After a severe illness of six months duration with tubercular disease of the spine, Mr. J. J. White passed away on Wednesday, July 20, at the home of his wife, Mrs. William White, "Tyroon." His remains were followed by a large funeral cortege to the Public Cemetery here on Friday afternoon, Rev. Mr. Thom, of this place, officiated and conducted a musical service at Protestant Station on Sabbath evening last. Deceased was a little over 26 years of age, the eldest son of Mr. and Mrs. Wm. White, who with his young wife, to whom he was married less than two years ago, have the sympathy of a large circle of friends in their bereavement.

Mr. R. J. Sproule and Mrs. Mosier have both been suffering from severe falls met with some days ago. Mr. Sproule was at the store receiving goods for his grocery, and while loading a box of oranges his horse started and threw him from the wagon backwards, falling with great force on his back on the hard ground. He was severely injured in the back and much crippled for some days, but is almost himself again. Mrs. Mosier was in the act of carrying a heavy vessel from the stove when she slipped down a couple of steps severely injuring her side and ribs, from which she has since been in bed.

Our esteemed young friend, Mr. Robert Wright, formerly of this place, but for the past four and a half years, Mathematical Master in the Hagersville High School, is on his annual holiday at the home of his parents, Mr. and Mrs. John Wright here, but his visit on this occasion is of more than usual interest in that it is of the honeymoon character, he being accompanied by his bride, to whom he was joined in wedlock on Thursday last. The marriage was celebrated at the home of the bride's stepfather and mother, Mr. and Mrs. Wm. Neale, of Hagersville, the esteemed young lady of Mr. Wright's choice being Miss Bertha Chouteau, eldest daughter of Mr. Neale. Rev. L. P. Spencer, rector of All Saints church, says the Hagersville News, "tied the nuptial knot. Mr. Wm. Wright, of Owen Sound, brother of the groom, and Miss Anne Chouteau, sister of the bride, acted respectively as groomsmen and bridesmaids. The bride's costume was of castor velvet, trimmed with white silk, applique, and chiffon with hat to match, trimmed with black tips, chignon and buckles. The bridesmaid was also handsomely attired in a gown of castor ladies' cloth, trimmed with satin steel passementerie and brown velvet. The presents were numerous and varied, that of the groom being a pearl brooch to the bride and a pearl earring to the bridesmaid. After a dainty wedding breakfast, the happy couple drove to the G. T. R. Station and left for Toronto, on an extended honeymoon trip. Their many friends join in wishing them a most happy and prosperous future." The Chronicle correspondent heartily joins in the same.

A Hamilton despatch on Friday last reported the death of Mrs. James Canary, in that city, under suspicious circumstances, the police having discovered that she had been severely assaulted by her husband, while ill. Canary was placed under arrest, inquest, but the doctors who performed the autopsy testified that the death of the deceased was due to Bright's disease, and not accelerated by bruises inflicted by her husband, who was afterwards liberated. Mrs. Canary, nee Deborah Gillon, was the adopted daughter of the late Mr. and Mrs. John Gillon, with whom she lived for many years in this place and vicinity. One sister, Mrs. James Brownridge, of Osprey, survives her.

Mr. and Mrs. S. Kingston received word on Saturday that their adopted son, John, who has been in Toronto for a few months, is prostrated with a fever, and is in Grace Hospital, under the care of Dr. E. K. Richardson.

The Great Fair of the West.

The Western Fair of this year beginning on the 6th of September, and continuing till the 15th will be without a doubt far ahead of its predecessors. Many changes are being made to the buildings and grounds, which will be much appreciated by the patrons of this truly great agricultural show. It is difficult now-a-days to find a great deal of novelty, but the Special Attraction Committee of the Western Fair Board have certainly done so. In addition to a full corps of competent artists in their various lines, the pyrotechnical display will be on a scale never before attempted. The main effort will be representation of an armoured train leaving Marking during the siege, wherein the greatest danger is not the enemy's attack, and the repulse of the Boers, with the guns that formed the battery at Kimberley. Another patriotic feature will be gorgeous cyclotron wheels wherein will be displayed the national colors of England, Ireland and Scotland, also the "Curtain of Kimberley" feature. This promises to be the best pyrotechnical display ever given in Canada, and special train arrangements have been made so that all visitors to the Fair may remain for the evening.

But this is not all by a means. The artists who give the performance during the intermission in the trials of speed including Caldeux, a famous performer, whose acts have made him famous the world over. The "Rozinos" have a veritable novelty now being performed in the principal theatre of the West. They carry special music, and the acts consist of marvellous daring and difficult acrobatic feats on a bounding billiard table, and on the greatest as well as the most famous of the world over. A decided novelty will be presented by T. Harry Belknap, who is a lightning artist in modelling from clay and drawing in smook and sand. This performance is not only original but educational and pleasing with all. All who have heard Sousa's band will recollect Pessie Gilbert, the comic violinist. This young lady will appear every afternoon and evening during the Fair. The Carl Dammann family of acrobats (five in number) who have a world-wide reputation, will positively appear this year. Two other families have also been engaged. The Dillworth family comprising eight persons, who are exceptional expert ground and lofty tumblers, and the Wernitz family of six doing a mid-air act that is hair raising in its feat. The "Rozinos" are very funny at the same time proving themselves expert acrobats. The sweetest will prove a surprise. While no one can see "Picard and Bowen" on the horizontal bar without laughing at their funny antics and at the same time admiring their physical skill and gracefulness. MAPLE PARK.

Farmers are busy at their haying, some being pretty well through while others have not commenced yet. Fall wheat is about ready for the binder. Barley, peas and oats are going to be an average crop, while potatoes are doing well if the bugs would only leave them alone.

While the McRae gang, of Pricerville, were tearing the bark off the hemlock trees D. F. and Jas. Douglas shipped eight cords off for the former in so short a time that you would hardly miss them away.

Will Frooks is still in the shingle business. I say, Will, why did you not give us a call on Friday night before going up to Jack Haw's? Remember us again, Bill.

John E. Ferguson is putting in time with his old friend, Geo. Haw, at the haying.

Quite a sensation was caused in our village when it became known that a party had surrounded some of his neighbor's sheep and drove them to pasture, instructing the to charge of a fee of 25 cents a head for damages.
