CONDOLENCE

At the annual meeting of the Durham District L. O. L. the following resolution of condolence was unanimously adopted.

Whereas it has pleased an all-wise Providence to enter our ranks and take from us our loved and esteemed Brethren George Noble of L. O. L. No. 632, Samuel Orchard of L. O. L. No. 689.

Be it resolved that, though bowing in humble submission to his will which is always for the best, we feel the Durham District has lost Brethren whose unswerving love and loyalty to the order is worthy of our emulation friends and companions, loved by all true and worthy citizens. Resolved that we sincerely condole with the families and friends of the deceased in the sad bereavement which it has pleased Divine Providence to afflict them with and commend them for consolation to Him who has said that He putteth our tears in His bottle, not even a sparrow falleth to the ground without His notice, and that all things work together for good to those who love God.

Signed in behalf of the Durham District L. O. L.:

A Financier.

He was president of a railroad, and so terribly close was he. He hated to let the conductor and engineer ride free! And once a train struck a farmer's cow and threw her into the air. And she lit on the cowcatcher coming down, and they didn't know she was there. She was carried twelve miles before they stopped, and what could the farmer do? For the cow, by a miracle, wasn't hurt, so he had no grounds to sue. And on top of that he received a bill which made him swear and swear. For the president wouldn't give up his cow till he paid her railroad fare!

TURNED THE TIDE

In half an hour after Mr. Lavers took the first dose of Dr. Agnew's Cure for the Heart he was on the road to permanent recovery.

"I was under treatment with some of the best physicians in London (England) for what they diagnosed as incurable heart trouble. I suffered agonies through pains about my heart, fainting spells, palpitation and exhaustion. As a drowning man grasps at a straw, I tried Dr. Agnew's Cure for the Heart. The first bottle relieved me greatly, and when I had used two bottles all the symptoms of my heart trouble had left me."

CHURCH NOTES.

PRESBYTERIAN.

The Annual congregational meeting was held on Monday last and, notwithstanding the stormy weather there was a very fair attendance. The reports of the various organizations in connection with the church were all printed and presented in a neat pamphlet, which thus bears the official record of the congregation's work for the year. The Session report was an attempt to present such facts in connection with the attendance on public worship, sacraments, and prayer meetings as indicate the real life of the people. Though in no way making little of difficulties that are met with, the report was on the whole, hopeful and stimulating. One recurring note of sadness from year to year appears in these reports in the list of those whom we shall no more meet on earth. The list this year is unusually large, having eighteen names on the memorial page. After expressing in general the sorrow at so many being taken away, the report makes the following reference which will be of interest to the public at large: "Of the many taken from us during the year, it is fitting that special mention should be made of Dr. James Gun, who during so many years, was a leading spirit in the Durham congregation. Uniting with the church here in 1861, he was soon elected to the eldership, and for over thirty years was an honored member of the session. His special interest was with the young people and, for nearly forty years, he had charge of the Bible Class of which he was an enthusiastic teacher. How much the congregation owes to his life and labors cannot be estimated, but now that he rests from his labors, it is our earnest prayer that his works may follow him."

Interest in missions is manifested by a contribution of \$25.00 from the Sabbath School; \$8.00 from the Y. P. S. C. E., \$22.00 to Knox College Missionary society, \$46.00 to the work of the W. F. M. S., and \$270.00 to the general schemes of the church, making a total of \$374.00. The total revenue for ordinary congregational purposes was \$1675.00, which after being reduced by a large contribution to the Building Fund leaves a balance in the treasury of \$102.00. The amount up to date, paid into the Building fund is \$2618.00. The books show \$465.00 of subscription not due till next year. There will, when these have all been paid, be only some \$300.00 unprovided for. Perhaps the boldest financing of the year was done by the ladies in paying off the debt on the seats. A year ago they faced the task of raising \$875.00. The young people came to their aid with \$100.00, and from various other sources the money was gathered till they are able to report that their debt is reduced to \$250.00, which is hoped will altogether disappear by the time the next report is issued.

Votes of thanks were given to the choir, to the teaching staff of the Sabbath School, the ushers and to Mr. Calder for his work as treasurer of the Building fund. To Miss Bella McKenzie were given, not only thanks but a substantial rise in salary. Messrs. Calder, Picken and Ramage were re-elected managers, and Messrs. T. Lauder and Walter Nichol were again appointed ushers.

After a pleasant social chat over the tea-cups the meeting broke up each taking his own way facing the storm that blew outside, but all feeling warmer at least after the successful gathering.

On Tuesday evening an entertainment was given to the children of the Sabbath School. The tables laden with pie and cake were enough to make any boy or girl's heart glad, and the little program was a delight to all. Much credit is due to Misses Mamie Hunter, Erna Schwenc, Pearl Ireland and J. Farquharson for their care in training them for the several pieces. A pleasing little address was made by Mr. Allan, and interesting Gramophone selections were given by Mr. Macfarlane. The National Anthem closed the happy little meeting.

METHODISTS.

Are the following the five points of Methodism? They should be: I believe in spirituality. I believe in regularity. I believe in punctuality. I believe in cordiality.

The special services in the Methodist Church are still being conducted by the Pastor.

A number of the friends from Zion were with us last Thursday and Friday evenings.

The Rev. Newton, of the Baptist Church, preached on Friday evening last.

The Pastor will preach next Sunday morning and evening, the Evangelistic Services being still continued.

THE TORONTO DAILY STAR

Toronto's Best Daily Everybody Says So!

THOSE who do not take it do not know for themselves what all its readers say, that it is the brightest and most up-to-date of Toronto's dailies. Its circulation is growing rapidly. Only one thing prevents still more rapid growth: the fact that people who do not see it do not know what they are missing. To make the acquaintance, therefore, of thousands of new subscribers, THE STAR is giving away this beautiful portrait of KING EDWARD.

The Toronto Star's Portrait of King Edward

THE TORONTO STAR's portrait of King Edward VII. reaches the highest standard of lithography attainable on this continent. It shows His Majesty in official uniform, with its decorations in their proper colors. As a piece of portraiture, it is the best obtainable—better than a photograph, as all oil paintings by competent artists must be. The artistic value is heightened by a rich background, which increases in the print the effect of an oil painting. The gold of the uniform stands out upon the picture with striking richness. The picture is 18 inches by 24 inches, a convenient size for framing. The paper is of the finest and heaviest quality. No expense has been spared in the work. According to the price charged for some other pictures of King Edward which have been displayed in shop windows, this one is easily worth \$1.00.

A copy of this picture was sent to His Majesty, and a letter received from the Lord Chamberlain's office expresses appreciation of its cleverness, and states that the picture was seen by His Majesty.
