get that Prof. Alexander gave it as his opinion, without any shadow of doubt that most of the novel readers of the present day read far too much novel literature of a class too airy to be of any moral benefit.

Aberdeen, Dec. 19, 1901. We regret the attendance was so small, and we regret to be unable to say conscientiously that another "lecture" would bring a full house. We regret also to say that the old hall is too cold and too uncomfortable for any human being to expose himself in wintown. Yet with a sufficient number of stoves it might be possible to make it comfortably warm. This is a hard opinion, plainly put, yet we have no fear of a successful contridiction.

Il ing inio stock improvement more extensively. A few weeks ago he was down the country and purchased a pedigreed Hereford that hasn't a superior in the country. This is certainly good news to country. This is certainly good news to the farmers in the vicinity who have any desire to improve their stock. To be seen the farmers of the country and purchased a pedigreed best physicians in the Country without avail. Attracted by testimony of most marvellous cures by South American Kidney Cure he procured it, and before he had used one bottle was completely country.
