#### CORNER CONCERNS.

It is an ill wind that blows nobody good. The Ayton Advance was almost unheard of by Egremonters until it received publicity last week for cheap work in doing our township That's the last of the season. printing. Of course, the action on the part of the Councillors, would look as if they wished to force the Durham and Mount Forest papers, whose subscription list covers all Egremont and whose courtesy in printing the Council Minutes was a benefit to all, into ignoring their doings altogether, in fact the suspicious ones are wildly predicting that the Fathers are paving the way to actions they don't wish to have spread all aver the township by newspapers. For our part we sincerely believe such is not the case, but simply that those innocent, confiding souls, thought by saving a few dollars to the township they would gain the implicit faith of the electors so completely that they would never require to see what they were doing, but would feel safe with the mere knowledge that it was they who were the complexion, rid it of eruptions, yellow skin, at the helm. We feel sure they will reply to the criticism of their wisdom and explain the why for of their actions or who was to blame, unless they think like many that to wade into an Editor for exposing the mis takes of ones life is little more satis- Municipal Notice! faction than jumping into any other mud puddle you come across.

This section has had more than its share of sadness, 3 deaths occurring in one week. The one closest to the Corners was Miss Martha Bradley, who has been in poor health all winter, passed peacefully away on Thursday. She was of a retiring disposition consequently had no enemies but a large circle of friends, many of whom were able to be present to pay their last tribute of respect at the burial on Saturday, which took place to Maplewood cemetery. It is much less than a year since her brother suddenly died. The family have the sympathy of all in this part in their

sad bereavement. All hearts, especially the young were saddened on Saturday by hear ing of the decrase of Miss Mary Alian of Holstein. She attended our school when a little girl and won the esteem of all, and fully held ever since.
