BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus or poison has been eradicated from the system. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, itching sores, itches of the skin, sores or blotches on the body, eyes red and smart, dyspepsia, itching of the stomach, sexual weakness—mercury and potash—which only support system with the old foggy treatment—mercury and potash—which only support the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. E. A. C. writes: "Your remedies have done me more good than Hot Springs and all the doctors and medicines I had previously tried. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathsome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."

County Council.

PROSPECTS BRIGHTENING FOR A HOUSE OF REFUGE FOR THE COUNTY.

(Continued from Owen Sound Sun.)

Council met Friday morning; all the members present. Mr. McKinnon presented Report No. 1, of Road and Bridge Committee which embraced a large number of accounts for repairs to bridges and general inspection of the same and was adopted without amendment. By-law No. 605, to appoint a Collegiate Institute Trustee in the room and stead of Dr. Waites, who has removed from the County was read a second and third time and finally passed. Rev. Mr. Ardill being appointed to the vacant trusteeship.

Mr. Schenk presented report No. 1 of Printing Committee which recommended the payment of sundry printing accounts.

Mr. Harness introduced the following resolution: That it would appear on account of a recent amendment to the criminal code that it would be in the public interest to appoint a committee composed of the following members, viz: Messrs. Preston, Agnew, Gordon, McKinnon and the mover to obtain all possible information, both as to cost and size of buildings and the most suitable quality of land, for the purpose of a House of Refuge, and report at the January session of this Council. This resolution was carried, and the Council adjourned till Friday evening.

FRIDAY EVENING.

Mr. McKinnon presented Report No. 2 of Road and Bridge Committee, which dealt with bridge repairs accounts and was on resolution adopted. A report from the Communication and Memorial Committee was presented by Mr. McColeman. It contained nothing of any great importance. On resolution a by-law was put through its several readings to appoint Mr. John Brown, of Durham, an arbitrator in the stead of Mr. Jno. McDonald in the matter of the annexing of certain lands now in the town of Owen Sound to the township of Sydenham. A resolution to substitute the name of C. R. Sing, of Meaford, for that of Mr. John Brown in the By-law was offered but failed to carry.

Mr. Harness moved the following resolution, which was put to Council but lost on a division: That in accordance with notice of motion given at last January session, the Warden and Clerk be instructed to prepare a memorial to be presented for the Ontario Legislature asking that body to so amend the Municipal Act, as that the County Councils shall be composed of the senior councillors of towns and the Reeves of the townships and villages in the several counties, believing assuredly they are in touch with the ratepayers in their several local municipalities, and better understand the requirements of the constituents; and further by this method every municipality included in the County would have representation in the County Council; and in matters of money votes justice might be secured to the large municipalities by giving their Reeves a plurality of votes according to numbers and assessment. The yeas on the motion were Messrs. Gordon, Harness, Preston, Pringle, Ries, Shute, (6) Nays—Agnew, Allan, McArthur, McColeman, McDonald, McKinnon, Schenk, Watson and the Warden, (9).

Council adjourned until Saturday morning.

WARDEN BROWN'S ADDRESS.

Warden G. A. Brown was very happy in his opening address, which may be summarized as follows: He referred to the harmony which had existed at previous meetings during his tenure of office and expressed the hope that the same good feeling would continue. He was glad to get back to the Court House again, although they had all enjoyed the genuine hospitality extended to the members at the June session in Markdale. Reference was also made to the fact that the last session held at the court house was full of painful memories, the chamber then being draped out of respect to the memory of Queen Victoria, who had just passed away. Great Britain had since passed through many trials by reason of the war in South Africa and Canada had also shared in the loss of many good men which this terrible

war had entailed. Since their last meeting the people of the United States had suffered the loss of their president at the hands of a dastardly assassin, and the untoward event had called forth the sympathy of the Canadian people in a marked degree. Reference was also made to the growth of Canada and the development of New Ontario, which had proven to be almost boundless in extent and practically unlimited in natural resources. Navigation returns showed a vast increase in the passenger traffic and the tonnage carried, the immense products of the great west being largely responsible for this development. The facilities were not yet in keeping with the demand, but the railway companies at O. Sound and Meaford were adding to their facilities and still greater things were anticipated. The time had now arrived for constructing a house of refuge and equalizing the assessment, both of which he hoped would be dealt with by the Council in a proper spirit. The question of adopting a humane system for the care of the poor and unfortunate was an urgent one and he hoped to see it pushed along as rapidly as possible. Other matter likely to engage the attention of the Council were also referred to, the entire address created a very favorable impression and redounded to the credit of the warden, whose occupancy of the chair during the term has shown him to be a very acceptable man for the position.

Killed on The Track.

Simcoe, Dec. 2.—Saturday afternoon, Mrs. John Maher, about 40 years of age, sometimes known as Mrs. Cronk, was killed by G. T. R. train No. 47, north bound. Mrs. Maher lives near Nixon. The walking being bad on the road, she took the track, and had got about a mile and a quarter on her way when the train approached her. The engineer seeing her, blew his whistle. On hearing the signal the woman stepped off the track and on again as the train neared, and she was struck and instantly killed. The remains were brought to the station here. The case is being investigated.

KICK A DOG

Kick a dog and he bites you.

He bites you and you kick him.

The more you kick the more

he bites and the more he bites

the more you kick. Each

makes the other worse.

A thin body makes thin

blood. Thin blood makes a

thin body. Each makes the

other worse. If there is going

to be a change the help must

come from outside.

Scott's Emulsion is the right

help. It breaks up such a

combination. First it sets the

stomach right. Then it en-

riches the blood. That

strengthens the body and it

begins to grow new flesh.

A strong body makes rich

blood and rich blood makes a

strong body. Each makes the

other better. This is the way

Scott's Emulsion puts the thin

body on its feet. Now it can

get along by itself. No need

of medicine.

As the 15th day of December, the day fixed by statute happens to fall on a Sunday, the succeeding day, December 16th, is there fore the legal day for holding the meeting. All who may have business at the meeting please govern themselves accordingly.

GEORGE HOPF, Clerk.

Patnam's Corn Extractor

EXCHANGE ECHOES.
The C. H. Ingwood Bulletin advocates with a great deal of reason that a new county should be formed out of the township of Sunnidale, Nottawasaga, Collingwood and Osprey, with towns of Thornbury, Stayner and Collingwood; the latter would of course be County Town. Collingwood will shortly reach a population of ten thousand, and is far more convenient for this district than Owen Sound. We would like to hear from our readers on this subject.—Clarksburg Reflector.

The new cement works at Durham are to be a colossal scale. Two hundred men and 50 teams are engaged on construction work. Over 200 carloads of machinery is required and about \$400,000 worth has been already ordered, much of it from Canadian firms, but some from the Krupp Works in Germany. The machinery will be run by electricity. The buildings will be of steel, with walls of cement blocks, and will be fireproof. The plant will be four times larger than any in operation now in Canada, and will have a capacity of 1,000 barrels a day.—Listowel Standard.

It looks as though the house of refuge may become a fact in the near future. The county council is meeting this week, and at the June session, it will be remembered, notice was given that the question would be brought up at this session. It is understood that Mr. John McDonald will withdraw his opposition, and if he does so it is believed that the division in favor of the house of refuge will carry the day. The necessity of such a refuge for the aged poor is quite generally recognized now, and definite steps to the much desired end may be taken within the next few days.—Owen Sound Times

Joseph Black, of Proton, is under the impression that our report of the sad death of his wife casts some reflection on him. If such meaning was taken out of the report it was not intended. The report stated that the hired help were out on that evening. The fact of the matter is the hired girl left four days before Mrs. Black's death. Mr. Black's statement about the poisons in the house is easily explained. He was trying to scare her as the more he looked after her the more trouble she tried to give him. Mr. Black is a man who stands high in the estimation of his neighbors, and his truthful statements at the inquest show that he had no desire to conceal anything in the matter, consequently there is no doubt hanging over his head.—Shelburne Free Press.

FOUL BREATH, CATARRH, HEADACHE
Are Banished by Dr. Agnew's Catarrhal Powder. It relieves in 10 minutes.

F. A. Bottom, druggist, Cookshire, Que., says: "For 20 years I suffered from Catarrh. My breath was very offensive even to myself. I tried everything which promised me a cure. In almost all instances I had to proclaim them no good at all. I was induced to try Dr. Agnew's Catarrhal Powder. I got relief instantly after first application. It cured me and I am free from all effects of it."
