REV. J. C. FARTHING, of Woodstock, who is well and favorably known here will be in town Sunday week when he will address the brethren of the Masonic fraternity.

EVEN the management of the World's Fair at St. Louis is good enough to give us free copy to advertise their big show in 1903. We haven't room to use it without pay.

We forgot to mention it at the time, but even now it will be interesting for citizens to learn that Mr. Morrison, who taught here last fall has secured a lucrative position in the Dunnville High School. We congratulate him on his success.

We regret to learn that Miss Nettie Brown met with an accident a few days ago by falling down stairs from which she received injuries about the face and head. Though considerably shaken up she is getting along nicely. It is said she took a weak spell on descending the stairs which resulted in the mishap.

At a meeting of the Saugeen Presbytery held on Monday, the call from Holstein to Rev. J. Little, of Chatsworth, was sustained and forwarded to the Owen Sound Presbytery. The final decision will not be known till after that Presbytery meets, and the Chatsworth congregation have the opportunity of presenting their case.

Mr. CURTIS PICKERING passed a brilliant examination last week in the Toronto Dental College, having attained the high percentage of 76 out of 100 on all his subjects. This is Curtis' final exam, and he is now a full-fledged Dentist. It speaks well for our Mount Forest boys that they can attain to such high honors where ever they get their education. It is Mr. Pickering's intention to open up an office in Durham and we feel certain that, in that rising town, he will meet with that success to which his splendid talents entitle him.—Mt. Forest Confed.

ON Monday evening a very pleasant time was spent in the Lodge Room of the I. O. O. F., when the brethren, accompanied by a number of their friends, had a genuine "At Home." Snoker or "Go as you please," together with an excellent supper, which was served about half past ten. They were All Oddfellows in one sense of the word, not a lady being present to mar the harmony of the evening nor to report the doings outside. What glorious freedom!

We regret this week to chronicle the death of Janet Waddel, relict of the late Allan McKeechie, which took place here on Friday last about midday. Deceased was 77 years of age, a native of Glasgow, Scotland. She came to Canada about 57 years ago, and settled in Vaughan township where her father and uncle were engaged in the milling business. Shortly after coming to this country she married, and about 55 years ago moved to the township of Bentinck with her husband and remained there till her removal to Durham about five years ago, shortly before the death of her husband. She leaves six children, one daughter. Mrs. Henry Firth, and five sons, Donald in Taunton, Mass.; James in St. Thomas, Ont.; Guy in Minnesota; George in Durham, and John in Bentinck. Interment took place to the Rocky Saugeen cemetery, on Sunday last.

THE cement men cleared us out of overalls last week. Another large stock of their favorite kinds just in. H. W. Mockler.

A STRANGER coming into town Tuesday night would almost come to the conclusion that street lights were needed.

ALABASTINE, Kalsomine, Paris White, Whiting, Glues, Colens' W. W. Brushes, etc., at Parker's Drug Store.

MR. T. LIVINGSTON, Agent for the De Laval Separators, moved here Monday from Mr. Forest, and will in future make Durham his headquarters.

MR. GEO. MORRISON, of Varney, left Tuesday morning for the North-west. He has decided not to take his family with him until he satisfies himself about the country, and concludes that a move there will be the best thing for him to do.

We regret to learn of the affliction of Mr. and Mrs. Wm. Cuff, of Aberdeen, who lost a little girl of seven years of age from diphtheria. The little girl was apparently all right until Sunday morning of last week when the first symptoms manifested themselves, and on following Thursday the cold hand of death plucked up the tiny flower. How she came to take the disease is not known, but some weeks ago there were a few cases in the neighborhood. We wish now to commend the wisdom of the trustees who closed the school for a time when the previous outbreak occurred, believing that in doing so the spread of the disease was materially checked.

We got a whole one dollar William one day this week. They are so scarce we wouldn't think of calling them "Bills" like the fellows who are more familiar with them. It seems disrespectful anyway to call them by a nickname. It was Mr. J. J. Haslett, of Toronto, that caused us the delight, and we're awfully glad he sent it all at one consignment. Mr. Haslett thinks the CHRONICLE is a great paper but he didn't say so. He might have thought it would make us too conceited, and the ex-Mayor thinks we have enough conceit now. Friends of Mrs. Haslett will be glad to learn that she is recovering from a severe attack of influenza, which prevented her being present last week at the burial of her sister, the late Mrs. Davidson.

Lacrosse Notes.

Our boys were having a "work out" the last few nights.

The citizens should encourage the lacrosse boys by their attendance at practice matches.

We have a number of good lacrosse men located in town, and prospects are fair for a few more.

Owen Sound seems rather confident of winning this district, to which Hanover replies "We'll see."

Durham is saying nothing, but are keeping their weather eye on the Grand finish.

We hear nothing from Markdale or Tara; they are surely not asleep.

Such men as Cummings and Muir make quite an addition to the Hanover team. "Have you got 'em?"

By the Hanover Post we learn they have secured a number of good men. They shouldn't count their chickens before they are hatched.

Hanover team comes out in a brand new uniform, Red and White. Durham still stays with their losing colors of Blue and White. Better luck this year, boys.

A full practice is talked of for Thursday night.

Miss Dick, LAMBTON STREET

A Call For Men.

Oh dear! such an awful thing is a school, Since the fashion came in (if a fashion it was), To give a woman the right to rule, And bring in with her a list of her "Laws,"

Some of their own making up mind you, Those crazy rules what's so hard to obey, Oh! for a man with rules that are few, I'd rather have him than a woman to-day.

These women! they're always a pettin' the girls, Callin' them delicate, sickly and such, You'd think they were the most precious pearls That had ever been found and worth ever so much.

They may go for a drink, us poor fellows may thirst, They never get locked, no sir not a slap, They can talk or laugh till you think they'd burst; I believe if they wanted they could all take a nap.

But us poor boys, not a sound not a word, They never get locked, no sir not even a cough, And if we make a noise we always are heard; O dear, but they treat us poor boys pretty rough.

And now in concluding, if I had my pick, If a woman got teachin' wouldn't I make a noise; But a man, yes a man! Oh a man! is just slick, Who would treat all the girls just the same as the boys.

DISTRICT Deputy Grand Master Irvine, of Orangeville, accompanied by Past District Deputy Grand Master McLaren, of the same place, visited Durham Lodge No. 306 A. F. & A. M., officially on Tuesday of last week. The second degree was fully exemplified, and the Brethren were highly edified. Mr. McLaren instituted this lodge about thirty years ago with the late Mr. J. H. Hunter as Master, the position now so ably filled by his son, Mr. J. A. Hunter, of The Big Store.

ON Friday last Mr. Thos. Reid met with a mishap which might easily have proved fatal. He was driving Mr. A. S. Hunter's horse. Having a load of boxes on the wagon and wishing to get a little more speed, he struck the animal with a whip when he suddenly jumped forward and began to run throwing Mr. Reid heavily to the ground. He fell head foremost alighting on his shoulder which gave him quite a shock and rendered him unconscious for a time. Mr. George Shires was on the wagon also and seeing the danger, jumped off the load and escaped injury. Mr. Reid, we are pleased to say, is getting better and we hope to see him round again in the course of a few days.

Our values this season are unprecedented. We do not lay stress particularly on Cheap Hats. We have a range of all prices. We have about \$1200.00 worth of New Millinery Goods alone to choose from which we largely imported direct from Willis, Nelson & Co., Glasgow.
