The N. E. headland of the township of Keppel, at the W. side of the entrance to Owen's Sound. It is not a projecting point, but rather a round head between Owen's Sound and Big Bay. From Owen Sound town, a round top near the cape is a striking object in looking out northward. Cape Commodore is 15 m. from Owen Sound town.

### ALLAN PARK

Some of our farmers have got started to sow grain.

Mr. Abraham Porter, of Hepworth, was visiting friends in the Park lately.

Mr. T. Bailey has been under the weather lately, but we are pleased to hear of him getting around again.

Mrs. J. W. Leitch and her sister, Mrs. J. Goodwin, are visiting at their parental home, Mr. D. Goodwin's, of Owen Sound.

We understand that our brother scribe, of Vickers, has rented his place for a few years and is going west. We wish you success brother, but perhaps it is that Chicago lady he is after.

Mr. J. W. Leitch has sold out his stock to Mr. Wm. Sumpton, and intends going west. We are sorry to lose Mr. and Mrs. Leitch, as they are a kind and jolly couple, but our loss will be their gain. We wish them the best of success, and we also welcome Mr. Sumpton and family to our burg.

We regret to announce the death of the little boy of Mr. and Mrs. Jno. Adlam who passed away to the land above on Sunday, the 6th. His remains were followed to its last resting place in the Durham cemetery on Monday by a large crowd of relatives and friends. The funeral sermon was conducted at the house and grave by the Rev. ### Provincial Auction Sales in Ontario.

The Third Annual Auction Sale held at Guelph, under the auspices of the Dominion Live Stock Associations was a decided success. The attendance was very large, and buyers were present from as far west as Minnesota, and as far east as Nova Scotia.

The sale afforded the best possible proofs of the merits of the new system of selling pure-bred stock, when that system is properly carried out, as it was on this occasion. The stock had been carefully inspected, breeders had put their stock in good condition, and not too many were offered. Practically all the animals sold were shorthorns.

The averages made viz.—\$98.15 on 73 bulls and \$108.92 on 32 females have been satisfactory to the sellers.

The Ottawa sale was hardly as successful, owing largely to the fact that heavy snowstorms prevented a good many buyers from reaching the city: In consequence the number of animals offered was somewhat in excess of the demand. In order to provide against such a contingency it has been decided to hold at least three sales next year, one at Guelph, one at Ottawa, and probably one at Myrtle, Ontario County. At the first sale about 60 bulls and 20 females will be put up, and at each of the latter about 20 bulls and 10 females. As the demand has heretofore been principally for Shorthorns, the stock offered next year will be nearly all of that breed.

A summary of the results of the four sales that have now been held in Ontario shows that 233 head of Shorthorns have been sold for \$23464, and average a trifle over \$100 per head. The great majority of the animals sold were young bulls and heifers, some under six weeks, so that the above average, ought to prove remunerative to the sellers. If our breeders can sell all their surplus young stock at an average of \$100 per head, they will certainly be getting good results for money invested.

It may be of interest to note that the averages made at the large bull sales in the North of Scotland, are not a great deal higher than those just mentioned. As public confidence in our sales increases, we may expect to equal the old established British sales. The recent Shorthorn sale at Perth shows an average of \$227s. 3d. on 138 head. The Aber-

deen Angus sale at the same place shows £25, 17s. 9d., on 116 head, and that at Aberdeen £22, 5s. 4d., on 258 head.

The Live Stock Associations are arranging to hold a sale of 100 head of Yorkshire Swine, and one of 100 head of rams of the various breeds at Guelph about the 20th of August next. At all these sales, only animals that have been carefully inspected, and that are of good quality and breeding, and in good condition, will be offered. Catalogues will be prepared for distribution several weeks previous to the dates at which the sales will be held.

"CURED TO STAY" Is the universal testimony for South American Nervine, and what it did for Mrs. Armstrong it will do for any woman living.

"For one who has suffered as I have for over six years from nervous prostration, and having spent nearly all I possessed in doctor bills without any permanent relief, you can imagine what a God-sent blessing I feel South American Nervine has been to me. The first few doses gave me great relief. It took six bottles in all to cure me, but I feel I am cured to stay cured."—Mrs. Geo. Armstrong, Orillia, Ont.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Sidway, of Toledo, says: "At the age of 14, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up all hope when a friend advised me to consult Dr. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

### LETTER TO THE EDITOR

(Intended For Last Week.)

DEAR SIR.—In last week's issue of THE CHRONICLE, "Reader" writes a book in which are set forth the Professor's views on the questions of church government which seem to favor the form known as Anglican or Episcopal.

Permit me to refer to a Reader's statements, not in a serious or controversial spirit, see whether they will be searchlight of truth. "If the spirit of the book be in the ministry, it will prove a gain to the Presbyterian body."
