Mr. Roy Hamilton and sister, Miss Blanche, Misses Hattie and Carrie Sullivan spent Sunday with friends at Thornbury, and Miss Amy Kerr visited at Heathcote.

Mr. George White, of Toronto, visited over Sunday with his brother-in-law, Mr. W. Barnhouse.

Mrs. Joseph LeGard who has been visiting members of her family here for some time returned to her home in Toronto last week.

Mrs. Plewis is visiting her daughter, Mrs. Fred Bunt.

Mr. Thos. A. Strain of Thessalon, visited for a couple of days last week with his mother-in-law, Mrs. Geo. Rutledge, here.

Mr. John Jones, of Merriton, visited from Thursday last till Monday with his son-in-law, Mr. Chas. W. Bellamy.

PRICEVILLE.

Last week we visited the Priceville cemetery, where many improvements have lately been made. A neat wire fence has been put up along the Gravel road side of the grounds, which is a great improvement on the old pickets. A number of monuments have been put in position and straightened, and several new ones erected. Amongst those we observed one erected by Miss Wright in memory of her father and mother, and another erected by D. K. McArthur, Esq., of Hopeville, in memory of his children. The Wright monument is a very neat piece of work. The McArthur monument is one of the finest specimens of Swedish granite work that we have ever seen and attracted the attention of many when being put up. It will be an object of interest to visitors in future, and both of these monuments reflect great credit upon the contractors, Messrs. Robinson and Corbett, of Mt. Forest, both from the quality of the material and the neat and workman-like manner in which they finished their work.

Dr. Landerkin and H. H. Miller, of Hanover, held a meeting here last Saturday afternoon. The fine weather prevailing prevented many from turning out. So the meeting was a much smaller one than if it had been held in the evening.

Mr. Colin McLean is putting up a building near the post office to accommodate his chop mill, and is kept busy attending to chopping and carpenters at the same time. He will soon have better accommodation there for a rush.

Mr. John Conkey left here last Saturday for the Soo to join his brother, William, who is engaged in lumber business near there. We expect to hear of his success as he is a hustler.

A coat of gravel has been placed on the road near the tannery. It was none too soon. But we think a little less sand and more stone would have made a much more satisfactory road. Of course our opinion is of no consequence. We never built any roads.

Mr. Alex. Livingston left here last week for the Soo, Mich., to work in the lumber woods. Men and boys will be scarce here this winter if many more leave this vicinity.

The brick work at the Commercial Hotel is finished, and it adds considerably to the appearance of the west end of the village. Contractor Watson has made a good job of it.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it's equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at all druggists. Trial bottles free. 1m.

Hollowe'en passed over very orderly here. Master Emerson Bellamy gave a party to a number of his young friends, and a number of the adults attended an annual social function at the home of Mr. and Mrs. Wilson McMullen, west back line.

The Flesherton Station Orangemen celebrated the Gunpowder Plot on Monday evening last with a fowl supper and entertainment which was a pleasing and successful affair.

Quarterly Sacramental service was held in the Methodist Church on Sabbath conducted by the pastor,
