DURHAM, MARCH 27TH, 1902.

People We Know

THE GOING AND COMING OF VISITORS IN THE MONTH OF MARCH.

Mr. T. J. Skelton, marbleman, of Walkerton, was in town yesterday.

Mr. Chas. McKinnon was in Toronto last week.

Mr. J. M. Sutherland, of Forest, visited Mr. W. B. Vollet and family.

Mrs. Arch. MacFarlane, of Picton, visited the MacFarlane family in town last week.

Rev. W. L. Newton was in Owen Sound last week.

Walter Burns is engaged with the Cement Co. after all.

Miss Wright, of Priceville, is visiting in town with Dr. and Mrs. Hutton.

Miss Courts and her sister, Miss Lizzie, of Goderich, are visiting their uncle, Mr. Jas. McNally.

Mrs. Gun returned last week from a three weeks' visit with her son, Mr. J. R. Gun, of Bright, Oxford Co.

Mr. J. Calder, Supt. of underwriters association, was in town over Sunday.

Mr. Sutherland, of Fort William, spent a few days in town, the guest of his sister, Mrs. W. B. Vollet.

Mr. D. L. McIntyre, of Toronto, formerly Buttermaker at the factory here, is visiting friends in town.

Mrs. Laurie left this Thursday morning to spend the Easter holidays with her two daughters in Toronto.

Miss Amy Reynolds, who has been in Jackson, Michigan, for the past two years, is home on an extended visit to her parents in Glenelg.

Dr. P. C. Park, of Hamilton, is intended leaving the 5th of April for the hospitals in New York, London, Eng. and Switzerland, where he will spend a few months.

Consumption is infectious. Every precaution should be taken to prevent its spread of the "White Plague." Persons coming into contact with consumptives should inhale Catarrhose several times each day as it is a powerful destroyer of disease germs, and renders them innocuous. Catarrhose is a most efficient preventive and may be thoroughly relied upon to promote expectoration, soothe the cough, and benefit in many ways too numerous to mention. Both from a medical and scientific point of view Catarrhose is the most valuable addition to the armament against consumption. Its merit cannot be too warmly applauded. Sold at all druggists, two months' treatment, price \$1, small size 25c., or by mail from N. C. Polson & Co., Kingston, Ont.

LETTER TO THE EDITOR.

SIR,—It was my good fortune recently to have the opportunity of reading a very judicious and timely book entitled "Ideals of Ministry," by the Rev. Dr. Williamson, of Edinburgh University. A few thoughts, kindly and charitably expressed on the book and the subjects on which it treats, may prove of interest to some of your readers. The book is composed of lectures on Pastoral Theology as he delivered them to the Students of Edinburgh University. Though the work is intended chiefly for Presbyterians, it is most interesting reading for others. The lectures are not remarkable for brilliancy of thought or style, but they are marked by calm wisdom and lucid instruction. They are eminently sensible. The great subject of the Christian Ministry is treated with dignity, devotion and knowledge. An exalted standard is set forth throughout. The candidates for the ministry who heard these lectures were highly fortunate. If the spirit of the book be the spirit of their ministry, it will prove a great blessing to the Presbyterian body. For Anglicans a feature of interest in the book is the similarity of the author's theology with that of the church. One cannot help being surprised at finding a Presbyterian Professor teaching doctrines that were once the controverted principles of Anglicanism. The order of the Christian Ministry, Apostolic Succession, Liturgical Forms of Worship, Antiphonal rendering of the Psalms, Daily Service, and Weekly Communion are all mentioned with strong approbation. Baptismal Grace is repeatedly insisted on as a fundamental part of Christian belief.

The Holy Communion is more than once described as the Central and supreme act of Christian Worship. It is taught to be "a high and solemn act of worship in which 'touching and handling things unseen' we show forth the Lord's death and plead before the Father that sacrifice once made upon the Cross." The directions Dr. Williamson gives for preparation classes before the first communion might serve for a Confirmation manual. Indeed he praises Confirmation as a beautiful rite and acknowledges its antiquity. In one respect the Anglican Church is gently found fault with for its departure from Catholic usage by omitting the prayer of Invocation of the Spirit on the elements. The first Liturgy of Edward VI had this ancient and primitive clause, but in the fifth of King Edward the clause was changed to meet the scruples of Bucer and others. Bucer approved of the substituted form which retains the sense of the removed clause, but not so strongly expressed. The American Church has re-introduced the old primitive clause, and there seems to be a strong probability that it will be restored in the Anglican service at their next review. St. Augustine and St. Ambrose are cited as authorities and Anglican writers such as Liddon, Newbolt, Ingram, Church and Robertson, are freely quoted. A good knowledge of primitive Liturgy is shown. Anglicans hail this interesting book as an evidence of the Scotch Presbyterianism to our practical standards. It makes for unity. Would that all Presbyterians would study it. It would be wholesome reading for Anglicans. What would Hooker and Cartwright think of it all! But there have been great changes since their day.

Yours very truly,

READER, March 25th, 1902.

SAUGEEN PRESBYTERY.

The Saugeen Presytery met on Tuesday the 11th inst. at Harriston, Rev. G. Kendall, fresh from the sea breezes, in the chair. Rev. W. G. Hanna was missed, being at home, quarantined, owing to scarlet fever in the family. Rev. Mr. Aull also was absent, being in attendance at the meeting of the Home Mission Committee in Toronto, while Rev. D. L. Campbell was detained by a congregational meeting at Holstein. One resolution was passed expressing condolence with Rev. T. McCullough on the death of his wife; another was passed.

Don't think our Vapo-Cresolene is something new, for it isn't. For more than twenty years it has been extensively used for all forms of bronchial and throat trouble. Mrs. Ballington Booth said of it, years ago, that "No family where there are young children should be without Vapo-Cresolene." You breathe-in the vapor, it goes all through the bronchial tubes, soothing, healing, curing. It's pleasant, safe, economical. It's Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, \$1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresolene Co., 250 Fulton St., New York, U.S.A.

named Gutsche, from Carrick, applied and received permission for a night's lodging at the Ernest home-stand. He had had the smallpox—the scales were just coming off of him—and Anthony occupying the same bed the next night, was soon in the throes of the filthy disease. His brother caught it from him. The man Gutsche was taken in charge by a Walkerton constable and quarantined for four days, during which time he received a thorough scrubbing. The strange part of it is, Gutsche was not quarantined during his sickness in Carrick, and it seems that he said that there were more in Carrick had the same thing. Dr. Paget, of Toronto, arrived on the scene in Carrick shortly afterwards, and finding four cases closed the farms of those having the disease.

Wilbert Mickleboro' left on Tuesday of last week for Regina where he intends to enter into farming operations.

Mr. and Mrs. Alex. Brown, after a two months' visit with friends and relations here, returned to their home in Assinaboia last week.

Mr. James Smith, of Owen Sound, who has been engaged with George Freeman in the single mill during the past few weeks returned to his home on Saturday. His brother came Monday to fill the vacancy.

Our postmaster, Mr. W. T. Petrie was notified last Thursday that his services, as postmaster were no longer required and that Mr. George Calder had been appointed as his successor.

The shop in the front part of Mr. W. G. Pettigrew's residence is being fitted up for the new office. It is a matter of regret that efficient officials should be dismissed when apparently there is no cause for such action. Mr. Petrie has held the position for a number of years and has done good service to the public.

J. H. Brown was in Toronto last week and we notice that large quantities of goods are being added to his stock as a result of his trip.

Messrs. Alex. Main, Alex. Stephen and Jake Smith left Monday morning for the vicinity of St. Marys where they intend to spend the summer.

Miss Maggie Ainley, of Mt. Forest, Sundayed at John Waddell's.

Miss McIntyre of Mt. Forest, spent a short time lately with Mr. Alex. McCreech.

Mr. Chas. Fraser has finished the season's cut of logs at the mill here, and has left for his home in Blyth.

CEMENT NOTES.

Last week we referred to a good start made on the Cement Works. This week the number of skilled and unskilled workmen has been materially increased, and at the present rate the power house will have the walls up in a few days. It is being built of building blocks, and will, when finished, present a very handsome appearance. Mr. Gibson, superintendent of the construction of the railway, is back again and will soon push line through to the lake. The Company's locomotive, recently purchased, has arrived and will be of much assistance in pushing the work. Carloads of building and other material are being placed on the grounds every day or so. Visitors to the place are astonished at the magnitude of the concern, but as yet they are not in a position to know what it will be like when finished. "Wait till you see us next year."

THE SEED FAIR.

The Seed Fair held here on Tuesday was not largely attended. The following are the prizes awarded:—

Spring Wheat—W. L. Dixon.

White Oats—Alex. Hobbirk, James Watson.

Six Rowed Barley—Jas. Watson, Samuel L. Scott.

Small White Peas—Dan Edge, S. L. Scott.

Blue Peas—W. L. Dixon.

Early Potatoes—Dan Edge, David Hamilton.

Late Potatoes—Sam. L. Scott, D. Hamilton.

HEROIC HEART "FOOD"

Dr. Agnew's Cure for the heart is heroic because in cases of heart disease seemingly beyond all human aid it goes to the very brink of the "Black River" and snatches from it the heart-sick victim.

In a trice it allays pain—in a twinkling it gives strength and vigor and it works a quick and permanent cure as by magic. It is the one great heart remedy which rightly bears the crown of supremacy and on which is inscribed the life words, "It never fails." Thirty minutes after taking the first dose, the sick heart forgets its pain. Try it.

Miss Hannah Bell visited with her sister, Mrs. McDiarmid, of this place, for a few weeks lately, and left for Walkerton a few days ago.

A number of our young folks attended the singing class of Professor Wm. Ramage at Ebenezer. We hope Mr. Ramage will establish a class at our school, here, as it would be a good thing for all young people to study the rudiments of music as that is a thorough master in that respect.

Samuel McDiarmid has all the material for to put some stabling under his barn next summer.

Mr. Farquhar McKinnon, who resided in Mr. Hinck's vacant house, moved to Yeovil last week where he has secured a situation with Mr. Bunston, of that place, for the year at a good salary.

Dan McDonald (curly) has been laid up for the past week with inflammation of the lungs, but will soon be able to be around again as he is getting better.

The snow has now gone and our roads are very muddy.

The days are fine and clear with cool and frosty nights.

Some are busy in the sugar bush making syrup, while others are preparing for spring and summer by way of getting their wood split. Some are complaining of the scarcity of cattle feed, but as summer is not far away, all will make out.

The Sons of Scotland presented Mr. Dugald Currie with a beautiful Memorial of his late son, Donald Currie, Teacher. Mr. Currie received a cheque for \$1,000 lately as insurance on his son's life in the S. O. S. Society.

A number from this place attended the funeral of the late Donald McKinnon, of Bunessau. As we expect the Bunessau correspondent will give account of the venerable gentleman's life and death, we will not say anything further.

Miss McCannel, who is teaching in Normanby, is home for her holidays.

Miss Sarah McIntyre had a large quilting bee Saturday last. It looks like business of some kind in the near future.

Alex. McEachern is busy moving A. McCaughey's old barn to his own farm where he will re-build it next summer.

James McDougall, who had his leg broken some six weeks' ago, is getting along fairly well. It will be some time before he is around again.

Wedding bells will soon be ringing in our burg. Next week we will give the parties.

Archie McCaughey moved his old stable up to his new barn. It took him a few days to do the work.

A number of our young men left for other parts of the country, making hands more valuable to run the farming business during the spring.

Mr. Donald McKae and family of Irish Lake, rented Mr. McArthur's farm one mile east of this place for a term of years. We welcome Mr. McKae and family to our neighborhood.

We see the Traverson writer tells only of one man who is able to eat beef in that section of the country. We cannot particularize one person from another, who indulges in all kinds of food, for we are (thank goodness) all able to share in anything that's palatable and digestible in our pork beef or potatoes.
