Miss May Robson has been engaged by a Euphrasia School Board for the balance of the year, duties to commence next Monday.

Misses Mary and Maggie Delaney left for the Queen City some time ago, the former to take a two years' course in St. Michael's Hospital, training for nurse, the latter to study shorthand and typewriting in the Abbey.

Messrs. Joe and Ed. McGrade are doing well out west. Joe is mining, while Ed. is engaged on the railway.

Mr. Henry Moffat has leased his farm for five years to Tom McNally, Jr. Henry is talking of moving up to Port Arthur in the spring.

Few farmers in the township have been more successful in life than has our neighbor, Mr. M. J. Davis. He is about purchasing the 100-acre farm of Mr. Chas. McArthur, of town. It is a most desirable farm for stock raising.

Mrs. John Greenwood returned home last week after spending a fortnight with Mrs. George Robertson, at Molesworth.

Sam. Edwards and his mother paid a visit to Maple Hill and Walkerton relatives, lately.

Mr. John Jardine sets two gangs to work at making timber this week. One near home under Messrs. Will Kerney and Steve Cooper; the other out at Singhampton. He has secured the following stalwart chaps from here—Will Banks, Will Jack, James Nelson and Sam. Edwards. They leave on Thursday.

Our young people report having a most enjoyable time at the Methodist Parsonage last Friday evening.

Mr. John Ryan is fast improving his stock. He recently bought a thoroughbred Durham bull from McKechnie Bros. The appearance of his farm is being much improved by a new gate and a straight fence.

W. J. Edwards has had an 82-foot well sunk on his property this summer by D. Kinnee, of Durham, and he has had a windmill erected over it by Mr. W. Calder. It is a great convenience and tends to enhance the value of his farm.

GLASCOTT.

As the old saying goes, "the harder the battle the shorter the fight." We have just experienced something like that in the threshing line when four steam threshers clustered in with us about ten days ago and did up the job in a short space of time, notwithstanding the fact that the men at times were overtaxed with work and dust.

Misses Rosa and Martha Dittner and Mr. Andrew Dittner lately visited relatives for a week out in Bruce county.

Mr. Wm. Gordon and son Lorne, of Harriston, Sundayed with Geo. Lamb and started off on Monday morning in search of young cattle to purchase for himself to winter over. Miss Annie Lamb, of Winnipeg, is

OBITUARIES.

MR. WM. BENTON.

Mr. Wm. Benton, to whose death we made a brief reference in our last issue, was a native of Staffordshire, England. His birth place was Hammett Mill, Lichfield, where the first thirty years of his life was spent. For one year he worked as foreman of Newton's plaster and cement mills, at Rugeley, near Stafford. From there he came to Canada, in the year 1890 leaving Liverpool on Oct. 4th. The next three months were spent in the neighborhood of Scone, where he was employed by Jno. Bearman. In December, 1890, in company with some friends, he visited Durham and the People's Mill, and was engaged by Mr. McGowan to assist in the mill work and care of the electric light plant. On Jan. 16, 1893, he entered the employ-ment of Messrs. McKechnie as second miller, where he remained until over-taken by the illness which ended his life.

The remains were interred on Friday afternoon last, the funeral being under the management of the Canadian Order of Foresters, of which society he was an honored member. A goodly number of the Court here attended in a body duly regaled for the occasion, and marshalled by Mr. Con. Knapp. At the Methodist church an appropriate and impressive sermon was preached by Rev. Wray R. Smith, and in referring to the deceased during his visits with him during his illness, Mr. Benton gave full assurance of his implicit confidence in the power of christianity, and his last words are a consolation to his sorrowing widow and the three children who remain to mourn his untimely departure. The members of the Fire Department were also in attendance to do honor to the deceased, who was a valuable and active member of the Brigade. Mrs. Benton and the family have the sympathy of the community in their sore bereavement.

MRS. DONALD MACKENZIE.

Some five or six weeks ago Mrs. Donald Mackenzie, a resident of this town for over forty-five years, was stricken with paralysis, and since that time, though apparently better at intervals, her recovery was hardly expected. Last week she continued to grow gradually worse and the end seemed near. A telegram to her only surviving son, Alex., in Denver, Colorado, summoned him home, where he arrived on Friday night, only to see his aged mother during the last few hours of her life, death having released her of her sufferings on Sunday morning about nine o'clock.

The deceased was born in the County of Lanark, near the town of Perth, in 1827. Over forty-five years ago she was married to the late Donald Mackenzie, and moved shortly afterwards to Durham, where she lived ever since. The result of the union was five children, three of whom survive, one son, Alexander, who has been a resident of Denver for a number of years, and two daughters, Misses Annie and Belia, at home. Four brothers also survive her viz:—Lachlan McNaughton, near Varney, Donald, at Chesley, and Duncan and John, near Smith's Falls, in the County of Lanark.

The deceased, though healthy, was not exceedingly rugged, and owing to an attack of rheumatic fever some years ago, her strength was somewhat diminished, and being naturally a quiet retiring nature she was very seldom away from her home. Mrs. Mackenzie was highly respected in the community, and the mourning family and relatives have the sympathy of all in their sad bereavement. The remains were interred Tuesday in the Durham Cemetery, Rev. Mr. Farquharson officiating at the house and grave.

EXCHANGE ECHOES.

A valuable cow belonging to Mr. Sangster Hemphill at the station met with a strange death on Friday night last. She was found dead in the field on Saturday morning, and no cause for death being visible an autopsy was performed by Dr. Otte-well, V. S., who discovered that the animal had at some time swallowed a common pin which had gradually worked its way to the heart, and the instant the point had touched that sensitive piece of mechanism poor "Bossy" dropped dead.—Flesherton Advance.

Three men named Herb Taylor, Geo. Phillips and George Brown left here in a skiff about 11.30 Tuesday night for Midland with a consignment of vegetables for the market there. A strong wind was blowing at the time, and they were not long out when their sails and rigging were carried away. The men were forced to throw most of their cargo overboard in order to keep the boat from being swamped. They gradually

drifted to Collingwood, where they were sighted next morning, but it was sometime before assistance could reach them owing to the roughness of the water.—Meaford Mirror.

Strathroy business men are taking a firm stand and refuse to be buncoed into buying tickets for every conceivable thing on the threat of losing custom. Every business man now-a-days is expected to contribute something to every public affair from a baseball match to a church social within ten miles of his place of business. Lots of men put up with this species of intimidation continually and never kick for fear of losing a customer, although they may be on the verge of bankruptcy. The example of Strathroy business men should be universally followed.—Dunville Gazette.

Thos. Anslow, Harriston, and Edward Merrifield, Palmerston, who pleaded guilty to stealing \$20 in money and \$1,000 in promissory notes from Vassar Tanner, of Mount Forest about the first of August, and of burning the notes, were sentenced Saturday afternoon by Judge Jamieson to two months in jail at hard labor. The leniency of the sentence is attributed to the fact that the prisoners have already spent a month in jail, made restitution of the money, and also in consequence of a largely signed petition from the leading men of Harriston and a request from Mr. Tanner that the sentence should be made as light as possible. Mr. Peterson, for the Crown; Mr. Mowat, for prisoners.—Guelph Mercury.

Acton Free Press: Acton friends had a visitor this week who this year had a memorable experience—nothing short of seeing his own funeral procession and the open grave where in he was to have been buried. Last May, Edward McCullough, son of Jas. McCullough, Esq., of Eramosa, while working with his brother in the northwest, was taken ill with appendicitis. This fact was intimated to the friends at home and subsequently a telegram reached them to be prepared to meet Edward at Guelph, who would reach home by a certain train. The wording of this message following the previous information of his serious illness led all at home to conclude that Edward had succumbed to the illness and that it was his remains they were to meet. Preparations were accordingly made for the funeral, a grave was dug in the family plot in the cemetery at the Methodist church, near the Centre Inn, Eramosa, and the friends then went in sad procession to meet the train at Guelph. When the train arrived they proceeded to the express car to receive the expected remains, but imagine their consternation and feeling of joy when Edward alighted from one of the passenger coaches and walked up to them. Instead of going to the cemetery he went to the Guelph General Hospital where an operation was successfully performed and he was recently discharged in the enjoyment of good health.—Acton Free Press.

A GOOD STOMACH.

Is essential to health and happiness, but don't blame the stomach for biliousness. It is the liver that is deranged, and causes poisonous bile to remain in the blood causing indigestion, headache and irregular action of the bowels. Dr. Chase's Kidney-Liver Pills regulate the liver, kidneys and bowels and by their direct action on these organs effect prompt and lasting cures of biliousness, dyspepsia, headache and all kidney ailments. One pill a dose, 25 cents a box, at all dealers.
