J. A. HUNTER.

We expect to do more business this week than usual to supply the wants of those who were unable to get out during the storm. Everybody will be in with a rush. One little bit of advice: Bring your list written out, as it saves time and you don't go home forgetting half your wants. We are head over heels into Stock-taking, and are throwing out every piece of goods that is over a year or so old. We consider goods should be sold the season they are bought. We prefer the nimble sixpence to the slow shilling.

> OUR STOCK has the reputation of being the Cleanest, Brightest and Newest north of Toronto, and it is only by constant watching and weeding out that we keep it so. Our new goods are arriving daily, and will be opened up as soon as we get through Stock-taking, or say in a week. They include :

The Slater Shoes for Men. The Empress Shoes for Women. Sanford's Clothing. Christie's Hats for Spring, Men's. Staunton's Wall Paper. Newest Designs in Lace Curtains. Laces, Carpets and Rugs.

PRICEVILLE.

On Saturday, Feb. 8th, one of the residents of this village, in the person of Miss Annie McKinnon, passed away to the great beyond. For some months past she failled rapidly in health, and a few weeks previous to her death was entirely unable to leave the house. One of her sisters came from the United States and faithfully attended her for some time before her death. She was kindly assisted in this duty by a number of the women folk, both from the village and from the country. The deceased was in her 48th year. Under all the circumstances attending her life for some years past, there is no doubt that her death was a happy release from both mental and bodily suffer-Priceville cametery on Monday, the 10th inst., in the afternoon. There is much indignation in Owen Sound over the action of the County Council in raising the town's assessment by a quarter of a million dollars. Were the raise at all equitable, and in harmony with the eternal fitness of things in other municipalities in to make a prosperous town bear an unfair share of the taxation, to make up the deficiency due to the small assessment of practically all of the townships.
