EDGE HILL

This week it is our sad duty to chronicle the death of an old and respected lady in the person of Matilda Davidson, beloved wife of the late Andrew Lindsay, who died over over seven years ago. She was born July 8th, 1827, in the town of Graystock, Cumberland, Eugland. She then emigrated to this country in the year 1856, and was married the same year and settled on the old homestead 3rd con., Glenelg, where she remained up to the time of her death. She was always a kind and obliging neighbor, ever willing to help the one in need, a devoted Christian and a staunch member of the Presbyterian church. She leaves to mourn her untimely loss, one daughter and six sons, the sons being Joseph and Jno. in West Superior. Robert in Bentinck, James in Dakota, Andrew and Edward on the old homestead, and Miss Marguerite, who was a faithful and loving daughter during the long illness of her mother. Her remains were laid to rest on Tuesday of last week in the new cemetery followed by a large number of friends and neighbors. The Rev. Mr. Farquharhour of trouble.

The Rev. Thos. Farr came home last week to remain for a short while. Mr. J. W. Firth returned home from Toronto one day last week.

improving in health.

is the right man in the right place.

Mr. Guy Williams visited at Jas. McMeeken's over Saturday and Sun- effort at a busy time. day.

Mr. Joseph Lindsay returned to West Superior, Wisconsin, last week. Mr. Joseph Firth, Sr., went to vote last Thursday and looks as hale and hearty as twenty years ago.

is able to be around again.

Lightning Remedy for Cramps.

Some people have cramps pretty often, others only now and again. But when you do have them it's a ployment of married men boarding Dr. Sproule's assertion that he has mighty quick relief you want. Polson's Nerviline is as sure as death to relieve cramps in five seconds-it's instantaneous, just a few drops in sweetened water and the pain is gone. Buy a bottle of Nerviline to-day, and keep it handy. Nerviline is a com- ought to be when the farm house is mon household necessity and only costs 25 cents.

The Management of Farm Labor.

Unquestionably there is nothing connected with the business of farming which gives us as much annoyance, or which is as difficult to get on a satisfactory basis as farm labor. There are various causes which tend ialists tell us that the world could circumstances. produce enough for its needs if every man worked but half the number of hours that is now considered a working day; but unfortunately on our Canadian farms it seems necessary for the farmer and his men to put in each a solid day's work all the year around, and even then it is difficult to hold one's own among the keen competition. In these days when the sompetition between capital and labor have become so tense that a little extra strain at any time may bring about the most serious results, it is a the Liberal elected in North Renfew matter of no small importance for on Thursday, died this morning in farmers to consider whether some- Pembroke of blood poisoning. thing more cannot be done to put the on a better basis.

They could side the question of profits, there is hardly fail to carry with them any Alberta]. Going JULY 15th, returning until the all-important consideration of disease with which they came in con-

Hon. Mr. Mulock suggests that people take the remedy into their own hands by refusing dirty notes from the banks. This might help, but there are degrees of filthiness. A note may be only cartially soiled through too little attention having when it leaves the bank, but may become almost unreadable before it gets back again. It would never get so bad, however, if it always left the bank clean.

The Bank of England never re-issues its notes. Why should we not have the same practice here?-Montreal
