MOUNT FOREST is preparing for a monster demonstration on July 2. They announce patriotic processions, high wire performances, lacrosse matches, acrobatic and gymnastic exhibitions, bicycle races, horse reel race, hose coupling, etc., etc., etc.

THE Creamery is doing good work again this summer under the management of Mr. McIntyre who is now putting in his second season in the manufacture of butter in the factory here. We paid a visit to the institution a few days ago and found everything sweet and clean with a good supply of butter in the cooler ready for shipment. They have already consigned a number of lots which we understand found ready purchasers.

If a girl has any doubt about the affections of a young man she can easily decide the thing. There are lots of picnics now. Arrange to go to one. Bake up a lot of doughnuts as heavy as pig-iron, load them into a basket until the whole thing weighs as much as a barrel of vinegar, give the basket to the young man, and start out on foot to the pleasure grounds seven miles off. If he talks pleasantly all the way, eats the doughnuts with a relish, declares they are better than anything his mother ever made, carries home the fragments, and swears to you about midnight under the starlit canopy of heaven that he isn't tired and asks you for another feed of doughnuts you may conclude to a dead certainty that the fellow is in love. If he is at all shy give him a little encouragement to call round for the parson. This method won't fail in one case out of a hundred.

WE regret to chronicle this week the death of Mr. John Jack, Jr., whose spirit took its everlasting flight on Friday evening last. The deceased was a young man of thirty years of age, a dutiful son, a kind brother, a devoted husband and held in high esteem by all who knew him. For the past few months he has been in failing health from diabetes which caused a gradual decline till death claimed him as a victim. Last November he was married to Miss Maggie Queen daughter of Mr. John Queen of Orchard. Besides his young wife he leaves his aged father, two brothers and two sisters to mourn his loss. The brothers are Thomas, of Senlis Bay, and Alex., of Guelph. The sisters are Sophia, who resides in Guelph, and Janet at home. The remains were interred in the Durham Cemetery on Sunday last, whither they were followed by a large concourse of mourning friends. Rev. Mr. McGregor officiated at the burial and delivered a very appropriate address at the house. We extend our sympathy to the sorrowing father and relatives.

THE Post Office will be moved to the new building in the Calder Block near the Garafraxa St. Bridge on Monday next, June 25th.

Mrs. J. M. HUNTER is just recovering from a somewhat serious attack of La Grippe. We hope to see her round again in a few days.

THE Miss Johnston whose marriage notice appears in this issue is a daughter of Mr. Johnston, who was one time proprietor of this paper.

It's big fish they tell about now and not big catches. We haven't seen a man this year that caught more than forty-nine, and they were every one over six inches long at one end.

MASTER John McCracken, of Edge Hill was the finder of the book of fishing tackle advertised in last issue. He returned it to this office on Saturday and was satisfied with the reward we were instructed to give.

THE Furniture Company shipped a cartload of furniture to Manchester, England, last week. It was specially manufactured for the English market and differs somewhat in style from that used in this country. Shipments were also made to St. John, N. B., and Thamesville and Bothwell, Ontario.

A NUMBER of towns and villages around us are making preparation for Dominion Day and the 12th of July celebrations. So far there seems to be no move in Durham, and it is highly probable that pleasure seekers will have to go out of town if they wish to participate in the so-called enjoyments of these exciting anniversary days.

INSPECTOR CAMPBELL has been treating himself to a magnificent new Mikado, which he purchased from Mr. Chas. McKinnon. It was manufactured at the Palmerston Carriage Works, has an A. 1. appearance, and is evidently as good as it looks. We overheard a citizen say it was "the nobbiest thing in town," and we doubt very much if there is anything in that line superior to it.

THE Williamsford correspondent to the Chatsworth News says: "Mr. Alex. Ireland is training his horse for the free for all event at Durham on July 2. He expects nothing short of first money." The same writer says "The shoddy peddler and driver left town on Tuesday week. Some of our farmer friends will have tender recollections of their visit. Why bother with shoddy men after they're gone? Give them a rest then if you can't strike in time."

WHILE working on Mr. Abraham Cratchley's new house on Monday last the scaffold on which Ben Sharp and John Noble were standing, suddenly broke down and precipitated, both gentlemen to the ground, a distance of fifteen feet. Ben got a pretty bad shaking up, but received no serious injuries. Mr. Noble was not so fortunate, as he struck upon his head which sustained several nasty cuts that required a number of stitches. As there are no bones broken and apparently no internal injuries he will be round again in a week or so.

WE have to thank Mr. J. H. McLaughlin, proprietor of Balmy Beach Summer Resort and the Electric-lighted Ferry Steamer, "Mazeppa," of Owen Sound, for a complimentary season ticket for the Boat and Pleasure grounds. The grand anniversary of the opening of the famous summer resort will take place on Monday, July 2nd, when a monster celebration will be held, including three distinct programs--morning, afternoon and evening. This grand resort although only opened a year is now famous all over the province, and we wish Mr. McLaughlin success in his enterprise.

REV. MR. GARNER, of Hanover, preached in the Methodist Church here on Sunday last, morning and evening. The old gentleman, though in the ministry nearly sixty years, and superannuated some time ago, is still full of vigor, and though off the list he refuses to be regarded as officially dead and buried. He is determined to remain in the Gospel harness and proclaim the unsearchable riches of Christ as long as God gives him strength to do so. As a preface to his morning discourse, he thanked the pastor for the privilege of preaching and paid a high compliment to Mr. Ferguson whom he has known for many years as a zealous Christian worker. Both sermons were highly appreciated.

LACROSSE MATCH.

Our Boys Cross Sticks with Hanover Aggregation and Break Even.

A friendly game of Lacrosse was played between the Hanover and Durham Boys on Thursday evening, the 14th, inst. The game was an exhibition of good clean playing on both sides. The boys lined up as follows, and after an hour's playing the result was a tie of one each, the first being scored by Durham in 27 minutes:--

Table with columns for HANOVER and DURHAM, listing players and positions like Goal, Centre, 1st Home, etc.

ALLAN PARK picnic Saturday next, June 23rd.

MR. J. U. IRELAND, Merchant of Gourock, Co. Wellington, arrived in town Saturday night and spent a few days here with his son, Mr. James Ireland, of the firm of Ireland & Co. Before returning home he intends to visit Williamsford, Owen Sound, Mt. Forest and other places.

THE BOYS IN RED.

The Durham Boys Doing Well and and Being Highly Complimented.

Niagara Camp, June 17, 1900.

Sir:--The Durham Co. No. 4, 31st Regt, left for Niagara Camp on the 12th inst. The Co'y mustered 31 strong and although the most of them were recruits, they made as good a showing as any Co'y in the Regiment. The boys enjoyed the trip, arriving in Toronto about noon where we had to wait two hours for the boat. The trip across the lake was enjoyed by everyone--when arriving in Camp nearly every one of the boys were ready to turn.

Reveille sounds at 5:30 a. m., breakfast at 7 a. m., dinner at 12:30 p. m., tea at 5 p. m.

The Durham boys are the most orderly co'y in Camp. After the bugles sound lights out there is never a sound in our line after. Last Friday we furnished our quota of the main guard by putting on Pts. Crozier, Moffat and Brodie. The Sgt. of the Guard said that they were three of the best men he ever had on guard with him, which says a good deal for the Durham boys. Several times the co'y have been complimented by the commanding officer.

We have had pretty steady drill and our boys are getting into good shape now and keeping good health. Messing is done in a large tent with a table for each co'y. We will have brigade drill on Monday afternoon and the whole division will be reviewed on Wednesday by the officer commanding the Canadian Militia.

A large number of the boys went to Queenston Heights on Sunday. They walked there but were glad to take a boat back as they were nearly used up. There is going to be an excursion to the Falls on Wednesday by the 31st Regt.

Yours etc., R. TORRY.

HYMENEAL.

HERBERT--HUGHES.

On Tuesday morning last a very pretty marriage was solemnized in Trinity Church when Rev. Mr. Herbert, of Port Dover, was united in the holy bonds of matrimony to Miss Frankie Hughes, of this place. Rev. Mr. Ryan was the officiating clergyman, and was assisted by Rev. T. H. Farr, of Atwood, and Rev. J. R. Newell, of Markdale. Precisely at six in the morning the groom and officiating clergymen entered the Church from the Vestry and at the same instant the bride passed up the aisle from the front entrance leaning on the arm of her brother, Mr. G. L. Hughes, and joined the groom at the altar. The short service of the church was then read in a solemn and impressive manner the usual questions proposed and answered, and the happy couple proclaimed man and wife, after which they repaired to the home of the bride, partook of a sumptuous breakfast and left on the morning train for Toronto, London, Sarnia, Detroit and many other points where they will enjoy their honeymoon preparatory to settling at the Rectory in Port Dover about the tenth of next month.

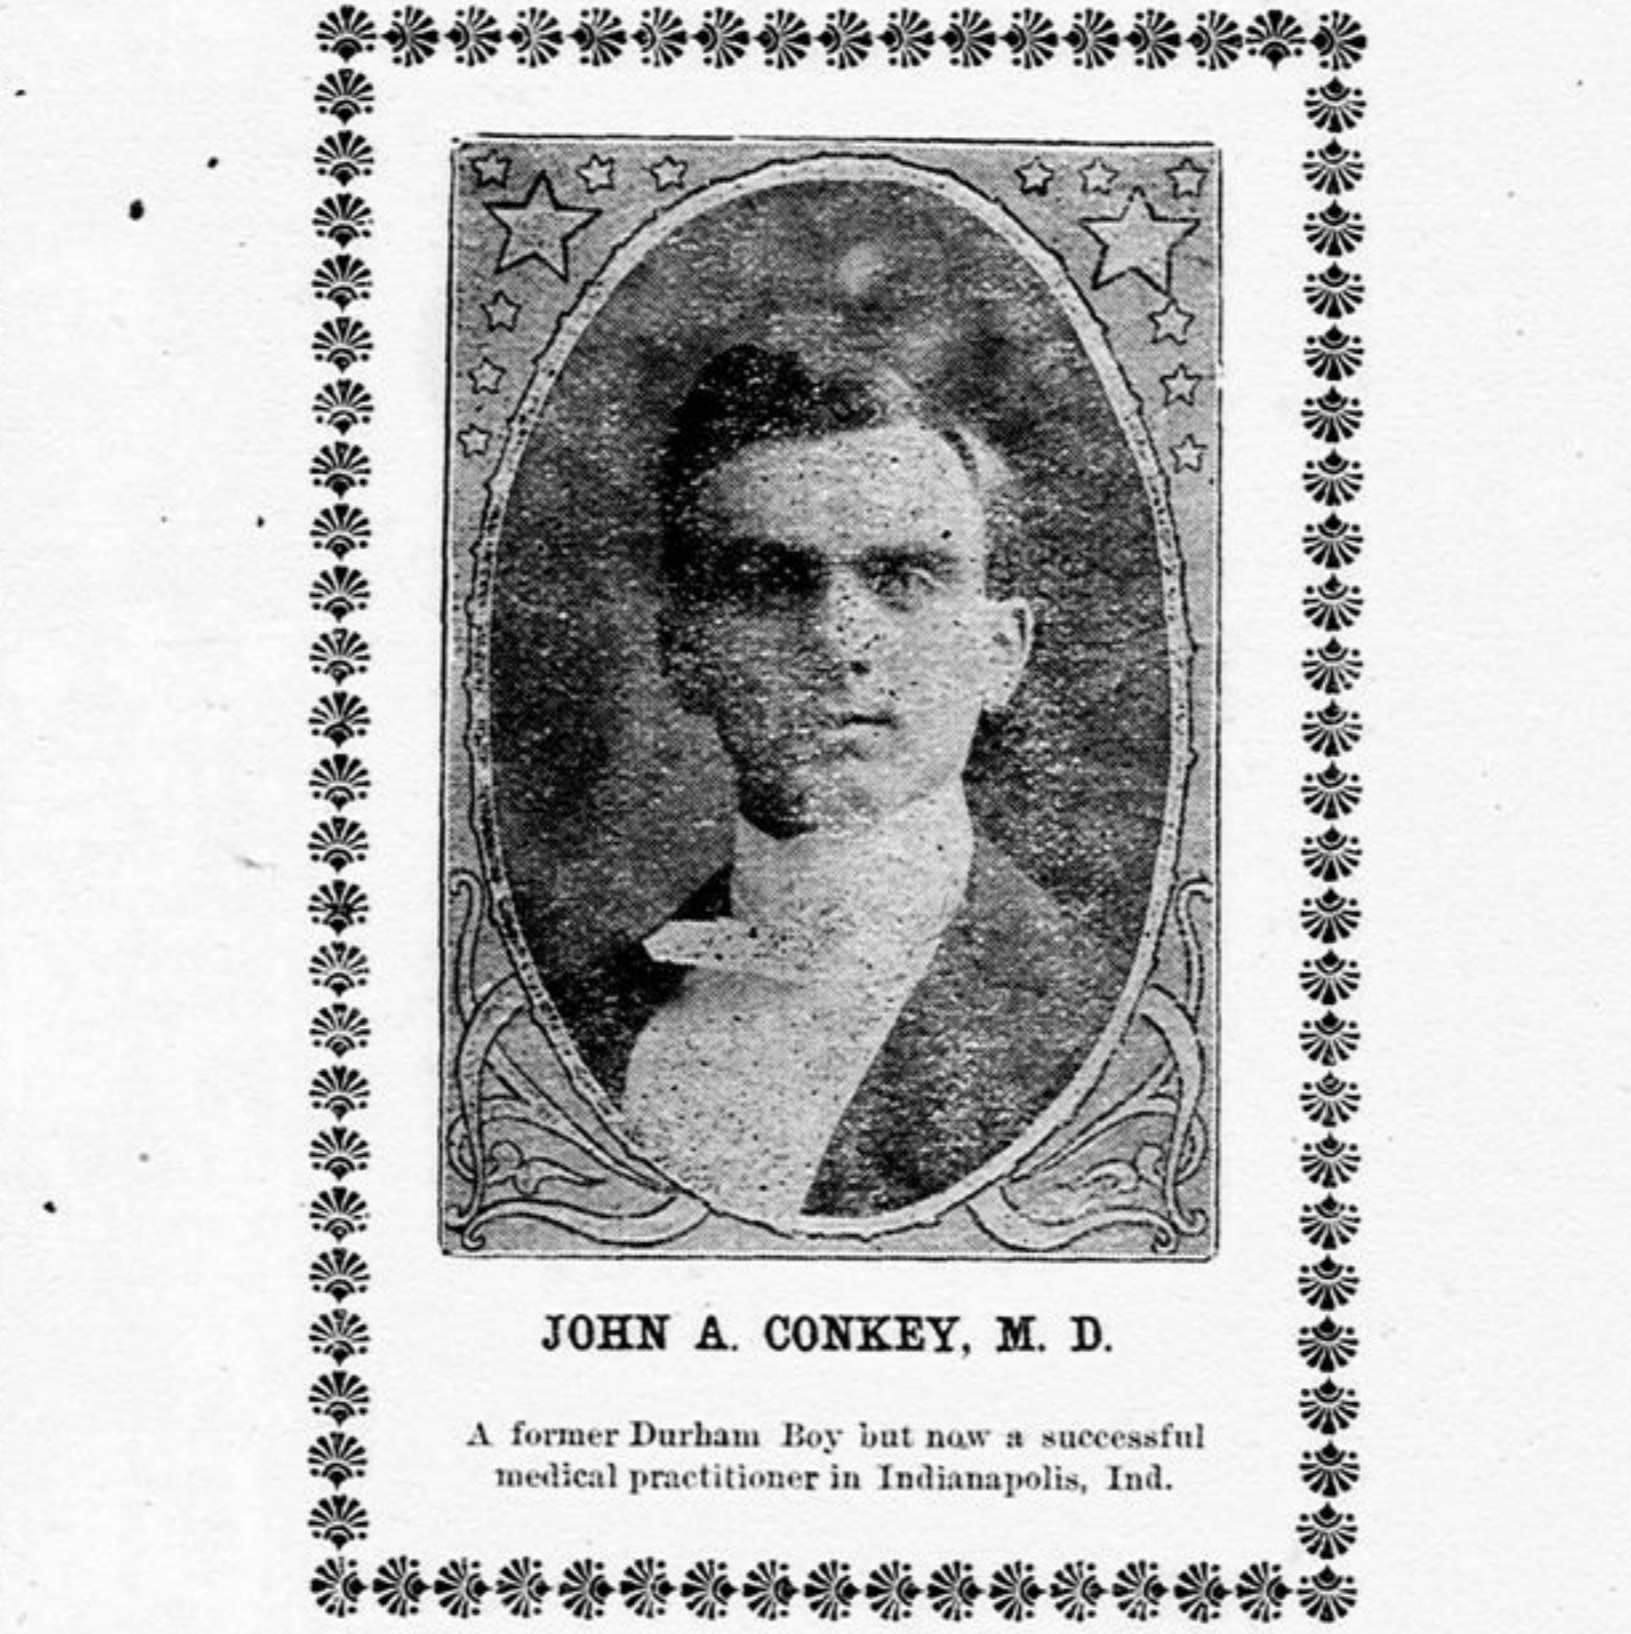

The bride was neatly and tastefully attired in a handsome travelling suit of tan broadcloth with corsage of striped taffeta with bolero, and a hat of tan tussac with cream chiffon, black plumes and steel buckles but was conspicuous by an absence of a lot of the usual wedding paraphernalia worn on such occasions. Though realizing the solemnity of the vows, both contracting parties had evidently considered, and considered well, the solemn obligations by which they were being united for life, and the questions were answered with decision and firmness.

Though the hour was early a goodly number assembled at the Church to witness the ceremony, and again at the Station amid showers of rice, the many friends of Mr. and Mrs. Herbert extended their heartfelt congratulations. As a native of Durham, with a sociable and affable disposition, the bride carries with her the best wishes of the community for a long, happy and prosperous journey through the pathway of life. We join in extending best wishes.

Mr. Russell Brown, of Malcolm's Palace Dry Goods House, leaves next week for Durham, where he has accepted a position in the store of Messrs. J. & J. Hunter.--Kincairdine Reporter.

Rev. J. R. Newell, of Markdale, spent Monday night with Rev. Mr. Ryan here, and with the latter gentleman and his son, Mr. Chas. Ryan, left Tuesday morning to attend the Anglican Synod in London.

Mrs. F. Schneiderlochner, of Carnegie, Pa., Mrs. H. P. Day, of Mars, Pa., and Misses Grace Marten and Annie Moore, of Grafton, Pa., are visiting Mr. and Mrs. John Crutchley and other friends in town and vicinity at present.

A CHANGE in the train time will begin next week. The evening train will leave at 5 p. m. and return at 8.30.

WE had a few minutes to spend in Hanover last week, and were pleased to look through the Post printing office and examine some very fine specimens of job work done in that office. The Hanover people are good to patronize their own man, and substantial encouragement is an inducement to an ambitious newspaper man to do as good work as can be got in other places. We noticed also that Mr. Kirchner of the Reid House has transferred the business over to the boys, who now cater to the public wants with as much geniality as their father did before them.

FATAL ACCIDENT.--At Flesherton Station about ten days ago, while loading timber, Mr. Chas. Ryan, of Irish Lake, son of Mr. Timothy Ryan, met with an accident by being jammed between two pieces of timber. Though four doctors were in attendance, and everything done that medical skill and good nursing could do, the unfortunate sufferer succumbed to his injuries on Saturday last. The deceased was a man about forty years of age, and had the confidence and respect of all who knew him. The remains were interred on Monday in St. John's Cemetery, Glenelg, whither they were followed by a large funeral cortege of mourning relatives and sympathising friends.
