GLASCOTT.

Truly Mr. Editor we have been very dilatory of late in writing you from our burg, but we will now report matters moving on in the old ordinary way in life. viz by yeoman industry, buildings being erected, marriages and deaths taking place, and, judging from appearances, even courtship continues to be freely indulged in, but such is life.

Since last writing some of our old pioneers have passed away to the great beyond (viz) Mrs. John Aitkins, an old respected lady of nearly eighty years, was called upon to obey the command and depart this life, also Mr. John English, who lived to the ripe old age of some two weeks over ninety years. During the last two or three years he was mostly confined to his bed with his eye sight almost gone, but alas his spirit took its flight, and he is no more with us. But the most striking of all is the death of Mr. Wm. Malone, who struggled hard for over three years to obtain a cure for that dreaded disease, cancer. He travelled far and near for treatment at a great cost in order that he might live, but such was not to be. He was about fifty years of age and leaves a widow and small family in good circumstances.

Mr. Robt. Aitkins, who sojourned for the last thirteen years, but returned last spring, visited with his parents and other relatives for about three months, buried his mother and has since taken to himself a wife, in the person of Miss Minnie Stafford, and both have since left for his mining business in B. C., where he has several claims of his own.

Mr. James Brodie and sons have, this season, erected a fine barn upon their farm, on the 24th con., which has a very handsome appearance in the neighborhood. Dimensions 52x62. Mr. Robt. Goodwell has also erected a fine dwelling house, which will be an ornament when completed.

Mr. Thos. Moran is proceeding to build a large hog and fowl house in basement while the frame above will be used for an implement building. Altogether our burg is showing the appearance of prosperity.

Haying and fall wheat cutting is about completed, both being much better than was expected some time ago.

Berry picking has, this last week, been taking the attention and time of our ladies and youngsters in general. The crop is said to be good.

Mr. John A. Lamb is home from O. S., C. I. No doubt, like many others, anxiously awaiting the result of the late examinations.

Mr. John Ritchie, of Port Arthur, as in the past, is again devoting his holiday season to the interest of his farm here. John is a hustler, and is not afraid of hard work of any kind.

Candidate Richardson, accompanied by I. B. Lucas, M. P. P., took a tour through here one day last week, and no doubt met many supporters and friends.

Mr. and Mrs. Mat. Aitkins and Mr. and Mrs. Tom Rowe, of Berkeley, Sundayed with friends here last week, and took in the Townsend's Lake service in the evening.

Quite a number from here took in the Quinn's grove picnic last Thursday and report a good time.

We notice that Pomona and Pat are playing quite a nice little game of there own through your columns.

PRICEVILLE.

Since the publication of the tramp and burglar scare, we understand that it has been resolved after serious consideration to organize the Vigilance Committee in proper form, and hold secret sessions of the members under the name of the Society for the suppression of tramps and burglars. It is not yet settled where the meetings are to be held, but from what we can learn it has been suggested that an empty tannery vat, or a coffin store house would be the most secret and proper places for such meetings. Others again favor the sword bearers barn. However there is no doubt that an agreement will shortly become to on this point. The work of the society, as far as we can learn, will be in the first place to procure a supply of arms and ammunition, also a full outfit of emergency, rations, both in a solid and liquid form so as to suit all classes of appetites. A dark lantern for the Field Surgeon and a few cots or hammocks for the Hospital Surgeon will also be in order, so that ample stores will be on hand for future emergencies. And last but not least, it is expected that the D. O. C. and the other C. O.'s. will be furnished with S. S. T. B. badges and suitable weapons. It is also suggested that magnifying spectacles or night glasses be procured for those officers that mistake their neighbors for tough looking cases. These glasses will only be required on lodge nights, when all those different arrangements are carried out. We feel satisfied that no such mistakes will happen in the manoeuvres of the force while on duty, as occurred on their last field night.

Mr. Jas. Atkinson, Dentist, arrived home last week after a trip to the old country. He appears as it his visit to the old Dust had agreed with him.

Mr. T. Conkey visited at the parental home for a few days last week. Owen Sound appears to agree with him.

Haying is in full swing this past week in this vicinity. Most fields are reported light.

Messrs. D. McMillan and Hector McLean, masons, are making a good job of the wall at the new shed, now being put-up at St. Columba Presbyterian church here. Hope to see the carpenter work done up in as good shape shortly.

A garden party was held at the Methodist Parsonage last Friday night. A large crowd, amply supplied with good eatables, good music, good addresses and a good time generally were the leading features. Proceeds \$28.00. This was also considered good.

POMONA.

Messrs. A. McLellan and Sandy McMillan are ascending the step ladder of fame as bridge builders, and are said to be getting along nicely with the Glenelg one. They are capable and likeable bosses, and employ quite a few hands. The hard work during the extreme hot weather was very trying on the men.

Mr. and Mrs. Samuel Arrowsmith and Miss Arrowsmith, of Durham, together with Miss Lydia Arrowsmith, of Macclesfield, England, who is on a visit to the formers, took a drive out this way on the 24th, ult.

Allan and Frank Black have much improved the exterior appearance of St. John's School, by giving it siding of matched lumber and tar paper. It will also be painted.

Shoo fly! leave us alone until we get this paragraph written. You are as troublesome to a fellow without screen doors or windows as 53 chickens are to a man without a wife to broom them out.

Keep up the "Hits and Misses" Mr. Editor as they are readable and appreciated. To the unmarried we suppose the misses are the ones sought after, but helth is all right too as long as our own particular corn is not the sufferer.

A new kitchen is in course of erection to Mr. McVicar's already commodious house. We believe we are safe in saying that the lads and lassies will look for a chance to test the solidity of the floor when it is completed.

One gold and two silver watches were competed for by three young ladies at the Rev. Father Hauck's picnic, at Quinn's grove, near Berkeley on the 26th, ult. Miss Annie Morrison, of this vicinity, secured one of the silver ones, and it is something to be justly proud of.

We hear that dogs in some places are enjoying more fresh meat than their owners, as they've been potting mutton without stint.

There are so many sheep on the highway around here if some of them are not taken off and provided with something to eat, a little impounding will be necessary.

A neighbor of ours says good goods are done up in small parcels. The saying seems applicable to sugar these days of putting away fruit, as the size of the parcel or a dollars worth seems to be visibly decreasing no matter where it is purchased.

Normanby sent up its quota of visitors on Sunday last. Mr. M. McAuliffe and his winsome sister and cousin, Miss Maggie McAuliffe and Miss M. Burns, spent a pleasant time at the hospitable home of M. McGrath's. After forenoon service at St. John's Mr. M. B. Flynn, Editor of the Aytton Advance, was also up and was among the large number of worshippers at early service.

Between morning mass and evening vespers on Sunday last the Rev. Father Hauck drove down to give spiritual comfort to Mr. Dick Hannan, of Proton, who is said to be quite seriously ill.

Eliza, a bright, good looking daughter of Mrs. Friend's, while on a visit to her uncle, David McAuliffe's, on Wednesday of last week, came high being disfigured for life. As it is she has quite a severe cut under her left eye, received from her uncle's dog. Mr. McAuliffe wisely gave the dog his quietus at once.

Mrs. A. McPhee is spending a few days with her mother, Mrs. McGrath.

Death Of A Pioneer.

Another one has gone to join the great majority, and to receive his reward for a well spent life.

On Wednesday evening, the 11th inst., Angus Graham, a prominent pioneer of Tuolumne, died at the family residence in Saw Mill Flat, from an affection of the stomach, from which malady he had been a sufferer for many years. During the past months the disease took an acute form and although everything possible to medical skill was done, he found no relief until the weary eyelids closed in the peaceful sleep of death.

Mr. Graham was a native of Scotland, where he was born in 1835. In his early manhood he removed to Canada, where he resided until 1859, when, starting for the Golden West, he located in Columbia, Tuolumne County, where he became prominently identified with the mining interests of Tuolumne, owning and operating some of the best mines in the county. In 1864 he went to Canada, where he was married to Miss Flora Sinclair, returning with his bride the same year to Tuolumne,

where he has since resided, honored and respected for his sterling principles and strict integrity, and beloved for his kind and generous heart, with its measureless sympathy for those in need or affliction.

He leaves a wife and two sons, Messrs. Angus S. and Daniel W. Graham, and four daughters, Mrs. Wilbur Long, of Sawyer's Bar, and Misses Annie, Flora and Laura Graham, of Tuolumne, to mourn the loss of a most devoted husband and affectionate father.

The bereaved family have the sympathy of their many friends in this their sad affliction.

The funeral took place on the following Friday from the family residence at Saw Mill Flat. It was attended by a large circle of friends and acquaintances. The interment was made in the city cemetery here with impressive services by A. H. Croco, assisted by a choir of well selected voices. The floral tributes were beautiful and numerous. The honorary pall bearers were T. C. Birney, Gardner Gray, Daniel Kenny Wm. Davies, Alex. Briggs, and John Coffey, all companions and neighbors of the deceased since very early days. —The Tuolumne Independent.

Torpid Liver Headache

And Biliousness Made Life Miserable for Three Years—Health Restored by Dr. Chase's Kidney-Liver Pills. Having a direct action on the liver, Dr. Chase's Kidney-Liver Pills are invariably successful in curing liver complaint, torpid liver, and the headaches and stomach troubles resulting therefrom.

Mrs. Faulkner, 8 Glidersleeve place, Toronto, says:—"After doctoring without success for biliousness, liver complaint, and sick headache for over three years, I am glad to testify to my appreciation of Dr. Chase's Kidney-Liver Pills. At first they seemed a little strong, but being both searching and thorough in their action, amply repay any inconvenience by after results. I am feeling better in every way, and my headaches have entirely disappeared. Dr. Chase's Kidney-Liver Pills are certainly the best I have ever used, and I freely recommend them." The liver is responsible for very many ills of the human body. It is always made healthy, active, and vigorous by using Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all druggists, or Edmanson, Bates and Co., Toronto.

How to Grow

Is what County of Grey Farmers would like to know. We cannot tell you, but we CAN TELL YOU that H. H. MILLER, the Hanover, Conve anser is lending money on good farm mortgages at lower rates of interest than you can borrow elsewhere, and on very liberal terms and at small cost. That is the reason why people all over the country pass by other lenders and travel miles to borrow from him.

He Has Several Very Fine Farms For sale at very low figures and on very easy terms. Farm lands are bound to increase in price and now is the time to buy.

HE ALSO undertakes the collection of Notes and Accounts, and it is a pretty bad clam that he cannot make some money out of no charge for his trouble if not collected.

He Does Fire, Life and Accident Insurance

In first class Companies and at lowest rates, draws all kinds of writings, arranges business quarrels, effects settlements with creditors, sells Ocean tickets, buys old notes and always has on hand farm and village properties which he is willing to trade or exchange for other property.

Twenty years' experience and residence in the neighborhood counts for something and enables H. H. MILLER to do your business with profit to you as well as to himself.

N. B.—A Special Bargain is offered on Lot 28, Con. 2, W. G. R., Bentinck, 100 acres—Durham six miles—owner gone West and bound to sell.

H. H. MILLER, HANOVER

DRISCOLL'S SASH ADJUSTER.

To School Trustees, Factory Men and Others.

This patented invention secures perfect ventilation from both top and bottom of the window, or from either. It has given the greatest satisfaction wherever used and is strongly recommended by the inspector for South Grey for all schools in his inspectorate. It is very simply and easily put on and is very easily worked. It also forms a perfect lock to the window. Now is the time for the school trustees to leave their orders so that the adjuster may be put in before the school re-opens. All public buildings should be fitted with this patent adjuster; cheap, simple and effective. A model may be seen and orders left with the undersigned, who hold the patent for the County of Grey.

JAS. MCGHERR, G. L. McCAUL, Durham.
