To The Memory of Franklin McLeay.

The following poem to the memory of Franklin McLeay was composed by Rev. J. R. Newell, of Markdale, and appeared in the Mail and Empire of Saturday last week.

"After life's fitful fever he sleeps well. He is gone, who but yesterday stood forth in glory.

The pride of his calling, so hopeful and young, The man who to thousands depicted the story Of life as the sweet Swan of Avon had sung.

And where thousands of plaudits re-echoed his praises, When Cassius contrived or Iago enquired, In vain now the eye of the multitude gazed.

And Canada mourns with a heart full of sadness For him who was first in her annals of fame; And the sweet song of love and the light notes of gladness

Are hushed at the sound of his magical name. And afar in the home where his sweet smile was brightest, The one who loved dearest is desolate there; And as sadly she mourns him the heart that was lightest

Is heaviest now in its premature care. He is gone, and forever—alas! and so youthful, The man of all ages, and times, and degrees, The lover and friend, who in all things was truthful,

Whose sun set at mid-day in turbulent seas, But like Phoenix shall rise from his desolate ashes, A long line of worthies to stand where he stood; And the fame which he won, as it dazzles and flashes, Shall glory him who was noble and good.

REV. J. R. NEWELL, Markdale, Ontario.

In South Grey Dr. Landerkin is trying hard to induce the people to insist upon his running again. He has promised to get out of the way and give somebody else a chance, but of course if the electors are bound to have him he will yield to their wishes.

VARNEY.

Crowded Out Last Week.

Mr. and Mrs. James Petty were the guests of Mr. and Mrs. C. Gadd last week.

Mr. and Mrs. Will Clark were visiting the latter's parents last Sunday. Miss Ella Gaid, of Hampden, was visiting the parental home last Sunday.

Mr. Hugh McDonald and his gang have commenced operations on the new school, and are hustling things at a great rate.

Some of those young fellows who frequent Durham so often on Sunday nights had better be careful or they will get a wheel taken off.

Miss Lillie Sirrs, of Morris, Minnesota, is the guest of her sister, Mrs. Wm. McCalmon.

Mr. and Mrs. D. Long, of Dromore, were the guests of Mr. and Mrs. R. J. Eden last week.

Mrs. Grant, of Chicago, who has been visiting friends in this vicinity for the past few weeks, returned to her home Saturday.

Misses Mary and Allie Watson of Rainy River, formerly of Normandy, are visiting at their sisters, Mrs. Wm. Grant's.

Mr. Z. Clark has commenced his season threshing and expects to be kept busy right along.

THIS WEEK'S BUDGET.

Mr. Wm. Wellwood, of Dundalk, was the guest of his cousins for a couple of days last week.

Mrs. Jas. Eden and family were guests of Mr. and Mrs. John Carson. Mrs. Chas. Gadd was very poorly, but at time of writing is improving nicely.

Mrs. Jas. Gadd was the guest of the parental home one day last week. Miss Lillie Leeson was down to Toronto attending the Millinery Openings.

Miss Lizzie Fee was down to Toronto and attended the Exhibition last week.

Mrs. R. J. Eden was the guest of her parents, Mr. and Mrs. Jas. Gordon.

Mrs. Adam Little was the guest of her sister, Mrs. Stewart, a few days ago.

Miss Tillie Hoy, of Flesherton, was the guest of her aunt, Mrs. Wm. McCalmon, for a few days recently.

BUNESSAN.

A certain Durham pump-maker advertises in THE CHRONICLE "repairs promptly attended to." S. S. No. 1 trustees think the 'promptly' is all a fraud. Promises are promptly well made, but the repairs—well, just ask one of them.

Don't be afraid, Mr. Pomona man, you ask so nicely to be let down easy that we won't say a word. You must have been a model boy for manners when you went to school.

Your two war correspondents, Mr. Editor, make THE CHRONICLE a good deal more of a lively up-to-date paper. If you would but get an occasional letter from China too your war news would be complete.

Some of our young people attended a surprise party at Duncan McArthur's last Thursday evening. The Glenelg Centre cor. will tell all about the party.

Mr. A. C. Beaton was in Flesherton last week.

Misses Lottie Brown and Lizzie Moore go to Toronto this week for the winter. Tom Moore also went down for the exhibition.

Rev. Mr. Smith held a prayer-meeting in Lawrence's Hall last Friday evening. A regular weekly meeting there would be well attended and do much good. Prayer-meetings generally are so few and far between here, that soon they will be but a thing of the past.

GLENELG CENTRE.

Mr. Norman McGillivray, from Saugeen West Gambell, was a caller with friends in the burg on Sunday evening.

Mr. and Mrs. D. Graham, of Priceville, visited friends here on Sunday and attended service at the Centre.

Mr. Malcolm McIntyre and his sister, Mrs. Beck, of Duluth, were welcome callers with their numerous friends in this burg on Sunday.

There are several from our burg who intend taking in the sights at Toronto this week.

Mr. Archibald Beaton lost a valuable horse last week.

Messrs. Hugh McArthur and Hone Beaton are away to Klondike this week, and can be seen and heard picking and shoveling on the Glen-cross Hill.

A night of fun and merriment was spent at Batchelor Duncan's on Thursday evening of last week.

Kansas Winter Wheat at The Ontario Agricultural College.

In 1893, the Ontario Agricultural College imported eleven varieties of winter wheat from Kansas, four from Indiana, one from Iowa, six from Ohio, etc.

The annual report of the Ontario Agricultural College for 1898 gives the average of five years' results of tests with each of forty-eight varieties in strength of straw, weight of grain per measure, bushels, and yield of grain per acre.

The comparative hardness of the grain of each variety as determined with an apparatus similar to one invented by Prof. N. A. Cobb of the University of Illinois, is given on page 134 and is followed by a report of about 1000 words specially dealing with the relative hardness of the grain of the varieties there given, including the Turkey Red, the Dawson's Golden Chaff, and the Early Red.

The following are the average results of the field tests for six years with both the Turkey Red and the Dawson's Golden Chaff:—

Table with 4 columns: Variety, Relative hardness, Strength of Straw, Height of crop, etc. Rows include Turkey Red, Dawson's Golden Chaff, Hardy, and Weak.

The College Report for 1898 states that the grain of the Turkey Red was harder than that of any other variety in the crop of 1896 and that the grain of the Turkey Red and the Pride of Genesee was the hardest of the varieties mentioned for 1898.

Men of long experience in handling wheat differ greatly in their judgment of the value of the Dawson's Golden Chaff variety. Within the past week, the writer invited leading millers of Guelph, Galt, Preston, Berlin, and Bridgeport to pass judgment upon the comparative value of two varieties of winter wheat for milling purposes.

In the autumn of 1898, Mr. Peter Shirk, of Waterloo County, imported a car load of seed of the Turkey Red variety of winter wheat from the State of Kansas, but as the wheat did not reach Ontario until very late only a very small amount was sown that autumn.

Peter Shirk—4 acres, very rich land, crop badly lodged, 25 bushels per acre, about 64 lbs. per measured bushel.

Richard Quickfall—4 acres, killed out badly in spots last winter, very bad straw resembling barley straw, estimated yield 12 or 13 bushels per acre.

Mosés Betzner—11 1/2 to 12 acres, excellent wheat land which formerly yielded 50 bushels of the Turkey Red variety of winter wheat. Plowed under a crop of clover and so applied farm-yard manure, crop leaved badly, yield of grain this year 425 bushels, weight of grain per measured bushel from the machine about 63 lbs.

tionally wet harvest and that a large amount of wheat throughout Ontario was sprouted that year. I understand that there was a large export trade from Ontario of flour made from the wheat grown in 1897 and this might have something to do with the reputation of our flour in the foreign market.

Within the past ten years, a good many varieties of winter wheat have been distributed to farmers throughout Ontario who applied for them for testing upon their own farms. Great care has been taken in the selection of the varieties for distribution and some kinds such as the Jones' Winter Fife, Bulgarian or Democrat, Pride of Genesee, Diamond Grit, etc., have been sent out owing to their quality rather than their yield of grain.

Each person wishing one of these sets should apply as early as possible, mentioning which set he desires; and the grain with instructions for testing, and the blank form on which to report, will be furnished free of cost to his address, until the supply of grain for distribution is exhausted.

Much additional information regarding the value of the Turkey Red wheat for Ontario will undoubtedly be secured this year. Not only will it be tested in the co-operative experiments throughout the Province, but as several millers are importing seed from Kansas an opportunity will be afforded the farmers of Western Ontario to grow it in large quantities and the millers can then grind the variety by itself and thus be better enabled to determine its value for both the home and the foreign trade.

How to Grow

50 Bushels —Wheat to the Acre

Is what County of Grey Farmers would like to know. We cannot tell you, but we CAN TELL YOU that H. H. MILLER, of the Haverhill Co-operative Agency, is lending money on good farm mortgages at lower rates of interest than you can borrow elsewhere, and on very liberal terms and at small cost.

He Has Several Very Fine Farms For sale at very low figures and on very easy terms. Farm lands are bound to increase in price and now is the time to buy.

HE ALSO undertakes the collection of Notes and Accounts, and it is a pretty bad claim that he cannot make some money out of no charge for his trouble if not collected.

He Does Fire, Life and Accident Insurance

In first-class Companies and at lowest rates, draws all kinds of writings, arranges business quarrels, effects settlements with creditors, sells Ocean tickets, buys old notes and always has on hand farm and village properties which he is willing to trade or exchange for other property.

Twenty years' experience and residence in the neighborhood counts for something and enables H. H. MILLER to do your business with profit to you as well as to himself.

Summer Goods!

THE PRICES WILL AMAZE YOU ALL.

Owing to the enormous advance in the price of cotton, the indications strongly point to this season's 12 1/2c prints being sold at 15c next season. Many stores prefer to carry the remaining stocks rather than sell below regular prices. Not so here, the rule of clearing out every season's goods will not be broken. This is why we offer for the next two weeks regardless of cost the finest and prettiest patterns and colorings in
