HOLSTEIN.

Mrs. Dr. Brown left Tuesday morning to visit her old home and friends at Beachville.

As we passed up street one evening last week we heard the remark that it would be essentially necessary to establish, at least, an emergency hospital. On making enquiry as to the cause for such remarks we learned that several had been injured the previous day.

We had not gone far when we met Bob Cameron limping around and on enquiry he told us that he had received a kick while playing foot-ball the previous evening. The injury was so severe that he was compelled to stop work in the factory and return to his home in Corbeton.

Next we saw W. M. Brown trying to move on crutches and learned that he also had been injured in the same game and was suffering from a dislocated ankle. Others were more or less injured and we have to conclude that foot-ball when played roughly is not a pleasant game.

However, the disabled are progressing favorably and no serious complications are looked for. Mr. and Mrs. Geo. Mickleboro' and family are at present spending a few days at the former's parental home, Riverbank Farm.

Nervous Debility.

A Sufferer From Weak Blood and Exhausted Nerves Tells of His Cure by Using Dr. Chase's Nerve Food.

Mr. A. T. P. Lalame, railway agent at Clarenceville, Que., writes—"For twelve years I have been run down with nervous debility. I suffered much, and consulted doctors, and used medicines in vain. Some months ago I heard of Dr. Chase's Nerve Food, used two boxes, and my health improved so rapidly that I ordered twelve more."

"I can say, frankly, that this treatment has no equal in the medical world. While using Dr. Chase's Nerve Food I could feel my system being built up until now I am strong and healthy. I cannot recommend it too highly for weak, nervous people."

Dr. Chase's Nerve Food is a tonic and restorative of inestimable worth. It makes the blood rich, the nerves strong, increases the weight, and cures all weaknesses and diseases of the nerves and blood. In pill form, 50 cents a box, at all dealers, or Edmansson, Bates and Co., Toronto.
