FLESHERTON

Thanksgiving Day passed quietly here, many taking advantage of the holiday to go in pursuit of pleasure. A union service was held in the Methodist Church at which a goodly number assembled to give thanks for the bounties of the year. Rev. Wilson preached and Revs. Thom and Cooke assisted in the service.

Mr. James I. Snell, second son of Mr. John Snell, west back line, passed away on Tuesday of last week after a lingering illness with consumption. Deceased was 25 years of age and will be greatly missed in the parental home. Thursday afternoon a short service at the house conducted by Rev. Mr. Thom, a largely attended funeral took place to the Flesherton cemetery where his remains were committed to mother earth with Orange honors the impressive service of the Order being led by Rev. T. R. White, of Eugenia. A memorial service was held in the Presbyterian church on Sabbath afternoon last.

Mrs. Stocks, who has been employed for some time in the Woollen mill here, met with an accident a few days ago that will lay her off work for some time. Her left hand was caught in one of the looms and so lacerated that seven stitches were necessary to close the wound. This is the second mishap in the mill recently, the former being that already reported to T. Wardrobe's hand which is healing nicely.

Our sister burg, Eugenia, suffered by fire on the evening of the 16th inst. when Mr. Sloan's Saw Mill leased to Stubbs Bros. was burned to the ground. The latter had no insurance on stock, the former only small on building, so that the loss to both is heavy.

On Thursday night of last week burglars visited this place and Ceylon, but as money was evidently what they were in search of they got but little for their trouble. Here they forced an entrance into Boyd, Hickling & Co's store and Munshaw's hotel. In the former place only a couple of articles were missing and in the latter a little over a dollar in change which had been left in the till. At Ceylon one of the hotels were entered, the till tapped but only some coppers secured. A bottle of sealed whiskey was drawn but only a couple of drinks taken.

On Tuesday evening of last week the teacher, Miss Stafford, and pupils of Rockvale school section held a formal opening of their new school by way of an entertainment which was most successful. The house was crowded and a very pleasing program was rendered. A number from here patronized the function.

Another olive branch, the third on the family tree, has been added in

the home of Mr. and Mrs. W. H. Herd by the arrival of a young son last week.

It is needless to say we were pleased to have a visit from the genial editor of the Chronicle on his visit to the Teachers' Convention here which he reported in the Chronicle last week. Miss Rita, who accompanied him got a hearty welcome from her former companions.

Miss Grant, formerly of the school staff here, but now in charge of a school near Durham, attended the Teachers' Convention and received a hearty welcome from her numerous friends here.

Miss Tessie McCallum was the guest of the Misses Munshaw while in town at the teachers' entertainment.

Mr. Ed. Thompson and sister Mary attended the wedding of Miss Noble at Stanton last week.

Mrs. Hickling and Mrs. J. D. Clark spent Thanksgiving holidays with friends in Owen Sound, and Mrs. W. N. Brown was in Toronto.

Mrs. George Burritt recently spent a few days with friends at Kimberley.

Rev. A. and Mrs. Cook have moved to their new field of labor at Bellfontaine, near Guelph.

Mr. and Mrs. E. Simmons, of Proton Station, have become residents of this place. They occupy Miss Robina Smith's house on Spring St.

Mrs. W. E. Southgate, of Toronto, is visiting her brother and sister-in-law, Mr. and Mrs. Geo. Mitchell.

Mr. Wm. Herd, of Kemble, is visiting his brother J. H. here.

Miss Juanita Stover has gone to spend a couple of weeks with friends in Durham.

Mr. R. N. Henderson and little daughter, of Toronto, spent Saturday and Sunday with friends here. Mr. H. had his eye on some North of Scotland interests a little out of town.

Stops the Cough and Works off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

EDGE HILL.

Mr. Charlie Cotton is engaged with Mr. George Ritchie for a half month.

Mr. Henry Brigham of Allan Park, was a caller round here last Thursday.

Mr. John Putherbough and sister Ella, of Aberdeen, visited friends in this neighborhood the beginning of the week.

Mr. Harry Williams is well suited with the North-West, and we understand that he has taken up land and intends moving up there in the Spring.

Mr. James Staples lost a horse last week. This is the fourth horse Jim has lost inside of three years. Rather hard luck.

Mr. P. G. Morrison is home after spending a month in Mount Forest, selling off the stock in a drug store.

Mr. George Ritchie has got a horse from his brother John's farm at Glasco, to take the place of one of his own which has been badly lamed and made unfit for work by a careless blacksmith driving a nail up into the foot.

Mr. Wm. Morrison had a number of sheep worried by dogs lately. Its a pity those dogs couldn't be caught in the act and given a dose of something not quite so digestible as fresh mutton.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

ORCHARD

Mrs. David Queen and children, of Toronto Junction, spent Thanksgiving with the Queen family returning home Monday.

Misses Mary Neil and Charlotte Hutton have gone to Durham to learn the dressmaking.

Mrs. Alex. Schram has gone for a two months' visit to friends at Galt, Ayr and Blenheim.

The infant child of Mr. and Mrs. John Healy was seriously ill last week, but under the skillful treatment of Dr. Brown is improving.

We understand that Miss Sarah Brown has taken a position in the Review office.

Mr. and Mrs. Robt. Louie, of Teeswater, spent Thanksgiving with the latter's mother, Mrs. Torry.

Mrs. Healy, of Holstein, is visiting her son, Mr. J. C. Healy, for a few days.

Mrs. Joseph Blyth visited friends in Guelph over Thanksgiving.

GLENMONT.

Miss Susie McKinnon and Miss Jewel McComb visited at Dan McKinnon's for a few days last week.

A few from our pleasant locality attended the Field Day sports at Priceville school on Friday, 24th inst.; also the entertainment in the evening, and report a very pleasant and sociable time.

Rev. F. Varley visited in this neighborhood one day last week.

C. H. Dixon cut Austin Haus' corn and filled his silo with his Thom Blower.

A number of Glenmont ladies intending to go to the Women's Institute meeting to be held at Mrs. Patterson's next week.

The farmers are busy taking up their mangolds and turnips, which are an excellent crop this year.

Mr. W. Young took a snap shot of Ebenezer choir last week.

The Sunday school closed on 26th inst., and the good people of this place intend having their annual Sunday School entertainment in the near future.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box. 25c.

SPRING BANK.

The heavy thunder storms of late presage an open fall.

Most of our farmers have taken up their potatoes, but still the rot continues. Bad for Orish man.

Mr. Samuel Lawrence, Jr., has rented the Joseph Corbet farm of Bentinck for a term of years.

Miss Jennie Brown spent a day with Holstein friends lately.

Say, does anybody see two young men wending their way through Spring Bank each Monday morning after spending the previous day and night?

Guess we'll not tell where the Cement train made its appearance to the lake on Sunday last. Something new, and something that should not be allowed where civilization and Christianity exist.

Mr. and Mrs. Iliff, of Reylstoke, B. C., have been spending the past two or three weeks with the latter's parents, Mr. and Mrs. Sam Lawrence. Their many friends in this part were pleased to see them. Accompanied by Mrs. D. N. McLean, who has also concluded a month's visit at the same place, they left on Monday for their home in the far west, taking with them the best wishes and respects of this community.

Bush whackers are once more at work on the McKinnon farm.

Mr. Geo. A. Moore has lately put the finishing touches on Mr. Abraham Crutchley's new barn, which reflects credit on workman and owner. We think we are safe in saying that there is not a farmer in the old township of Glenelg better fitted for farm buildings than Abraham. Only two years ago he built a fine large dwelling house, and two years previous to that a large structure used as a pig pen, hen house and implement shed. As Mr. Crutchley and his industrious partner are yet under the two score mark, bright prospects are in store for their future welfare.

G. A. Watson lately purchased a thoroughbred Shorthorn bull from Mr. John Orchard, of Mt. Forest.

CORNER CONCERNS.

There is an old saying that a little fun now and then is relished by women as well as men, which would apply nicely to the people of Orchardville as every one from the fair young school marm to the gray-haired Church Deacon had a hand in moving a bicycle belonging to one of our young men who goes a-wooing down there from place to place for about a week, much to his discomfort.

For some time there has been great anxiety among friends and relatives of Mr. Wm. Mountain as he has been threatened with appendicitis and last week he had to be removed to London hospital for treatment. We all hope to hear of him arriving home soon safe and sound.

Mrs. Margaret Gray arrived home this Monday from Stratford hospital on a fair way to recovery.

Times are bright and cheerful with Mr. John Sharp's household despite the cold, damp weather which is giving so many the blues. A bright little baby girl arrived on the 15th—her first.

It was almost by accident that Jim Eden discovered that he could perform a bicycle feat that would have totally eclipsed the high dive from a flying bike into shallow water at the Toronto Exhibition, was it not that the bank he went down into mud creek was only about twenty feet high and a part of his coat tails remained in view. His appearance coming up the bank almost proved disastrous with two or three passing buggies, as the occupants were so utterly helpless with laughter to be able to control the horses. He has decided not to try perfecting himself at the feat until he gets a more suitable dress for the performance than his Sunday best.

A wild cat has been playing havoc among sheep east of Holstein for some time in spite of the best efforts of the village sportsmen, but last week it took up its quarters near Varney and as magistrate S. Queen was returning from Owen Sound it gave him a lively chase down the railroad track for which he gave Mr. J. Allan and other hunters liberty to shoot it down on sight.

It has been almost impossible to get a machine to thresh this neighborhood this Fall, and farmers had to turn their pigs into the pasture field to root hog, or die. Last Tuesday night at sundown one of the best of our bunch for a time lay prostrate among the overturned sods. The attending physician pronounced it an epileptic fit due to over-exertion. This is the only excuse we have to offer for the part we took in bringing two steamers into the neighborhood at once and causing a general hubbub all week.

One of the weddings we hinted at a short time ago occurred last Wednesday, the marriage of Miss Jennie Gordon to Mr. Willie Long, and to make a long story short the affair was just like all other weddings the bride handsome and neatly attired and the groom as happy as possible. Rev. Mr. Campbell, of Dromore, tied the knot in the presence of friends and relatives. The wedding supper was good, and the presents very nice—We wish them every happiness.

You will please excuse us for not sending in our budget as usual last week. The fact is we trusted its conveyance with a Durham hunter, who had, no doubt, run short of wadding paper for his gun and had to use our manuscript.

Our S. S. entertainment fell on a good clear night consequently there was a large crowd, and the program was quite in keeping with it for it was also one of the best. Superintendent Allan acted as chairman and the School opened the performance by singing. Rev. Mr. Little was first speaker. His subject was the word "Watch," not the golden trinket that Editors and other rich men carry in their vest pocket, but the golden words and deeds that add happiness to the lives of fellow mortals and advised all to watch and use no other. Rev. Truax used the word "Tie," and advised all to tie themselves to S. S., church and all other good things, and not to forget to try a hitch or some good man or woman once or so during life. Mr. M. Richardson, M. P. advised encouraging the Teachers not by giving them Irish money but simply by reminding them occasionally of the good you thought their precepts and example was doing to the neighborhood. Misses A. Sirrs and E. Eden and Mr. Sirrs sang sweetly. Dr. Brown maintained his high reputation in every piece, and Hood the butter maker capped all. Miss Minnie Cornish gave a recitation and the Rev. Gentlemen supplemented the loud applause by more fully expressing the exact opinion of the audience in saying it was one of the very best pieces rendered in the best style he had yet heard, but when her little sister Miss Victoria took the platform it was noticed she was queen of that art. Two little tots, Maggie Crittenden and Mabel Mead, of the school, recited nicely. There were also choruses and dialogues by the school. Miss Sharp, of Holstein, presided at the organ in a very acceptable manner for the gentlemen singers, while Miss A. Sirrs did likewise for the School. The meeting closed with "God Save the King."

COLTS FOR SALE—One 2-year-old filly, one year-old gelding and a spring colt five months old, all from a thoroughbred Clyde horse and good working mares.—R. T. EDWARDS, Traverston.—tf.

Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."
L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: 25c, enough for an ordinary cold; 50c, just right for bronchitis, hoarseness, hard cold, etc.; \$1, most economical for chronic cases and to keep on hand.
J. C. AYER & CO., Lowell, Mass.
