment to effect a cure.

Mrs. Brown writes:—"I have been a constant sufferer from nearly every form of piles for the last twenty years, and during that time both here and in the Old Country have tried most every remedy."

"I am only doing justice to Dr. Chase's Ointment when I say that I believe it to be the best remedy obtainable for bleeding and protruding piles. I strongly recommend Dr. Chase's Ointment to mothers, or indeed to any person suffering from that dread torment—piles."

Physicians and druggists recommend Dr. Chase's Ointment as the one preparation that will never fail to cure piles. It is guaranteed to positively cure piles, whether itching, bleeding, or protruding. 50 cents a box, at all dealers, or Edmanson, Bates and Co., Toronto.

EMPIRE DAY this year was duly observed by the teachers, pupils and a number of the parents. During the forenoon, the school work consisted largely of talks about the Empire and in the afternoon, a patriotic concert was given in the Hall, Mr. Laidlaw acting as chairman. Short addresses were delivered by Revs. Farquharson and McGregor, School Inspector Campbell, and Editor Ramage, the remainder of the program being enthusiastically given by the children of the school. The hundreds of flags and patriotic songs and recitations cannot fail to give inspiration. We regret that lack of space prevents a fuller detail of the twenty numbers which appeared on the program.
