Of Interest to Farmers.

Mr. and Mrs. J. Eden were the guests of Mr. and Mrs. J. Carson one day last week.

Miss Susie McKinnon, of Durham, is busy dressmaking in our burg this last week.

Mr. G. C. Creelman, Superintendent of Farmers' Institutes, has just completed arrangements for the holding of over 700 meetings during the coming months of December, January and February. All the delegates who have been appointed to address the various Institute meetings are practical men who have studied closely the practical men who have studied closely the subjects they are advertised to discuss.

Besides the regular topics there are three special subjects that will receive attention this winter and the following instructions Miss Ada Reeding, of Guelph, after have been issued to the delegates by the Superintendent:

wisdom of this course is already manifest-Mr. and Mrs. S. T. Orchard were offered for sale this fall than ever before. ince states that for the first time the bacon breeds lead in the number of thoroughbred animals registered and we are receiving enquiries from all parts of the Province in reference to the breeding, feeding and finishing of this class of animals. It is likely, therefore, that this subject will some up for discussion again at many of our meetings this winter. Our duty does not lie along the line of advising farmers to me." take up hog raising as a business, but rather to assist those who are already pork producers to raise and put on the market a petter article than they have done hereto-The Toronto Globe of Friday week fore. We have not a home market now for compete with the Americans in their market

Winter Fair, it is expected that an expert will be there to address you on this topic and we hope also to have a cold storage

Another industry that is deserving of more attention than it receives, and which the Hon. Minister of Agriculture is anxious to promote, is that of Poultry Raising and Fattening for the Home and Foreign Markets I am arranging for a series of special poultry meetings in connection with our regular and supplimentary meetings, but the number of farmers who will attend these district meetings must of necessity be limited and I request that you acquaint yourself with what has been done and is being done in this country to promote this industry.
Special instruction on poultry matters will
also be furnished at the Winter Fair and you will there obtain practical hints and in-termation that should be useful to you in your winter meetings."
