FOR SALE.—One second hand cook stove in first class condition. W. Laidlaw.

ALL parties indebted to Wm. Laidlaw must call and settle accounts by cash or note at once, or they will be placed in next Court.

Lucas, Wright & Batson.—Barristers etc., at Middaugh House every Monday 10 a. m. and 4.30 p. m. conveying—money to loan, etc.

We received a budget last week from Watersville too late for insertion, but laid it aside for this issue. It was evidently put away too carefully, as we can't find it high or low.

Is there a Grey County Orangeman who can beat this record? Mr. Jamieson, of St. Marys, aged 92 years, attended the Orange celebration at Listowel on the 12, being the 33rd 12th of July parade he has taken part in, without a break.

G. L. McCaul, Barrister & Co. will be in his office, McIntyre's Block, Lower Town, over Standard Bank, every day during the long vacation, from 10 a. m. to 4 p. m., for the transaction of any business that may be entrusted to him.

REV. MR. SMITH, whose skill as a chalk talk artist preceded him, gave the first evidence of his ability to a class of children on Sunday morning last. The subject dealt with South Africa and by a series of questions and answers the development of British influence was graphically pictured out. The older people too, must have profited by the purely didactic character of the exercise.

THOUGH we issued some time ago a prospectus of the Binder twine Co. to be established at Walkerton, there seemed to be no return till Monday last, when Mr. Wm. Leggett, of Vickers, dropped into our sanctum and voluntarily gave us an order for a few shares, which were at once forwarded to the Secretary of the Co. We know nothing of the scheme but Mr. Leggett regards it as a good thing. We have instructions to forward others and shall do so when instructed. Next

"ORDERED TO CHINA" were the words of a cablegram from India last week to Mr. J. A. Hunter, from his brother Fred in the land of the Hindoos. Fred seems to be filled with a military spirit and has long been aching for a scrap. We haven't the least doubt but that he will make a record for himself. "I want to be a soldier" seems to be the watchword of some of the recent residents of the old town, and with Cecil Gun in South Africa, Fred Hunter, in China, and Frank Irwin in the Philippines, the place gives certain evidence of a bold military spirit.

ON Wednesday evening of last week just as we were finishing our press work the news reached us that Mrs. Archie L. MacKenzie had breathed her last at the home of Mrs. A. MacKenzie where she and her three children had come a couple of weeks previously from Buffalo to regain strength and spend a short visit. We are hardly in a position to say the cause which terminated her earthly career, nor indeed are we in possession of many details concerning the deceased's life. A day or two before her death, her sorrowing husband, Mr. MacKenzie arrived from Buffalo. The remains were interred Friday afternoon at the Durham Cemetery. The following from a distance being in attendance at the funeral obsequies viz:—Andrew Wilson, Buffalo, Mr. and Mrs. Wm. Jackson, Brussels, Mrs. Wm. Bryans, New Castle, Miss R. Jackson, Industrial School, Mimico, R. Skelton Mimico, G. Skelton Galt, Thos. Skelton, Brussels.

THE School Board is making a grand effort to increase the usefulness of our school here, and place it on a solid footing to do full second class work. At the last meeting Mr. David Hicks, B. A., was selected as Classical Master and has since accepted the position. Mr. Chas. L. Willis, B. A., Graduate of Toronto University, in the special department of Mathematics and Physics, and also Graduate of the Ontario Normal College, was selected at the same meeting for the Assistant Principals' position. Another teacher is yet to be placed in the room vacated by the resignation of Mr. Mills. A number of applications are before Board, but no decision has been arrived at. Mr. Allan, as Principal, feels no recommendation. The uniform character of his week during many years is sufficient evidence of his skill and ability as a teacher, and under the new order of things we are pleased to feel that we will have a high school in everything except in name.

ALL wool Crepon, 40 inches wide, in light blue, also cream 20c a yd at Grant's.

TO RENT.—Cottage now occupied by myself, possession may be had Sept. 1st. Wm. Laidlaw.

WANTED.—An experienced sawyer in hardwood mill. Must be steady and reliable, none other need apply. G. Collinson, Plesheron Station, Ont.

Rev. A. M. Stewart, of Rochester, grandson of Rev. Mr. Stewart, of this town, preached very acceptable sermons in the Baptist church, Sunday last.

GARDEN PARTY.—The ladies of the Baptist Church, Durham, will give a garden party on the grounds of Mr. B. Warner, Durham, on the evening of Thursday, 2nd Aug. Should the night prove unfavorable it will be held following one. Electric lights and band in attendance. Admission 10c. Proceeds for church purposes. All invited.

A New house is now started on Lambton Street on the hitherto vacant lot lying between Inspector Campbell's and Ex-Mayor Calder's. The property belongs to Mr. Archie Little and the house to be erected, we understand, will be a fine two storey modern building. We presume it will be in the market for sale or to rent as Mr. Little is building one for himself on Lambton St. just east of town.

MR. W. W. TRIMBLE is again running the stage from Flesherton to Durham. About three months ago he sold out the business to Mr. McNally, from Holland Centre, but the purchaser being acquainted only with the quiet style of farm life did not readily fall in love with doing business with the public and apparently soon tired of the new condition of things. About a week ago the business, which seems to satisfy Mr. Trimble all right was re-purchased, and now again he caters to the general public. Mr. McNally was a good fellow and had he only hung on till he got thoroughly initiated into the business he would have done all right.

We have just received a copy of "Lumsden News" of Friday, July 13th, marked Vol. 10. We do not know whether the "Vol. 10" means the 10th year of publication or the 10th issue of the paper. It claims to be the first typewritten and mimeographed paper published in Western Canada. It is quite a unique get up, and contains quite a mixture of foreign and local news, as well as business cards and general advertising. We notice among the professional cards the names of Q. Pettigrew, stone contractor and bricklayer and John Hewitson, dealer in Hydro-lactic Cream Separators, etc. We'll not criticise the little sheet severely, but only wish it to improve as it gets older.

Baptist Mission Circle.

Last Thursday afternoon the 19th, at the residence of Mr. J. L. Browne, Durham, a very enjoyable time was spent. Nearly all the lady members of the W. H. M. Circle, together with friends, met for pleasant intercourse, music and addresses on missions from the Revs. A. Stewart, M. P. Campbell, Bentinck, Mrs. Campbell and Mrs. J. L. Browne. After the serving of coffee and cake, the company dispersed to their homes. The pastor of Durham Baptist church presided.

The following brief and truthful funeral sermon was delivered recently by a Kansas preacher: "A word to you all. Post mortem praises are in the air. People kiss their dead who never stoop to kiss their living; they hover over open caskets in hysterical sobs but fail to throw their arms around their loved ones who are fighting the stern battles of life. A word of cheer to the struggling soul in life is worth more than the roses of Crivendom piling high over casket covers. The dead can't smell flowers but the living can; scatter them broadcast in their pathway, therefore, and pluck out the thorns before it is too late."—Ex.

A FREE HOSPITAL FOR POOR CONSUMPTIVES.

A Local Association Formed to Aid in its Maintenance.

The meeting held in the Town Hall on the evening of Tuesday, the 24th inst, though not very largely attended resulted in important steps being taken to aid in this most worthy enterprise. N. W. Campbell, Esq., P. S. I., was appointed chairman, and opened the meeting with a very interesting and appropriate address, remarking upon the great merit of such a work as the Sanitarium for the treatment of consumption, also of the frequency with which he has been a witness of bereavement resulting from this fell disease; for the great need of education as to the contagion, etc. of Consumption the effort he has made as a School Inspector along such lines.

Mr. Watson being introduced, spoke first on the formation of the National Sanitarium Association, copied after the English Association of the same name. To Mr. Gage, the Book Publisher, of Toronto, much credit is due for the organization of the Association and the Muskoka Hospital, now being operated under its auspices. Mr. Gage contributed \$25,000.00 and Mr. Massey a similar sum for that purpose. Muskoka was chosen as a locality in which to place the first Hospital, because of its altitude, and consequent medium lightness of atmosphere. There already nearly \$80,000.00 have been put into land and buildings and plant. The Association, incorporated by act of the Dominion Parliament, is without stockholders, or shareholders, or dividends, or profits, its work being entirely philanthropic. The treatment at the Sanitarium is simple, consisting of out-door living in the bracing fresh air, and regular good living. Muskoka Hospital completed two years of its history on the 30th of September last. During its first year there were 83 patients treated, 64 of whom were greatly benefited, and 12 of these were thoroughly cured, that is 15% of cures during its first year. During its second year 99 consumptives were treated and of those 70 were greatly improved, and 21 thoroughly, of these so improved were apparently thoroughly cured, that is 21% of cures during its second year, an increase upon its first year of 6%. During the same two years there were over 1,000 applicants for admission refused. Prominent among the reasons for such refusals of admission was the want of funds on the part of the applicants to pay the necessary charges. For that class—the poor consumptives—some provision is now to be made. An Hospital is now being put up to be given up to their care and treatment exclusively, and to aid in its continued maintenance an appeal is being made to the public generally throughout Ontario, and it is thought to be the best plan of making such general appeal, of making as many as possible of our people aware of the great need, and of the opportunity to be helped in this good work, is by forming local associations at all the principal business centres throughout the Province. Already such associations have been formed at many points, with membership averaging about 50. It is hoped that the people here may see their way to the formation of such associations, it is believed may do much good work, in a variety of ways, they may do Educational work, removing prejudices and increasing the general intelligence as to the curability, the contagion and the prevention of consumption; they may be useful in recommending the worthy poor in each locality for free treatment in the Hospital for Consumptives; and they may render valuable service in systematically and regularly looking after contributions towards the treatment of the consumptive poor.

What is the Government doing in this? is a very proper question. By an Act passed at the last Session of the Ontario Legislature \$1.50 per week per patient is granted towards maintenance; all beyond that amount must be raised by contributions from the people, and it is found in all communities, that a large number of people are desirous in helping in this. The local Associations, now being formed, will afford them an opportunity.

A suggested plan of local organization is here laid before you. The suggestion is, an Association of regular membership of contributors of \$1.00 per year, and life membership of \$20.00 contributors. Dr. Gun moved, and Rev. Mr. Smith seconded a vote of thanks to Mr. Watson, which after being spoken to by Rev. Mr. Farquharson and others was carried.

It was then on motion duly seconded and carried, decided that an Association along the lines suggested be now formed, and that provisional officers and committees be appointed.

These were as follows:

President, N. W. Campbell, P. S. I.; Treasurer, J. Kelly; Secretary, T. Allan; and the Ministers and a lady and gentleman from each of the Churches. It is hoped that this committee will shortly get a large membership secured, and that our town of Durham will show herself equal to others in the thoroughly worthy work.

Three Straights for Durham.

The Walkerton Lacrosse Boys came over Monday afternoon last to play a return match with our boys on the grounds here. A week ago on the Walkerton grounds the game resulted in a tie of 1-1 and the breaking of the tie was the determined object of both sides.

Shortly after seven o'clock the sides lined up, it being arranged to play forty minutes, in two divisions of twenty minutes each with a rest. During the first half of the game, though Durham justly claimed one goal the umpire not being sure decided otherwise. The two sides again started and in about two minutes the vociferous yells announced a goal for the home team, the ball being slipped between the standards by Allie McIntyre. There was no dispute this time and soon the struggle re-commenced, the visitors straining every nerve and putting forth every energy to gain a point, but it was no go. Again the ball went through the visitors' goal, Doug. Mamo doing the trick, and another cheer louder than before announced another victory. With increased determination the visitors went to work again but it was no use; the Durham boys were too many for them, and Tom Carson knocked the bottom out of their hopes by running another ball between the flags.

The game was friendly throughout and the visitors, some of them, did nice playing, but it was easily seen from the start that they were no match for our boys. The official score was three straights, though our boys claim four. The Walkerton boys are no mean competitors and no doubt after a few years' practice they'll be able to put up a pretty nice game.

Dr. McNamara was referee and Jim Park and Whitlock goal umpires.
