MR. A. CAMPBELL, of the Warton "Canadian," was in town Tuesday night promoting an excursion to laying of the corner stone of the Beet Sugar Factory now in course of erection. Mr. Campbell, who for years has been the progressive and aggressive editor of the "Canadian," sold out his interest last week, and is now taking a rest from journalistic work. We were pleased to form his acquaintance.

WE regret this week to announce the death of Mrs. Andrew Lindsay after a lingering illness of several weeks duration. Death has been looked for by the members of the family for the past five or six weeks, but it was not until Saturday last that the dread summons came. We are not in possession of the information necessary to give an obituary more than to say she was in her 77th year, a member of the Presbyterian church, a long time resident of the vicinity and a highly respected member of the community. We hope to have some of the relatives give us a few facts for next issue. In the meantime we tender our sincere sympathies.

THE citizens and visitors on Garafra Street were startled and some of them pretty well frightened as Baker Rowe's horse ran off with the delivery wagon. It seems he came along the street pretty well till he reached the Chronicle office when he decided to defy the authority of Constable Carson by making the rest of his trip along the sidewalk. The wheeling here was good enough, but the footing was bad, and the infuriated little animal nearly fell as he passed the Middaugh House. He continued his jaunt, however, till he passed the Bank where he was brought to a halt. No damage was done, more than the temporary fright caused some of the pedestrians who felt the sidewalk wasn't big enough for them and horse.

FOR that headache after election use Macfarlane's Headache Powders.

IRELAND has got in another lot of those swell fancy tweed and worsted ready-made suits.

ACCORDING to Mr. Binnie's nomination speech, we expect of a surprise party at his house to-night. He's going to make a record breaker.

THE nominations last week resulted in the election by acclamation of Mr. I. B. Lucas of East and Centre Grey. Mr. Lucas has the honored distinction of being the only candidate so elected, and for the past week has been running the government all alone. His opponent, J. M. Davis, was on hand too late to receive a nomination, and thus lost to himself the pleasure of knowing just how popular he is. John made considerable stock out of his imaginary belief that Mr. Lucas was absent from the House on many divisions. Where would he be if elected, a man who can't get round in time for nomination which doesn't take place till after eleven, and that in the day time.

Dowie's Daughter Dies.

Chicago, May 16.—Esther Dowie, daughter of "Dr." Alexander Dowie, proprietor of "Zion," and alleged "leader," died Wednesday night of burns, having suffered for hours while her father prayed over her. He refused to call a physician and she naturally died.

Miss Dowie was 23 years old and a student at the University of Chicago, Wednesday morning her hair caught fire from a gas jet, and her head and face were horribly burned. Beyond the application of a simple salve she had no medical assistance.

Miss Dick, LAMBTON STREET

Victoria Day Sports.

Victoria Day in Durham was well observed in the line of sport. In the morning a game of baseball was played between the business men and the local team, resulting in a decided win for the cement line.

In the afternoon at half past one a friendly game of football was played between Varney and Durham, in which neither team was able to score.

The lacrosse Match between Hanover and Durham, on which the most interest was centred, started at 3:30 and attracted a good sized crowd. The game was a fair exhibition of lacrosse, although it was plainly visible that neither teams were in good shape. Hanover has a team of great big good natured fellows, and will, no doubt, make it interesting for the different clubs in District No. 4 for this season.

The game was almost entirely free from roughness, the locals scoring at intervals, and when time was called the score was 9 to 1 in favor of Durham. A. McIntyre and Jeff McCracken scored three goals each, while Theobald scored two and Collinson one. It is impossible to make special mention of any of the players, as all seemed to have equal share in the game. But Lavelle in the flags seemed to be the right man in the right place.

The teams lined up as follows:—

DURHAM		HANOVER	
Lavelle	Goal	Taylor	Point
Winkler	C. Point	McKenzie	Wendert
Mathieson	1st Def.	Weaver	Adams
W. Munro	2nd Def.	Holward	Winkler
Meredith	3rd Def.	Weatherall	Booth
Dainton	Centre	Mitchell	Stewart
Collinson	3rd Home	Briggs	
Theobald	2nd Home		
D. Munro	1st Home		
McCracken	Outside Home		
McIntyre	Inside Home

CEMENT NOTES.

Messrs. Geo. Burt and H. W. Kennedy, stockholders, of Georgetown, visited the works last week, and expressed great delight at the magnificence of the plant and the progress being made in construction.

Manager Stanhope, of Toronto, was round for a day or two last week.

Mr. J. S. Irvin, who has taken a deep interest in the concern and has been a pusher in the promotion, spent a couple of days on the grounds last week.

Mr. S. G. Near, Toronto, visited the works Thursday last.

Mr. Wm. Weld, of the "Farmers' Advocate," London, was among the visitors at the works last week, and like all other visitors was much pleased with what he saw.

The eighth and last of the rotaries arrived last week and is now in position.

The large "orange-peel" scoop and a whole carload of dredging machinery arrived at the works Monday.

The wet and unpleasant weather is a slight drawback to the progress, but work is going on rapidly, nevertheless.

Construction work on the Railway Trestle is now showing up.

Every visitor to the plant is delighted with its magnificence and strength. When completed we will, without doubt, have the best equipped cement plant in the world.

Cemetery Notice.

Parties wishing their plots fixed up may have them attended to properly by applying to David Darby, Caretaker, Durham.

Our values this season are unprecedented. We do not lay stress particularly on Cheap Hats. We have a range of all prices. We have about \$1200.00 worth of New Millinery Goods alone to choose from which we largely imported direct from Willis, Nelson & Co., Glasgow.
