WE regret to chronicle the death after a prolonged illness of Mr. Donald McDonald, of this town. Deceased was about sixty-eight years of age. Leaves a large family all grown up, but for want of information we are unable to give particulars. Interment takes place this Wednesday afternoon.

LADIES look younger which is the desire of one and all. Take the trouble of visiting Prof. Dorenwend's private show rooms at Middaugh House, Durham, on Thursday, April 17th, and see the many beautiful inventions in styles of Human Hair Coverings, Wigs, Bangs, Switches, etc., and inspect his new patent structure.

THE News-Record, of Clinton, Mr. W. J. Mitchell's paper, came out last week as an all-home print. The size has been reduced from an eight column quarto to a seven column. It is still quite large enough, and with a lot of additional room to cultivate the local constituency we have no doubt that the energy of the editor will be exerted to improve its local character. This, in our opinion, is the best change Mr. Mitchell has made. We again wish him success.

WE have spoken frequently about the careless use of firearms, even to airguns and catapults, and now that the season is at hand when such implements and instruments may be thoughtlessly used, we claim the privilege of saying a few words. Our attention has been directed to the matter from a little accident that occurred a few days ago when Master Lloyd Bean was shot from across the street by a little boy with an air gun. The charge struck Lloyd in the side of the head with such a force as to break the skin. Had the missile struck him in the eye, not a particle of doubt remains that the lad would have lost his sight. A copy of By-law No. 224 of the Town of Durham says in clause 11 "that no person or persons shall throw snow balls or stones, or shoot off any fire arms, or use any fire works on any street or public place in the Town of Durham, without the written license of the Mayor and Clerk of the said Town of Durham. Clause 12 of the same By-law says "That no person shall obstruct the sidewalks in the said Town of Durham in congregating thereon in numbers of six persons or over, and impede pedestrians in passing along said sidewalks." The preceding clauses are all right but greater restrictions might be made in both, so as to include the use of all dangerous weapons. We take exception to clause 12 in making the number six or more, which might reasonably be reduced to three or more, so congregating as to form an obstruction, but otherwise we would like to know if the town constable, mayor or anyone else has a right to interfere with persons talking quietly on the street when not obstructing pedestrians or traffic, or being a nuisance in any way.

BARGAINS in Boots and Shoes at H. W. Mockler's.

THE Big Store People say their sales of Slater Shoes for men are very large this Spring.

DURING the greater portion of the month of March the weather was so fine that an early spring was predicted on all sides. April, so far, however, has been rather disagreeable, and reminds one more of fall than spring.

GENTLEMEN who are bald or have thin hair, should call on Prof. Dorenwend, at Middaugh House, Durham, on Thursday, April 17th, and see his wonderful devices in Toupees and Wigs worn on over 65,000 heads. Explanation and demonstration free. Private apartments at Hotel. Don't fail to see his new invention, patented all over the world.

MAYOR JACKSON, of Clinton, was in town a day or so this week. He is interested in the sale of property and is likely to make a deal, though we are not yet at liberty to make any announcement. The property under consideration is that formerly occupied and owned by the late Mr. H. J. Middaugh, contiguous to the furniture factory. The block may be divided into fourteen good building lots and is certainly a good location for homes for employees of that progressive industry. We hope to hear of a sale and we further hope to see a number of dwellings erected on the hitherto vacant property.

OUR high admiration for Dr. McLellan, Principal of the Normal College in Hamilton, impels us to clip from the Globe an excerpt of their account of his Golden Wedding which took place on the 11th of March. There is no man in Canada to-day who is better known as an educationist and there is no educationist more respected and admired. Hundreds of teachers are indebted to him for a large measure of inspiration, and thousands of the young and rising generation owe a debt of gratitude indirectly to a great man whose thread of life will soon be run. No man who has given the Pr. an attentive hearing in his palmer days can ever forget the magnetic influence he is capable of exerting on a mixed audience.

ON Monday night last Chief Carson resigned his position as Town Constable and was subsequently re-appointed at an increase of salary. The amount paid even now is extremely low, yet in consequence of even a small advance we'll expect to see the town's interests looked after better than before. We dislike referring to such matters, but we feel that much laxity exists in the enforcement of the law. Any magistrate, whether a magistrate by appointment or by virtue of his office as mayor is by law compelled to take a complaint when presented, and the absence of the Mayor is no excuse for allowing laxity in rowdyism. We have been of the opinion always, and we have never seen any reason to change our mind that a good stiff fine will settle a great deal of the difficulty. Mr. Carson may count on our support, and we think every fairminded person in town will give a helping hand in rooting out the rowdyism far too prevalent.

LAST week the property of the late Mr. W. A. Anderson was purchased by Mr. Peter Watson. It was sold low considering the prices some people are asking.

In another column will be noticed an advertisement of property for sale by Mr. Robert Aljoe, Jr. It is the brick blacksmith shop he now occupies, and which, in case he doesn't sell, he intends to convert into a dwelling.

THE Spring suitings we are showing have been personally selected in the best Woolen Houses in the city. The patterns are extremely new and the prices remarkably low. Don't fail to see them before buying. H. W. Mockler.

MR. EDWARD HOY has a new horse this year and he is likely winning honors this week at Ayton and Mildmay fairs. Ed. is bound to keep a class of horses thoroughly up to date and exactly of the class the farmers need. We'll be able to say more later on.

THE School Board held its regular meeting on Thursday night last, the members all present, Mr. Johnston in the chair. After reading and disposing of the minutes, the passing of a few small accounts, and receiving of reports relative to proposed improvements, the question of heating and ventilating was brought up for discussion. At this juncture Mr. Webster, representing the James Smart Manufacturing Co., of Brockville, entered the room with a model of their new Kelsey Heater. Time was given for an explanation of the apparatus, which was gone into thoroughly by the agent. Unqualified testimonials regarding its heating power at a minimum of cost were submitted from a number of School Boards and private individuals who had similar plants installed. Mr. Webster gave some hints regarding how the heaters should be placed, the supply of heat to each room, and the system of ventilating, etc., etc. While the Board gave an attentive hearing and pled the agent with many questions, they were wholly non-committal as to what they intended doing in the matter of purchase. Being in communication with other firms doing business in the line of heating, they will decide nothing until all information is in. Trustees Grant and Ramage each gave notices of motion to re-open the salary question at the next regular meeting.

People We Know

THE GOING AND COMING OF VISITORS IN THE MONTH OF APRIL.

Mr. C. H. Conery, of Guelph, was in town this week on business.

Rev. T. H. Farr, B. A., of Wallaceburg, is, at present, visiting friends in and around town.

Mr. D. B. McFarlane, after a sojourn in Flint, Michigan, of a couple months, returned to town Monday.

Miss Mary Gordon left on Sunday to resume her school duties on Monday morning at Boothville.

Miss Edith Murdick, of the Review staff, is spending a week with her parents at Allan Park.

Dr. and Mrs. Jamieson, and Gilbert and Miss McKechnie returned Monday from their trip to Georgia, with which they were highly delighted.

Miss Julia Weir left Friday morning last for Alliston, where she has been engaged to teach in the Public School.

Mr. and Mrs. Rourke whose marriage we announced last week left for Winnipeg on Tuesday morning. Mrs. Rourke, (nee Miss Williams) is the second Durham lady to win our premium offer of the Chronicle for one year by getting married before the first of April. We have three more to dispose of similarly and we'll extend the time for these to the first of June, but after that we'll withdraw the magnificent offer. We notice that other papers are following our example, but with what success we don't know.

MR. FRED C. RYAN is moved again, this time to Ailsa Craig as Ledger Keeper.

THE scholars, teachers and friends of Trinity Church S. S. spent a pleasurable time at their entertainment in Odd Fellows' Hall last Thursday evening.

Buy Linoleum for your floors. It wears forever. 2 yds. wide at 50c. sq. yard, and 4 yds. wide at 80c. a sq. yard. Sold only at The Big Store.

THE monthly "At Home" of the Ladies' Aid Society of the Methodist Church was held in the parsonage on Tuesday evening. It was a "Musical" and the thanks of the ladies are tendered to the many vocalists and instrumentalists who so freely and efficiently helped to make the entertainment a success. There was a large gathering of friends present at this, one of the most successful entertainments ever held under the auspices of this society.

THE Flesherton Advance man is at a loss to know on what ground Mr. Calder charges us as a "sneak and a coward" and he hazards the prediction that our assailant will soon have reason to change his opinion, and learn that "there isn't a particle of cowardice in the Chronicle editor's make up." You know, friend Thurston that such expressions frequently constitute the weak man's weapons. Mr. Calder, however, may have reason for using the remark inasmuch as he knows full well that, on more than one occasion we suppressed part of the truth. We'll not question his opinion till he knows the ground on which he bases it.

AN Educational campaign under the auspices of the Women's Christian Temperance Union has been conducted this week in the Presbyterian Church by the talented lady lecturer, Miss Charlotte Wiggins, of Toronto. The special features of the services have been a Rally of Sabbath School Children on Sunday afternoon representing the different denominational schools; a rally of the members of the Young People's Societies on Monday night, a Young Women's meeting on Wednesday afternoon, two mothers' meetings on Monday and Tuesday afternoons, and public meetings for the masses on Tuesday and Wednesday evenings. The subjects:—"New Century Ideals," "Humanity's Battle" and "Our Nation's Duty" were treated with clear insight, and delivered with power, eloquence and pathos. The Provincial Union is to be complimented on having secured an agent so intelligently devoted to the interests of social purity and Temperance Reform. The local branch of the W. C. T. U. has been increased in membership, both Active and Honorary by the visit and labors of this efficient officer of the Society. Miss Wiggins gave a stirring introductory address in the Methodist Church at the public service on Sunday morning.

The Success of Our Trimmed Millinery Sales

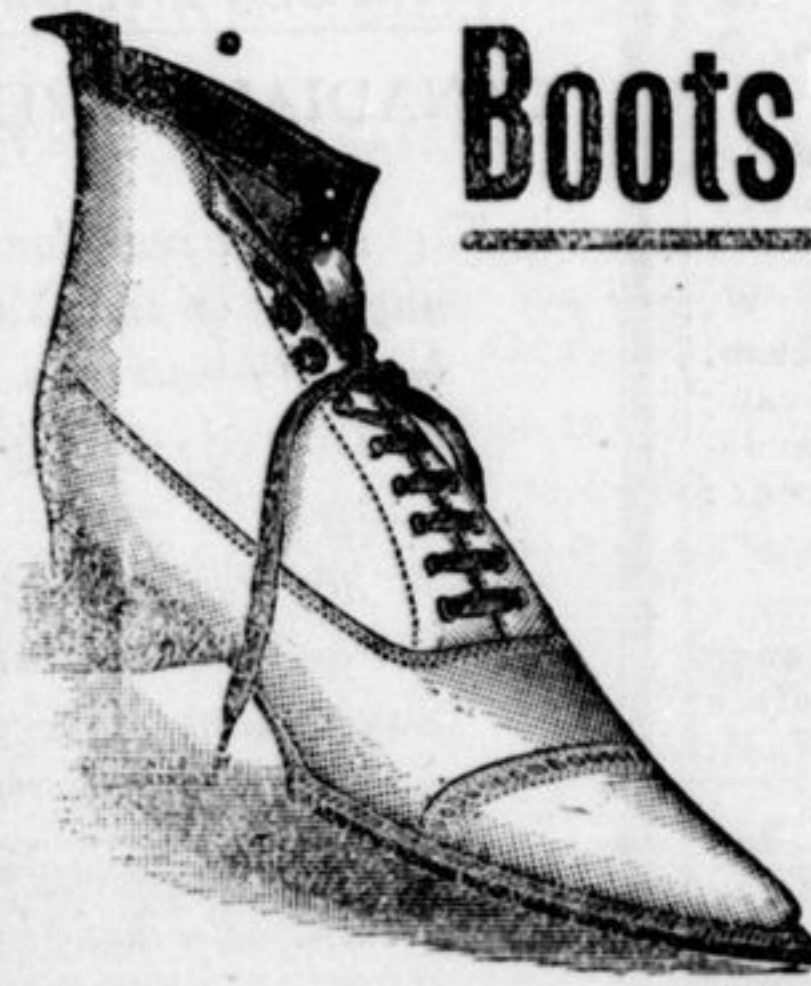

Good reasons for it. Never before have we shown such handsome Trimmed Hats. Never before had we such a great variety. Such a grand opportunity to buy something different from what one sees elsewhere. Our values this season are unprecedented. We do not lay stress particularly on Cheap Hats. We have a range of all prices. We have about \$1200.00 worth of New Millinery Goods alone to choose from which we largely imported direct from Willis, Nelson & Co., Glasgow. By so doing we saved the middle man's profit which we are willing to share with you.
