THE Conservative Convention, for the selection of candidates for the House of Commons and the Local Legislature, is being held in Markdale to-day, Thursday. A number of talented party speakers are present. The meeting opens at one o'clock and is free to all.

We inadvertently omitted last week to congratulate Bro. Rutledge, of the Markdale Standard, who entered two weeks ago upon his twentieth year in the publishing business. The cuts illustrating his fine new premises and the excellent plant attest the success our esteemed conferee has had since entering the work, and we trust he may continue to go on with ever brightening prospects.

At the annual sports of the Toronto Island Aquatic Association, held a couple of weeks ago, our young townsman, Brad Jamieson, was one of the three who secured an equal number of points and was tied for the Senior championship. The committee decided that the three should paddle the single canoe race to decide the matter, and the contest came off on Wednesday evening last, and after a very exciting race was won by Brad by half a length. On Friday evening the gold medal was presented to him and is a very handsome one, in shape a Maltese cross, suitably engraved.

Our schools here re-opened last week with a good attendance all through. The introduction of High School work is a new feature, and promises well to be a great success. On opening day fifty-one registered for that work, and three or four others have since been added. There are only six in attendance at the Model School, but as there were only twenty-five applications in the County the board, out of consideration for the convenience of the candidates, placed them where they would be most convenient to their homes. Those attending at Owen Sound and Meaford, belong mostly to their respective towns.

We publish from week to week a weather bulletin, kindly furnished for some time by Dr. Gun who makes the meteorological observation in this town and supplies the reports weekly to the head office in Toronto. Many things in connection with these reports were somewhat mysterious to us and not till interviewing the Dr. a few days ago were we let into the puzzling perplexities. We have to thank this gentleman for the kind, genial way in which he explained things and now we know that report on the "hours of sunshine" per week is not the result of a guess, but taken from a simple contrivance which registers accurately the time old Sol is unclouded.

MR. CHARLES TATE, a respectable young man of the township of Waldemar, was struck by lightning on the 25th of August and instantly killed while forking sheaves in the harvest field. He was twenty-nine years of age and married only about eight months.

A MONSTER demonstration in honor of Sir, Charles Tupper, was held at the Windsor Hall, Montreal, on the 10th inst. Hugh John Macdonald, Hon. Geo. E. Foster and the old war horse himself made stirring speeches, full of assurance that the Conservative Party would be returned at the next election.

On Saturday night last a lacrosse match was played on the grounds here between the Junior teams of Hanover and Durham, and at the same time the football team from Welbeck was struggling with the Durhamites. In both games the Durham boys came out victors, the lacrosse score being 2-1 and the football 1-0.

THE Ladies Aid of the Presbyterian church, Durham, will serve luncheon from 11.30 a. m. to 1 o'clock p. m., and tea from 5.30 p. m. in the town hall, on the 26th inst. Visitors to the Exhibition will do well to see the good meal they provide for 15 cts., before going elsewhere. A grand concert will be held up-stairs the same evening, for which the best talent has been secured.

THE School Board had its regular meeting last Thursday night, and for the first time we called on them while engaged in actual business. It is our intention to call more frequently in future, and when we think fit, to report some of their deliberations, but this time we'll dismiss the subject by giving them, one and all, credit for an earnest desire for the educational and moral advancement of the rising generation.

WHILE Mrs. Wm. Wright and Mrs. A. Ritchie were driving home from the Rocky they met with an accident which might have been very serious. They were driving along opposite Mr. Scarf's when, by some means, which they are unable to explain, their horse ran against some cattle on the road, or the cattle ran against their horse, causing it to shy and upset the rig and its occupants. They were not seriously hurt, but the rig was pretty badly demolished. -Com.

PENMANSHIP—Some time ago we had a letter from "Omega," upholding the vertical system of penmanship in opposition to opinions expressed some time previous in the Flesher-ton Advance by a writer under the nom de plume "Beta." We never saw "Beta's" letter, nor did we know the author. This week we are asked to publish a letter from Mr. Chas. G. Robson, of the Duluth Business University, in answer to "Omega," in which the Spencerian system is strongly advocated, and discussion invited.

In a recent Court case in Toronto, it was decided by the judge that "Poker" is a game of skill. We don't know anything about it, but we do know for a fact that if a woman with a poker takes after a man, it takes a good deal of skill on his part to keep out of the way.

The Mt. Forest Rep. says:—"Last week Mr. Wm. Anderson missed one of his good milch cows and of course came right to the Rep. and advertised for her in last issue and found her—lying dead with her neck broken in a swamp in the rear of the farm, where she had wandered. The peculiar accident was due to pitching forward in a bog while her head caught and was forced backward."

What a pity Mr. Anderson didn't put his ad. in this paper, which never fails to bring good results. What is the Rep. blowing about anyway?

OBITUARIES.

MRS. MACKENZIE.

On Friday, Dr. Gun received the sad intelligence that his daughter, Mrs. W. R. MacKenzie, who was ill for some time, had passed away at Omaha, where she had taken ill as she was returning from a visit in Durham only a few weeks ago. The deceased lady was a native of this town where she was born on the 29th of June, 1852, and was therefore only a little over 38 years of age. On the first of June, 1882 she was married to Mr. W. R. MacKenzie, a railway employe of St. Thomas, but subsequently of Omaha, and for the last ten or twelve years of Portland, Oregon. Five children were the result of the union, three of whom survive, the eldest a young man of 18 and the youngest 10 years of age. The remains were removed to Portland where interment took place yesterday, beside the two children who passed away some time ago. With the rest of the community we tender our sympathy to the bereaved husband and the mourning members of the family of the deceased.

DR. FREEL.

We regret to report this week the death of Dr. Freeland which took place on Friday last from Meningitis, the result of a sunstroke he received a couple of weeks ago while attending one of his patients in the country. The deceased gentleman was in his forty-seventh year, being born in Stouffville, Co. York, in 1853. He was an honor graduate of Trinity College Toronto, and for eighteen years after passing his medical examinations he carried on a successful practice at Brome, after which he had six years hospital practice in Detroit where he was a member of the Medical and Library association. About two years ago he located in Durham and was rapidly working up a successful practice in town and surrounding country.

Two sisters and three brothers remain to mourn his departure. The sisters are Mrs. (Dr.) Robinson, of Mackham, and another, unmarried, at Stouffville. The brothers are Drs. S. L. and Ira Freeland, both practicing at Stouffville, and another brother, Dr. Freeland, V. S., now in Dakota. Nineteen years ago he was married to Miss Lillian Brooke, who with a little son of nine years mourn the loss of a kind husband and father. Through strict attention to business the deceased gentleman had accumulated considerable money and only recently purchased some property in Durham on which he intended building a residence and office. In politics the Dr. was a staunch Conservative though he took but little part in the subject since coming to Durham about two years ago. In religion he was a member of the English Church. Since starting practice here he had considerable success and was doing well.

WM. MATHER.

A very sad accident occurred in South Bentinck on Friday night last which resulted in the death, on Tuesday morning last of Mr. Wm. Mather, an old gentleman of seventy-eight years of age. The deceased, one of the oldest and most respected residents of the Township, accompanied by his son, James, were getting seed grain at the barn of Mr. Archie Park. While in the act of cleaning the grain the old gentleman was holding the lantern. Being seized with a dizzy spell he sat down on one of the bags from which he toppled over, lantern in hand, and fell through a trap door to the stable floor beneath, a distance of some eight or ten feet. Fortunately the light became extinguished, or the building might have been destroyed. Mr. Mather did not complain of serious injury, and was taken home, after which he retired apparently little the worse for the fall. About two o'clock in the morning he was heard to speak by Mrs. Mather, who occupied the same room. She was unable to catch what he said and as apparently dropped off to sleep she did not press for an answer. In the morning he was found to be speechless and till Tuesday morning remained in a comatose condition when his spirit took its everlasting flight. The deceased was a resident of the Township for about forty-five years, having come here from Dunnville, where he lived a short time after immigrating from Galashiels in Scotland, the land of his birth. We are informed that he had seventeen children, of whom seven, with the bereaved mother remain to mourn the sad event. The remains were interred yesterday at Hampden cemetery, whither they were followed by a large concourse of mourning relatives and sympathizing neighbors and friends.

MRS. BEATON.

We have been unable to receive particulars. Will some correspondent or friend of the deceased please furnish us with an obituary notice?
