THE boys who are in the habit of removing the planks at the McKechnie mill dam are warned not to do so any more or there may be trouble. The water is low enough, and the proprietors wish to save up during the night for next day's work. A word to the wise is sufficient. THE Irish Lake picnic on the 21st inst. was largely attended many going for miles to witness an event of more than local popularity. We have learned that this year's affair was very enjoyable and many who attended have borne testimony to its excellence and the geniality of Father Hauck, under the auspices of whose Church it was conducted.

NATURAL FREAK.—Mr. George Scheuermann, of Welbeck, told us Monday of a natural freak he saw at Elmira in the County of Waterloo while on a visit there a few days previously. The curiosity was a calf, at least its mother was a cow, but the offspring of which he tells was half calf and half sheep. The head was like a sheep's head; both sides were covered with black curly wool; the front legs resembled those of a sheep and the ridge of the back, the belly and hind quarters were covered with hair like a calf. The animal was purchased by one of the hotel keepers in Elmira for the sum of ten dollars. It is about three or four weeks old now and should it live the purchaser will likely get some good bids for it for show purposes.

Why boys should be allowed to use language that would not be tolerated in girls is something we cannot explain. But it is a fact all the same, and the only seeming explanation is that boys are given to much rudeness of expression that very little refinement is expected from them. It is not so, however, in the case of girls, and sayings that might pass with impunity from an older brother would leave a decidedly bad impression if they fell from the lips of his sister. Girls, anyway, are not given to such coarseness as boys but occasionally one is met with whose diction would be of decidedly bad taste from either sex. Only a few weeks ago in a fifteen minutes conversation, "My Gosh" By "Gosh" "Bet your boots," "Keep your hoofs to yourself" and "He's a corker," were some of the slang epithets used by a girl in her early teens. Though, perhaps, not over fastidious in the choice of language, those "boots" and "hoofs" prevent us from respecting that young girl a highly as we would if she had given evidence of a little refinement. While some expressions that might be regarded as slang are so forcible as to find a place in the vocabulary of some good writers and speakers, the time is far distant when the indiscriminate use of such vulgarisms as we have quoted will be adopted by good society.

A TEAM belonging to Mr. Gillen Boyd, of Glenora, ran away in town last week, and one was so badly cut up, as to require Dr. Wolfe's skill in sewing up the wounds. The injured animal is likely to come round all right in time.

MR. JAS. McLAUCHLAN, manufacturer of Biscuits and Confectionery, of Owen Sound, was in town this week. About the first remark we heard him make was his pleasant astonishment at the improvement the town has undergone since his last visit here.

CORRECTION.—In announcing the Garden Party to be held at Mr. Alex. McLaughlan's, Rev. Mr. Farquharson made a mistake at both services on Sunday last. He announced it for Friday evening instead of Thursday evening. Don't forget it. Thursday evening, June 28th, to-night.

WE were not present to see it on Thursday last, but we have learned from two or three sources that the Boothville picnic was a huge success. It seems that Mr. John A. Graham, the teacher, is a born leader in getting up good picnics, as well as doing successful school work.

CARD OF THANKS.—The officers Non-Com. officers and men of No. 4 Co'y, 31st Reg't, hereby desire to express to the mayor and citizens of Durham their thanks for the kind reception given them on their return from camp, June 23, 1900. O. M. SNIDER, Capt., No. 4 Co'y, 31st Reg't.

If the County Councillors behave themselves as well to the end of the chapter as they have so far we'll be glad to have them return again soon. Call around Gentlemen, and let us learn more about you. County Clerk, Rutherford, will accept thanks for generous assistance in getting out our report. If we say but little of the individual members of the Council let it be attributed to the fact that we desire to give as much of the proceedings as possible up to the time of going to press.

THEY PASSED AWAY

Mrs. Geo. Staples—Mrs. Sam. Wilson—and Mr. Jas. Ector, Sr.

We have the sad duty to perform this week of chronicling the death of another of the first settlers of Glenelg, in the person of Catharine Davis, relict of the late Geo. Staples, who died on Sunday last at the home of her son George, near Edge Hill. The deceased lady was born in the Province of Quebec 77 years ago, near the ancient capital. Fifty-five years ago, or thereabouts, she was married to the late Geo. Staples, and about ten years after, with her husband and a family of four children, moved to Glenelg, where she lived until the time of her death. The union resulted in nine children, five sons and four daughters, all of whom, with the exception of one daughter, survive her to mourn their loss. The sons are James, Reeve of Glenelg, George and John of the same township, Dr. Staples, of Hanover, and Ben who is a resident of Chicago. Of the daughters we are not informed at time of writing. The deceased was always a strong healthy woman until a few months before her death and highly respected in the community. She leaves a host of relatives, the Edge, Collyer and Davis families being related or connected by marriage. The remains were interred Tuesday afternoon in Trinity Church Cemetery, being followed there by a large number of friends of the deceased and sympathisers of the family.

Another of the old pioneers has passed away since our last issue, the death summons having come on Friday last to Mrs. Samuel Wilson, of this town. Deceased was born in the County of Tyrone, Ireland, in 1813, and at the age of 17 years she was married to Mr. Samuel Wilson. After the birth of three children, one of whom died in Ireland, Mr. and Mrs. Wilson sailed for Canada in 1840, and on the voyage out which then took over seven weeks another child died and was interred in mid-ocean. For the next fifteen years Mr. and Mrs. Wilson kept hotel at Cooksville, near Toronto, and then moved to the township of Bentinck where they settled on the Durham Road near Vickers where deceased who lost her husband in 1881 remained until about two years ago, when she removed to Durham and lived with her daughter, Mrs. Thomas Reay and grand-daughter, Mrs. Wm. Johnston, until the time of her death. Four sons, James, Samuel, Archie and Thomas and one daughter, Mrs. Thos. Reay, remain to mourn the death of a kind, affectionate and Christian mother, who for forty-five years has been a devoted and consistent member of the Methodist Church. Deceased was the mother of eleven children, grandmother of fifty-five and great grandmother of fifteen. The remains were interred on Sunday last at the Durham cemetery, being first taken to the Methodist Church where an appropriate sermon was preached by Mr. Ferguson from the words "Let not your hearts be troubled \* \* \* there you may be also." John 14, 1-3, the text being of the deceased lady's own choosing.

We regret this week to chronicle the death of one of the pioneers of Glenelg, in the person of Mr. James Ector, Sr., who departed this life on Friday last after a very short illness. Though ailing for some time there were no serious apprehensions, but on the morning of his death he took suddenly ill and departed during the day. The deceased was born in Tyrone, Ireland, in 1821, came to Canada in 1850, settled in Vaughan where he remained two years, after which he came to lot No. 60, concession 3, Glenelg, where he remained till the time of his death. About a year after coming to this part of the country he married Isabella Moore, sister of Mr. James Moore, of Glenelg, who died about ten years ago. The marriage union resulted in a family of nine children, four sons and five daughters of whom seven survive, three sons, James in Manitoba, Cunningham in Egremont, William on the old homestead, and four daughters, Mrs. John Allan, of Grand Rapids, Mich.; Mrs. Robert Edge, of Edge Hill; Catharine, of Collingwood and Mrs. Alex. Firth, of Bunnassan. Mrs. John H. McDonald whose obituary appeared two weeks ago was another daughter of the deceased. In politics Mr. Ector was a Liberal and in religion a Presbyterian. Two brothers, Samuel in Pennsylvania, and Robert, in Glenelg, still survive him. Mrs. John McNally, of Traversston, is the only surviving sister. The remains were interred in the Durham Cemetery on Friday last, followed by a large cortege of mourning friends.

Durham Citizens Interested.

In the daily newspapers recently there appeared full reports of the annual meeting of the Mutual Life Assurance Co., of Canada, (formerly The Ontario Mutual Life). The financial statement of business for the year 1899 is the best in the history of the Company. Many of our citizens are interested in the welfare of this progressive Company and will be gratified to ascertain that it is marching onward and upward. The general agent for the Northern District, of which Durham is an agency, is A. J. Chisholm, of Owen Sound.

AROUSING AT LAST. To the terrible ravages of consumption in Ontario, the Government is petitioned to establish hospitals for consumptives. As a preventative to consumption there is no treatment to be compared to Dr. Chase's Syrup of Linseed and Turpentine which promptly and effectively cures every cough and cold. It has by far the largest sale of any remedy for throat and lung troubles. 50 cents a bottle. Family size 60 cents. All dealers.

BY-LAW No. 383.

A By-law for the Regulation of Employment and Hours of Labor in Shops and Places of Business in the Town of Durham.

Whereas an application signed by not less than three fourths in number of the occupiers of shops within the Town of Durham, belonging to a class to which such application relates, has been received by the Council of the said Town, praying for the passing of a By-law requiring the closing of all places of business at the times and hours in said application mentioned.

Therefore, the Corporation of the Town of Durham, by the Council thereof, under the provisions of Chapter 357, Revised Statutes of Ontario, 1897, enacts as follows: 1. All general stores, hardware shops, drug stores, boot and shoe store, groceries, butcher shops, watch-maker shops, produce stores, tin-smith shop, upholsterer and cabinet-makers shops, within the municipality of the Town of Durham, shall be closed and remain closed on each or any day of the week, at and during any time or hours between seven of the clock in the afternoon of the next following day. Extending only public holiday and on Wednesdays and Saturdays for the periods excepting from the Fifteenth day of May to the Fifteenth day of September in each and every year.

2. This By-law shall come into full force and effect on Thursday the 21st day of June, A. D. 1900. 3. Any person or persons offending against the provisions of this By-law, shall on summary conviction before a Justice of the Peace, be liable to a penalty not exceeding \$30.00 exclusive of costs; and in default of payment of such fine as may be adjudged together with costs, then distress and sale of the goods and chattels of the offender shall be made to satisfy the said fine and costs; and in case there be no distress found, offender shall be liable to imprisonment, with or without hard labor, for a period not exceeding twenty days; unless the fine and costs included the costs of the offence and of the committal and conveyance of the offender to the gaol are sooner paid.

Passed in Council this eighth day of June, A. D. 1900. W. A. ANDERSON, Clerk. W. LAIDLAW, Mayor.

GREY CO. COUNCIL

Now in Session—Important Matters Under Discussion.

For the second time in the history of the County Council that body of law-makers is assembled in town this week, the former session being held here over thirty years ago. A casual glance at the little parliament of sixteen members, presided over by the stalwart Warden, Mr. McDonald of Chatsworth, is sufficient proof of physical ability, and the clear cut discussions which characterise their deliberations, show the solid mental grasp that many of them possess over complicated and difficult problems in connection with the transaction of County business. As outlined in the Warden's inaugural address a number of important matters will come up for consideration, and it is to be hoped that the sound minds in the sound bodies will deliberate wisely on the various topics and produce legislation worthy of the confidence of the constituents to whom they owe their positions. Personally we extend our welcome and hope to have the visit repeated frequently in the future.

The members of the Council and the divisions they represent are as follows:—

- Div. No. 1—Owen Sound and Sarawak, Chas. Gordon, J. W. Frost. Div. No. 2—Keppel, Derby, Sullivan—Wm. Totten, Joseph Pringle. Div. No. 3—Glenelg, Bentinck, Durham and Hanover, C. McKinnon, H. Brigham. Div. No. 4—Egremont and Normanby, James Allen, Andrew Schenk. Div. No. 5—Artemesia, Proton, Dundalk and Markdale, Geo. Watson, M. Richardson. Div. No. 6—Collingwood, Osprey and Thornbury—D. K. Preston, N. McCollman. Div. No. 7—St. Vincent, Euphrasia and Meaford—Geo. Brown, A. C. Paterson. Div. No. 8—Sydenham and Holland—J. McDonald, Thos. Willisroft.

THE WARDEN'S ADDRESS.

After the calling of the roll and the reading of the minutes of the last day's session of the Council by the Clerk, the Warden, Mr. John McDonald, of Chatsworth, addressed the members briefly. After welcoming them all back he said this was the second time in the history of the new County Council on which they had held a session outside of the County Town. Two years ago they had held their June meeting in Meaford, and now they were met in the substantial town of Durham. The Meaford meeting had been successful and he had no doubt this one would be equally so. There was a difference of opinion about moving around, but while personally opposed to it he believed the objections were exaggerated. It was more inconvenient for some but more convenient for others; the expense was practically the same, for while some had longer mileages others had shorter; other County Councils, notably those of Simcoe and Bruce, moved about; the people of every point of the county had been paying taxes into the county treasury for the past 50 or 60 years, and if there was any honor or advantage in holding the County Council in any particular place, one place had as much right to it as another.

Referring to the business likely to come up this session he referred to the equalization of the county assessment as the most important. It was generally felt that the present equalization could be improved on, and he trusted that if any discussion arose on it it would be characterized by fairness and moderation and a disposition to give and take what would be just to all. It would be gratifying if the assessment could be rearranged by the Council without going to the expense of appointing county valuers. He referred to a number of bridge matters that would engage the attention of the Council, also to the circulation of the "Good Roads" addresses, for which the press of the County deserved so much credit and said these sheets had given a great stimulus to the art of road making in the municipalities. In view of the fact that the Euphrasia School Arbitration award had been set aside because the by-law on which it was based was defective, he urged, as he had done at the January session, that all by-laws involving important legal and technical points should be submitted to a solicitor before being finally passed. He directed the attention of the printing committee to the tardiness with which the printing was being done by the present printer, and trusted the minutes of this session would be got out more quickly than those of last. The Warden closed his address by a brief patriotic reference to the war in
