THE celebration at Holstein was a great success. The gate receipts were \$102.75, which at 15 and 10c., making allowance for "deadheads," will represent about 1000 people. The chief attraction was a football match between Drev and Holstein, which resulted in a victory for the visiting team by 4-0. Holstein! Holstein!! aren't you ashamed?

THE excursion to Guelph on the 25th was largely attended. The morning promise of a fine day all hoped to have a good day's enjoyment. About noon, however, it began to rain, and kept up a continuous pour the rest of the day. On the arrival of the evening train the town beheld as fine a set of water-soaked excursionists as ever delighted the eyes of an observer. They were all soaked alike, however, and even the ladies were cheerful in their dress bedraggled condition. There were eleven coaches left the station the first four of which were comfortably filled before leaving.

AN interesting hour was spent last Thursday when about fifty or sixty citizens and visitors to the cement works had a trip on the train out to Wilder's Lake. Several ladies and gentlemen from Toronto were in the party, and were it not for the dust that always accompanies a ride on a gravel train they would have enjoyed themselves fully. The immense marble deposits were viewed with pleasure, and the huge combine, scoop and dredge, now under construction, was admired more for its magnitude than its beauty. Located near the lake may be seen the ponderous machinery to be used on the dredge, and those who know anything about the different pieces were generous in their explanation to the uninitiated Mr. Laidlaw and about a dozen others who went out for a row have not expressed anxiety for a special report of their aquatic skill.

WANTED.—General servant wanted for family of four, no children. Wages made to suit competent person. Apply to Mrs. John McKinnon, Box 123, Guelph.—2

THE County Council voted last week in favor of the establishment of a House of Refuge for the County of Grey. A committee has been appointed to look up a site, and in our opinion Durham should put forth an effort to get it.

AFTER publishing the paper every week without a break for five and a half years, we purpose this year to give our readers a rest for a week, due notice of which will be given. Every other local paper around us takes a week off every year, and it will be quite in keeping with the usual custom if we drop into line for this year.
