HOUSE AND LOT FOR SALE—Large frame dwelling, good stable, well cistern and other conveniences. Apply to Mrs. Kilmer. 3

THE new store and dwelling under construction by Mr. Geo. Lawrence, is progressing as rapidly as the weather will permit. The brick work is now pretty well under way.

THE carpenters are busily engaged on the interior of the new McIntyre Block, but as the contract is a large one, six stores and two dwellings, all under one roof, some time will yet elapse before the work is completed.

MR. ARCHIE McDUGALL, of this office, is recovering, we are pleased to hear, from an attack of fever, which caused his family and friends much alarm for some days.

THE lady who left a child's coat, a dress and some other articles at Alex. McLachlan's store on show day, may get them by calling at this office, and paying for this local.

LOST—The first of September, a black Berkshire sow pig, about six months old. Finder will be rewarded by giving information leading to her recovery. B. CRITTENDEN, Varney.

ANOTHER letter from the Philip- pines in this issue shows that Frank's love for army life is not growing rapidly. The strict Military discipline, however, under which he has been for the past two years, should have a healthful tendency in developing his manhood if turned to proper account.

WE inadvertently omitted last week to refer to the death of a little daughter of Mr. and Mrs. Joseph Brennan, who died after a brief illness. It was only an infant, but the mother will miss her darling one, and in their trouble the parents have our sympathy. Mr. Brennan himself has been ill for some weeks. He took a relapse on going out too soon after an attack of fever. He was quite ill, but we are pleased to learn he is recovering.

MR. H. H. COOK writes to The Mail and Empire, under date, Toronto, October 26:—"The undersigned desires to return his heartfelt thanks to the many members of the Liberal party who have written to him endorsing his course in exposing the treachery to Liberal principles of which the present Government has been guilty, and he desires to say that, inasmuch as it is not possible for him to acknowledge the receipt of each one of the many hundreds of letters so received, he takes this means of doing so.

MR. RICHARDSON had a number from Durham at his meeting in Hanover on Monday night. Though this is the home of Dr. Landerkin, "the medicine chest of the House of Commons," as he was called a few weeks ago by the gifted Liberal from Nova Scotia, Mr. Richardson had a good meeting and will get a goodly number of votes from that enterprising little town. It is not because of any disrespect the citizens have for the Doctor that they, (and some of them have long supported him) have transferred their allegiance to Mr. Richardson on this occasion, but simply because they are not in sympathy with the government he supports.

SOME of our readers are receiving notices of accounts from collectors to whom we gave accounts of 4 years' standing. Many of these we believe are all right but as we were not acquainted with them we had no way of testing them. In one case, however, the delinquent refused his paper without assigning a reason for it and what affected us worse with it was that he refused to pay his arrears. We were warning time and again that we would do, and it became imperative for us at last to take action. No reasonable man can find fault. There are some getting the paper in Durham here, four years behind and if they don't soon whack up, we'll have to resort to severe measures, and we don't like to do so.

Vote for Richardson.

FOR SALE—Fine Bell organ, walnut case, a bargain. Mrs. J. A. Darling.

MISS Annie Sims is employed as teacher for S. S. No. 3, Bentinck, for 1900.

T. P. SMITH, Eye Specialist, at Knapp House, Wednesday, Nov. 14. One day only.

THE adjourned Tax Sale will take place at the Town Hall at one o'clock p. m., on the 14th November. 2

QUARTERLY meeting service will be held in the Methodist Church here on Sunday morning next.

FOR SALE—A good working mare, 12 years old, in foal to thoroughbred clyde horse. R. T. EDWARDS, Traverson.

EVERY man who is entitled to vote should do so on Wednesday next. This is the only way to get an exact expression of public opinion.

HORTICULTURISTS attention!—The members of the society will please immediately call on the secretary and receive their fall premiums.

MR. T. P. SMITH, Eye Specialist, will be at the Knapp House on Wednesday, the 14th day of November. Eyes scientifically tested. Consultation free. One day only. See ad. on another column.

SHOOTING MATCH.—A shooting match will be held at lot 5, con. 2, Egremont, on Monday, Nov. 5, 1900, when 60 turkeys and a number of geese will be competed for. No. 6 shot to be used. Adam Hillis, Prop.

MR. RICHARDSON'S meeting at Elmwood on Tuesday night was a great success, and Conservatives who always regarded that division as a Liberal stronghold have high hopes that the Conservative candidate will get a good share of support. Mr. Cargill's meeting was held at the same time. There were no speakers for the Liberal candidates.

THE climax of his ambition was reached last week when Mr. Neil McKechnie was enabled to have the documents signed, sealed and forwarded for the application for a charter for the Durham Portland Cement Co. to be established in Durham. Though Mr. McKechnie has met with much opposition in the setting forth of his plans we sincerely trust now that as soon as the charter is once obtained there will be no difficulty in getting the full stock subscribed, and operations at once commenced.

Duncan Bole, whose name is so well known for the part he took in the West Elgin election frauds arrived in Owen Sound last week. This is the man for whose arrest a warrant was issued but who escaped from the hands of the constable at Sault Ste. Marie. He is a native of this country having spent his boyhood and early manhood in the townships of St. Vincent, Collingwood and Euprasia, where he taught school for a number of years. His destination this trip is not known. Some of the old machines may be in need of a little doctoring up about this time.

THIS is the last week we shall worry our readers to any great extent about politics. Before the next issue is in press the voting will be in progress, and the fate of one party or the other fixed for another five years. We always did contend that local papers should do their best to give local news, yet no one should be so indifferent to the well being of his country as to allow to go unchallenged the wrong doings of a party and advocate such measures as should be for the country's best interests. Differences of opinion have always existed and always will exist, but the proper expression of opinions should engender no hard feelings after the battle is over.

PERSONAL MENTION.

MR. G. L. Hughes visited Hanover friends on Sunday last.

Miss Minnie Burnett spent a pleasant week visiting relatives in Priceville, Hopeville and Dundalk.

MR. A. H. Burnett, of Hopeville, visited his sister-in-law, Mrs. D. Burnett, of Glenelg, last week.

Master Hermie Burnett spent Thanksgiving holidays with his sister, Mrs. R. J. Vollett, of Stratford.

MR. Geo. Sparling left Monday morning for St. Marys to visit his brother and other relatives for a few days.

MR. McDonald, of Manitowaning, a former resident of Bentinck, is visiting his many friends and acquaintances in the vicinity.

Ed Motely returned last week after taking a trip to England. Though he likes the country in some ways the climate did not agree with him.

MR. A. H. Jackson will leave shortly for South Carolina where he intends to remain for some time, if not make it his permanent home. Arthur is a young man who will carry with him the best wishes of the community. We wish him unbounded success.

HITS AND MISSES.

People who are always hunting for trouble have no difficulty in finding it.

Hugh John is called the man who keeps his word. The Collingwood Enterprise says H. H. Cook is "the man who keeps his money."

MR. Richardson's word will go at par by those who know him. It's not necessary to carry declarations in your pocket to prove that he's honest.

IT is worse than a Chinese puzzle to figure out how men can lie all week in politics, and on Sunday put on a sanctified face and take part in the service.

H. H. Miller will have a job to make the people believe that coal oil is as cheap now as it was in 1896. He tried it at one meeting but it didn't go down.

FOR a sworn pedigree of Mr. M. Richardson apply to W. Calder. Hold him up any place; he has it in his pocket unless he lost it since the Dromore meeting.

WE can vote for Richardson with a clever conscience. If he were a Liberal it would be a trial to vote against him, were it not for such men as Tarte and others who rule the roost at Ottawa.

An exchange says half the girls are either handsome or accomplished. The other half would make good wives. We don't know anything about them more than that they're all cranky when you tread on their corns.

Hawkers Wanted—Must be hustlers. To peddle beer bubbles for the next eight days. Better go in gangs as the last fellow that tried alone was knocked out the first round. Big inducements to the right men. Apply at once to Colly Bilder, Windmill Point.—1 pd.

IT was quite a ruse for Dr. Landerkin's representative to keep silent when called upon at the beginning of Mr. Richardson's meeting in Hanover, and then come forward at the close when he felt confident he should in all fairness be refused a hearing. Look out for a whine to say the Conservatives wouldn't give him a chance. Just what we expect and if it doesn't come we'll be disappointed.

W. H. LYNCH ON THE YUKON CHARGES.

MR. W. H. Lynch, whom we know well as a staunch Liberal was sent as a commissioner by the present administration into the Yukon district for the purpose of investigation, in a careful address lets in some new light on what he himself calls "a most disgraceful state of affairs in the Yukon district." He announces that he was an old Liberal, a true Liberal at present, but above all an independent Liberal. He, in addressing a Conservative meeting at Montreal, said he had asked permission to speak many times, and never could get a chance from his own party. Now the Conservatives from whom he had differed in the main had given him that opportunity and he wished to open the eyes of the people of Canada to another great scandal that had been placed upon them. In answer to the statements recently made by Sir Wilfrid Laurier and Mr. Tarte in which they condemned the Senate for opposing the Yukon Railway arrangements, and regard the action as damaging the country to the extent of several millions of dollars. Mr. Lynch points out that the Premier is not in a position to speak on that question not being sufficiently conversant

with the facts in the case. Mr. Lynch says that if the Premier is ungarded in his statements along this line, it is not to be supposed that he will be reliable on other matters, and in order to prevent this he felt it his duty to speak out that the world might know the truth.

AFTER discussing the two proposed routes Mr. Lynch turned to the Yukon charges made by Sir Charles Hibbert Tupper in reference to the conduct of the mining officials. From what he said it would appear that there are many things connected with the administration of the country that would not bear investigation Mr. Lynch denounced the whole business as "rotten" and said that if the Government made a blunder and suppressed it they should be blamed.

In his concluding remarks Mr. Lynch said "the blame should be placed in the right place, not on the Senate, but on Mr. Sifton and his department, who go blindly into the matter. The Government refused to follow the course of independent Liberals and they must in consequence suffer the penalty."

FRENCH-CANADIANS BEWARE!

The following article, translated from the French, is sufficiently explanatory to need very little comment signed as it is by forty-seven Conservative candidates, most of whom are French-Canadians. There is sufficient evidence to believe that no fear of race oppression is apprehended under Conservative rule. Moreover the spirit of the article throughout makes straight for the amalgamation of races and creeds rather than engendering the bitter feelings of animosity, that such men as Tarte would have us perpetuate. The following is the appeal made:—

Finding the French-Canadians in their might to overthrow the Tarte Government, the Liberals have printed and issued at the last hour on the very eve of an election a pamphlet intended to rouse unthinking masses to the frenzy of a mob in the hope of carrying them to the ballot-boxes blinded by racial prejudice. There never was a more deliberate attempt to raise a veritable race war, and which if persisted in can scarcely end in anything but open rebellion or annexation.

IT is the work of men driven by despair and who, rather than risk the will of the people at the polls, descend to the wretched expedient of arousing, by inflammatory appeals and imaginary stories, the worst passions that human beings can be guilty of. As the Boxer element in China roused to deeds of violence and blood-shed, so the Liberals in this pamphlet seek to deprive reason and intelligence, and to drive our people of the province to acts they regret all their lives.

Tarte and Blair and Sifton think they can deceive us French-Canadians, but let them beware.

The French-Canadians are finding out that Mr. Tarte, who was a poor man in 1896, is now rich and lives luxuriously. He and his Liberal Government have made life dear for the poor man. Clothing, coal oil, groceries, hardware, furniture, coal, everything is dearer now than when the Conservatives were in power. Tarte thinks by exciting us, the French-Canadians, on the race question, he will make us forget the extravagance of the Liberal Government, the corruption of the Liberal Government, the scandals of the Liberal Government. Tarte and Blair and Sifton think if they can only entrap the people into giving them another term any device or stratagem will do and then they can snap their fingers at the people. Blair has grown suddenly rich, and is buying for his house the finest pictures and work of art in Europe. Sifton rejoices in a princely expenditure in his own way.

All these men were poor men four short years ago. Now they are growing rich by leaps and bounds.

Laurier has to say, u power, no influence over these men, and has become their tool.

The outlook is black unless the people use the only remedy open to a free people.

French-Canadians, beware. Do not let Tarte deceive us.

Sir Charles Tupper, Hon. George Foster, Hugh John Macdonald, Hon. T. C. Casgrain, Mr. J. G. H. Bergeron, Sir Adolphe Caron, Hon. L. O. Taillon, Hon. T. C. Capais and other leading Conservatives have spoken throughout Quebec, Ontario, New Brunswick, Nova Scotia. Have these men uttered one word in Quebec that they have not repeated in other provinces? Have they uttered one word in the English provinces that they have not uttered in Quebec before French-Canadian audiences? Not one.

Why is this? Because these Conservatives, rear-

ed in the Macdonald-Cartier school, are statesmen, not unpatriotic politicians.

We French-Canadians want to live on terms of friendship with our English-speaking fellow-citizens. We want to trade together, we want to work for each other, and we want to make Canada a grand country.

In the United States the Americans—French, German, Swiss, Austrians; Russians, Italians—all live in peace together and make their country great and their people happy.

Let us do so in Canada, and we will get more that is good out of our lives.

We the undersigned French-Canadian candidates for Parliament call upon our French-Canadian fellow-countrymen to stop and think before giving way to the passions that Tarte and the Liberals with him of this province are trying to excite. Beware before it is too late.

This election pamphlet referred to is not the work of men who are friends of French-Canadians or any other Canadians. It is the work of the power of darkness in an attempt to incite men to crimes that may stain Canadian history and never be forgotten.

Do not give the world the spectacle of the French-Canadian race being led by fanatical politicians.

Think before it is forever too late.

Fellow French-Canadians, be patriots. Think of our past history and the possibilities of a glorious future and refuse to be led by zealots.

Signed by the following Conservative candidates:—J. G. H. Bergeron, Beauharnois. T. C. Casgrain, Montmorency. L. O. Taillon, Bagot. Sir A. A. Caron, Three Rivers. C. Bolduc, Beauce. E. Painters' Kidneys.

The worst thing a painter has to contend with is the turpentine. The lead, of course, is bad too. But the turpentine cures the kidneys, inflames and weakens them, makes the painter's life a dangerous and troublesome one. When a painter's back aches, it is time for him to begin treating the kidneys.

DOAN'S KIDNEY PILLS

will fix them up—take out the inflammation and congestion, give ease to the aching back.

Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: "About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine. He said the trouble was due to a stone passing from the kidney to the bladder. My water was loaded with a brick dust deposit and scalded on passing. While in this condition I heard of Doan's Kidney Pills and started taking them. It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years."

LAXA-LIVER PILLS.

These little black fellows act easily and naturally on the system, clearing away all bile and effete material. Constipation, biliousness, dyspepsia, sick headache, heartburn, waterbrash—all disappear when they are used. Price 25c.
