At elections, 28 the Returning officers have often to invent distinctive appellations for several persons of the same name who come forward to vote. In population, Glenelg stood third in the County at the census of 1861, being set down at 3,065. The first settlements were on the several roads touching or running through the township, on which "free grants" were made made by the Government. The reader is referred to "Durham," "Garafraxa" and "Toronto" Roads for further information regarding them. Glenelg was surveyed by John Stoughton Dennis, Esq., P. L. S., in 1850. A Gentle Hint.

In our style of climate, with its sudden changes of temperature,rain, wind and sunshine often intermingled in a single day,-it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's till, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Seyere Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Regular size, 75 cts.
