FLESHERTON

The East Grey Exhibition held here on Tuesday and Wednesday of last week encountered bleak weather the second day which interfered somewhat with the attendance, but notwithstanding the threatening rain and chilling winds the gate receipts ran up to the gratifying sum of \$176.86. The entries in some lines were a little short of last year, but the Show on the whole was good. In the hall the exhibit of ladies' work though not as large as last year was fine in quality and highly praised by some who had been judges at other fairs. There were some fine samples of grain and the dairy department contained some very choice butter. In roots, fruits and vegetables the display was good and contained some very fine samples. There was a very tempting display of bread, pies, cakes, pickles and canned fruit, and also to the eye a very pleasing show of foliage, flowering plants and cut flowers. Mr. W. H. Bunt made an attractive display of furniture and Mr. W. Moore and Mr. W. Barnhouse were again to the front with harness and boots respectively. Mrs. Bulmer and Mr. Bert Barnhouse show fine collections of photos. Miss Robina Smith, of this place, operated on her knitting machines and was surrounded by many interested spectators. Mr. T. F. Wilson, of Markdale, made a good show of sewing machines and effected some sales. Some nice specimens of penmanship and free hand drawing were exhibited. In the former the prizes were awarded to Fred Karstedt, Mabel Boyd and Robt. Bellamy and in the latter, F. Karstedt, T. A. Ferguson and Ethel Whitten respectively. Outside the hall our enterprising manufacturer, Mr. D. McAvish, showed a number of fine carriages and also exhibited his new tire setting machine, two tons in weight, which he has recently added to his plant at a cost of \$210. The machine in operation was a great attraction for the crowd. A tire can be set with out taking it off the wheel and the job done in less than fifteen minutes. The show of stock was good and the pointers given by the expert judges appeared to be appreciated by those interested in stock raising. In carriage horses a pretty span owned by Joe. Conn got the red ticket. In general purpose and draughts Asa Hill and Jas. Patton each got the coveted ticket as did also A. Shear-down for a fine stepping saddle beast. The track was in prime condition for speeding and from the time the bell rang the sports in that line, which were considered very good, held the attention of the crowd. The awards were as follows: Open trot, D. McWilliams, "Barron" 1st; J. Vick, "Vickie Clock" 2nd; Gray Bros.,

"Listle Pete," 240 Trot: R. McGirr's, "Brownie" 1st; Dr. Airth's "Josephine" 2nd; D. McGibbon's "Doubtless" 3rd. Named race: S. Edgerton's "Lucy" 1st; C. Patterson's "Law" 2nd; C. Patterson's "Fred" 3rd. The best of order prevailed and no mishaps occurred all of which with the measure of success attending the Fair was gratify to the members of the Society.

Mr. M. K. Richardson occupied the Methodist pulpit on Sabbath evening last and gave an interesting discourse on hymns and hymn writers. Some of the incidents related were of a touching character. At the Presbyterian church in the evening Mr. T. Colquett, teacher, Ceylon, gave a very interesting address to the Christian Endeavorers on "A Searching Question;" based on John 21: 15-25.

CORNER CONCERNS.

Mr. and Mrs. Jas. McCallum, of Brussels, and Mr. Abraham Bridges and Miss Esther Bridges of Belgrave, while up at the Petch-Ector wedding called on Mr. and Mrs. James Tucker. Their short stay would seem to indicate they had some premonition of being called up again in the near future.

An unoccupied house of Mrs. Bradley's on the old homestead now leased by Mr. Geo. Pollock, was destroyed by fire with some stored away furniture on Sunday night. Cause unknown.

Mr. Joe Lennox's services with his steam threshing machine is in much demand at present. The good crop puts renewed courage in farmers.

Our Sunday School Concert is to take place on October 21st. The managers say a large crowd, a large programme and small admittance fee is what they are aiming at.

Mrs. Wm. Mathews accompanied her mother to Stratford where the latter underwent an apparently successful operation for appendicitis.

There are tricks in every trade said some special admirers of Rev. Magwood, who drove eight or nine miles to hear him as announced a Varney on Sunday but were disappointed. The congregation's experience with the genial and obliging Divine assured them he would grant their request to be present under ordinary circumstances, but another engagement of two months' standing could not be laid aside. But if anyone drove twice nine miles to hear Rev. Pomeroy they would be well repaid as he is one of the cleverest preachers besides the church was beautiful to behold and the choir excellent.

The boys look jaunty with their new driving whips. The charge of ten cents for checking whips in connection with the hotels on Show Day caused many an old stub to remain unclaimed.

BUNESSAN.

The only improvement we saw about the Durham Show this year was the increased admission fee. Surely the directorate can furnish something better in the way of amusement than what they had this year, and surely they can find a better use for the people's money than for whiskey for judges, etc.

And so a Chronicle correspondent would have Wm. Bell and his bride reside in Toronto amid showers of rice, etc.!!!

Mr. T. McComb sold a two-year-old colt to Jack Firth, of Edge Hill, for a neat \$100.

On Sept. 30th, to R. T. Edwards and wife was born boy No. 5. Great neighborhood for "chaps!"

Mr. Jim Bartley is dubbed in our vicinity the "Prince of Threshers." Each year finds him more popular and doing better work. This year he beat the record on the 6th. Grim-looking and muscular, with a keen eye and an active step, he is the picture of an ideal thresher, but in social life a more genial fellow cannot be. He has a very heavy season's work on hand.

Rev. Wray R. Smith's sermon on Sunday last was a masterpiece.

Mr. M. Hooper has purchased an engine to run his separator. Matt. believes in keeping up with the times.

Several agents were seen in this part with cream separators on Saturday last. We believe that one of our energetic farmers is greatly in the notion of buying one.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood and makes you feel buoyant and vigorous. You can get this reliable remedy at Darling's Drug Store.

ORCHARD

Mr. and Mrs. Thomas Queen of Woodland, were the guest of Mr. and Mrs. J. Queen last Sunday.

Say, the query is, who were the three young men that took a bag and went on Sunday and stole all the crab apples off a tree in T. B's garden on the North line.

The farmers in this part are getting things pretty well wound up. We have a big potato crop and a big potato rot and in most cases the rot has got the biggest share.

There is one man in our county who says that the Lord has given him too much stuff this year and he is nearly killed trying to save it.

A short time ago death visited the home of Mr. and Mrs. George Wells and claimed for its victim a little son about 6 years old with bronchitis. Mr. and Mrs. Wells and family have our sincere sympathy in their hour of trouble.

Mr. William A. Hazlett has been under the doctor's care lately but we are pleased to say that he is able to be around again.

Threshing is in full bloom around here just now and we are pleased to say that there is lots to do. There is a big yield of grain, but the oats will weigh light owing to the heavy rust on the straw.

We regret to announce the death of Mrs. Henry Beckenhaver who was called away on Wednesday, Oct. 1st to a better land above at the age of 57 years, 7 months and 17 days. She was born in Germany in 1845 and was married in 1865 and came to Canada in 1868 settling in Waterloo County, moving in 1876 to Bentinck. One son and one daughter was the result of the union, John on the homestead with the father, who was a kind husband, and Mrs. Henry Lippert near the same place. She was a loving mother and a kind, obliging neighbor, highly respected by all who knew her. The funeral took place to Hanover cemetery on Friday and was largely attended by relatives and friends. The services were conducted at the house and grave by the Rev. Tivietmeyer, of Hanover. The sorrowing family have the sympathy of the community in their hour of sorrow.

Permanent Cure for Neuralgia.

Experienced sufferers state that no remedy relieves neuralgia so quickly as a hot application of **Polson's Nerviline**, the strongest liniment made. Nerviline is certainly very penetrating and has a powerful influence over neuralgia pains, which it destroys almost at once. Nerviline is highly recommended for Rheumatism, Lumbago, Sciatica, and Toothache. Better try a 25c. bottle, it's all right.
