The snow has now gone and our roads are very muddy.

The days are fine and clear with cool and frosty nights.

Some are busy in the sugar bush making syrup, while others are preparing for spring and summer by way of getting their wood split. Some are complaining of the scarcity of cattle feed, but as summer is not far away, all will make out.

The Sons of Scotland presented Mr. Dugald Currie with a beautiful Memorial of his late son, Donald Currie, Teacher. Mr. Currie received a cheque for \$1,000 lately as insurance on his son's life in the S. O. S. Society.

A number from this place attended the funeral of the late Donald McKinnon, of Bunessan. As we expect the Bunessan correspondent will give account of the venerable gentleman's life and death, we will not say anything further.

Miss McCannell, who is teaching in Normanby, is home for her holidays. Miss Sarah McIntyre had a large quilting bee Saturday last. It looks like business of some kind in the near future.

Alex. McEachern is busy moving A. McCanig's old barn to his own farm where he will re-build it next summer.

James McDougall, who had his leg broken some six weeks ago, is getting along fairly well. It will be some time before he is around again.

Wedding bells will soon be ringing in our burg. Next week we will give the parties.

Archie McCuaig moved his old stable up to his new barn. It took him a few days to do the work.

A number of our young men left for other parts of the country, making hands more valuable to run the farming business during the spring.

Mr. Donald McRae and family from Irish Lake, rented Mr. McArthur's farm one mile east of this place for a term of years. We welcome Mr. McRae and family to our neighborhood.

We see the Traverston writer tells only of one man who is able to eat beef in that section of the country. We cannot particularize one person from another, who indulges in all kinds of food, for we are (thank goodness) all able to share in anything that's palatable and digestible be it pork beef or potatoes.

Mr. Wm. Thompson, of Leeds, is visiting his brother, Mr. Jas. Thompson, of this place.

Miss Hannah Bell visited with her sister, Mrs. McDiarmid, of this place, for a few weeks lately, and left for Walkerton a few days ago.

A number of our young folks attended the singing class of Professor Wm. Ramage at Ebenezer. We hope Mr. Ramage will establish a class at our school, here, as it would be a good thing for all young people to study the rudiments of music as Mr. Ramage is a thorough master in that respect.

Samuel McDiarmid has all the material for to put stone stabling under his barn next summer.

Mr. Farquhar McKinnon, who resided in Mr. Hinch's vacant house, moved to Yeovil last week where he has secured a situation with Mr. Bunston, of that place, for the year at a good salary.

Dan McDonald (curly) has been laid up for the past week with inflammation of the lungs, but will soon be able to be around again as he is getting better.

Professor Kemp, phrenologist, is

in this locality for the last three weeks. Everybody knows what's in their head without his aid, but it is from 25c. to \$2.00 a head he's after, as well as telling all the good and bad qualities in the person applying to him.

Mr. Rodger McEachern has all the lumber home for a new frame barn. He intends to build some time in the near future.

Nobody started to plow yet. The frogs were heard for the first time on Friday night, March 20th. It is likely they will be stopped three times yet before they come.

Fall wheat hasn't a very good appearance yet, but may be better than we expect when the warm weather comes.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Darling's Drug Store.

### BUNESSAN.

On March eighteenth, their died Mr. Donald McKinnon, Sr., at the good old age of 87. Deceased had been more or less of an invalid for a number of years, having been blind for much of the time, and his end was not unexpected. His last sickness lasted but a week. The funeral took place on the nineteenth at Durham cemetery and was largely attended; the Rev. Matheson, of Priceville, conducting the service at the house, the Rev. Farquharson at the grave. Mr. McKinnon was one of Glenelg's earliest settlers. He and his wife and a couple of children came out from Scotland about fifty-one years ago and settled five or six years later on the farm where he died. He was always an industrious, kind-hearted man; was ever ready to give a neighbor a lift, and share a meal with a passing stranger. He was a member of the Presbyterian church. His wife and several children died at different times before him. He leaves five children to mourn his loss: Archie and Dougald, who live out West; John in the Manitowlin Islands; Donald on the old homestead; and Kate, who is married to Mr. H. McKinnon, near Priceville.

Mr. A. C. Beaton has purchased a

### "DAY and NIGHT" ACHEs

The incessant grind of the Kidney Back-ache soothed and cured by South American Kidney Cure—it never fails.

"Kidney Disease affected my back so that I couldn't work at all, and could not sleep for the pain. I used three bottles of South American Kidney Cure, and I can positively add another to the long list of cures that this great remedy has made. I can work fourteen hours a day now and do not feel tired. I had tried other treatments but got no help from them."

### GLASCOTT.

Mr. Willie Scott, of Priceville, is re-engaged this summer on the Ritchie farm.

Mr. Joseph Boyle's family of seven are all down with the whooping cough. It is bad enough to have seven of a family, but when they are all sick it is worse. Hope they will get better as the weather gets warmer.

Some have started ploughing and it goes all right.

Mr. S. Scott purchased a fine mare from Mr. W. Watts for the Ritchie farm.

### FLESHERTON.

The eight year old daughter of Mr. and Mrs. Andrew Beattie, Toronto Line, was four weeks ago seized with erysipelas in the leg, which despite the most careful medical attendance, developed so virulently that in order to save the girl's life, amputation of the limb above the knee was found necessary. On Saturday last, Drs. Middlebro', of Owen Sound, and Carter, of this place, performed the operation successfully. Mr. and Mrs. Beattie have the sympathy of many friends in the calamity that has befallen their little daughter.

A moving pictures exhibition was given by a travelling company in the Town Hall here on Saturday evening last. There was a good sized audience and, we understand, the pictures were very good.

At the close of the Sabbath School in the Presbyterian church on Sabbath afternoon last, the Superintendent, Mr. Jas. Falstead, in behalf of the School, presented Mr. A. M. Gibson, who has been a worker in the School for seventeen years, and who is about to leave this place, with a beautifully morocco bound Teacher's Bible. Mr. Gibson made a suitable reply, warmly thanking the Sabbath School for their highly appreciated token of esteem. The congregation suffers a further loss by the removal of Mr. and Mrs. James Dyce, from Ceylon, to their farm in Proton. Mrs. Dyce has been, for some time, a valuable teacher in the Sabbath School and an energetic President for the Ladies' Aid Society.

Mr. W. H. Allen, east back line, who disposed of his farm last fall, had a successful auction sale of his stock and implements on Friday last. Mr. K. J. Sproule wielded the hammer.

It is reported that the Grits have taken the office of post master from W. T. Petrie, who was a very excellent and competent official, because of his political leanings. Mr. Petrie went to a lot of trouble and expense in erecting a new brick building for a post office, and there are a number of ratpapers, comprising both parties, who are very indignant over the matter. It is declared the present candidate will lose votes over the affair.
