## WHAT WILL COME OF IT?

The Huron and Ontario Electric Road Again Being Agitated An Extension of the Charter to be Applied for.

Walkerton, Ont., Dec. 5, 1902.

Minutes of meeting held at Saugreen Club in connection with the Huron and Ontario Railway, commonly referred to as the Electric Road.

Meeting was opened by Mr. A. Shaw K. C., explaining the reasons for calling the meeting as follows:—

Mr. M. McNamara he said, having stated at a public meeting held recently in the Town Hall, Walkerton, that arrangements have been made with a good company for the building of the Road, but it was first necessary to get the preset Charter extended, as same would expire under the act on April 26, 1903, and that in order to procure such extension, an expense of \$500 would be needed to cover government fee and expenses in connection with same. The eastern end of the proposed railway interested had agreed to raise one half the amount, and we were asked to find the other half namely \$250,000. At this public meeting a committee was appointed, consisting of A. Shaw, J. W. Bundy and L. C. Benton with instructions to thoroughly investigate the subject. This committee after thoroughly considering the matter, decided with the co-operation of Mr. D. Robertson to call a meeting of representatives or delegates from the various municipalities in this vicinity in order that the matter could be laid before all intended sections of this end of the proposed line.

Meeting was then organized by electing Mayor of Walkerton, C. W. Cryderman, Chairman, and L. C. Benton, Secretary. The following were present:—

Messrs. J. S. Knechtel and Ball, Hanover; Messrs. G. McKechnie and N. McIntyre, Durham; Dr. J. Gillies, D. Stewart, J. K. McLean, L. A. Brink, S. R. Brill and J. Farquharson, Teeswater; Messrs. J. W. Bundy, J. Henderson, L. C. Benton, A.

## BACK PAINED SO BAD COULDN'T TURN IN BED.

A citizen of Trenton, Ont., who suffered agony with his back and kidneys, tells of his rapid and complete restoration to health by the use of Dr. Pitcher's Backache Kidney Tablets.

We desire to present to you the history of the case of Thomas Douglas, of Trenton, Ont., whose occupation is that of carter for the Gillman Co., an avocation which involves heavy lifts and frequent exposure to wet and cold—all hard on the kidneys. That Dr. Pitcher's Backache Kidney Tablets could so quickly cure a case so severe as that of Mr. Douglas is a splendid tribute to their rapid-acting, thorough-going curative qualities.

**MR. DOUGLAS TELLS HIS STORY.**  
"I had been a very healthy man until a few months ago, when I was taken with a very severe pain across the small of the back. As I had a slight cold, I attributed the pain to that, and commenced using liniments, which I found gave me no relief.

"Seeing the testimonial of Mr. Kobold, a Trenton gentleman, who had used Dr. Pitcher's Backache Kidney Tablets, I made up my mind to try them. I used very few Tablets before I found relief, and I can tell you I was very thankful for this, as I had been so bad that I had to lay off work for days, and at nights I could not turn in bed. Dr. Pitcher's Backache Kidney Tablets have made a perfect cure in my case. I am at work every day before 7 a.m., and work hard all day, and I can assure you my work is not easy, as I have a great deal of heavy lifting to do, and the constant stooping is a great strain on the back, but I am thankful to say I have never had a twinge of pain, nor has my back bothered me since Dr. Pitcher's Backache Kidney Tablets cured me."

**MRS. DOUGLAS CONFIRMS IT.**  
"I gladly endorse all my husband says about Dr. Pitcher's Backache Kidney Tablets. They acted splendidly in his case and have inspired me with such confidence of their efficacy that I am using them now myself.

"I have been troubled for some time with sick headache, weak spells, tired feelings, and generally run down. I have used the Tablets only for a short time, but feel so very much better already that you may be sure from me.

"I tell all my friends that Dr. Pitcher's Backache Kidney Tablets have done splendidly for us, and both Mr. Douglas and myself have no hesitation in allowing you to use our names in endorsement of such a reliable remedy."

**SO DOES MR. SHURIE, DRUGGIST.**  
"I am well acquainted with Thos. Douglas, of this town, who is a teamster in the employ of the Gillman Co.

"He is a hard-working and respectable citizen, and I have no hesitation in endorsing the statement he gives of his cure by Dr. Pitcher's Backache Kidney Tablets, as it was from my store the Tablets were purchased, and I know the condition he was in prior to taking them, and that he is now, to the best of my knowledge, working hard every day without any trace of his former trouble."

Dr. Pitcher's Backache Kidney Tablets are 50c. a bottle or 3 for \$1.25, at all druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

Mr. Wm. Amos died at the Hamilton asylum last Monday. The remains were brought to Mt. Forest for interment on Thursday. His wife and family have the sympathy of all in this part where they are well known.

Messrs. Robt. Baibour and Alex. Allan are going to brick veneer their dwellings next summer. The former starts this week to haul brick from Balnafad kilns.

Mr. James McMeekin had a successful wood bee last Thursday, and all anxiety about fuel is out of his mind for another year.

Mr. J. Vessie concluded the season's threshing last week, which was of about 100 days duration, an exceptionally long one for this part of the country.

Now is the time for wood cutting and wood cutting yarns. A Glenelg young farmer, who handles the Gospel truth and wouldn't like to be doubted excepting to break all records, took his camera to the bush with him to photograph the pile he put up one day last week so all might see for themselves the truth of his statements.

Some bogus money got into this part lately. Several specimens of it are reported to have been seen, and one young man is now travelling quite extensively for it, as a consequence of having passed off a few bills of it on unsuspecting people. If there are others who have it in their possession they will now know well the wrong of that kind of goods.

The number of temperance measures that have successfully carried with no action taken on them caused the referendum to be treated on poll-day in this part like the Boy's cry of Wolfe. Even the license holders did not go out to vote against it, nor the temperance people put up their usual large vote.

We were all pleased to hear that Mr. Wm. Mountain was able to be removed home from the hospital last week, and that he may soon be fully recovered is the wish of his many friends.

**Bentnick Goat Race.**  
For elections that are rare, That will make the people stare By actions that are woolly, wild and frantic, There is no place to-day. That points so much that way. As a township just out west that's known as Bentnick. For I'll swear by the hold Of my grandmother's coat, Every member of the board Now possesses a goat. They'll knock out their opponents, But sure that's the intention, They say 'Torry is the man Who thought out the invention. Bob Grierson was the last one A Goat for to seek, He's a noted hard hitter He brought home last week. All Bentnick farmers, Who for goats are enquiring, Are supposed now to be For the Council aspiring. When polling day comes round And they fight for the vote, Each man will be mounted On a tergumant goat. When all get their numbers,

And each takes his place, All eyes will be set On the Bentnick Goat Race.

**Justice Mixed With Humor.**  
In a small town in the United States lives an elderly German, who, because of the high esteem in which he is held in the community, has been elected justice of the peace. The old gentleman was recently called upon to decide a most perplexing question. One of his neighbors is the possessor of a dog. The dog, although not actually vicious, delights in running out of the gate and barking savagely at passers-by. This had been the source of great annoyance to the neighbors, especially to one, who vowed to get even with "the pesky critter." Recently this neighbor was returning from a shooting trip, gun in hand. He was set upon by the dog, whereupon he raised his weapon and fired at the brute. His aim was not very good, and the dog ran yelping, minus his caudal appendage. The owner of the dog had his neighbor hauled before the old justice on a charge of cruelty to animals, and the court room was crowded with the partisans of both men. The justice heard the charge and then the defence that the dog was a dangerous animal and a menace to the neighborhood. The old German thereupon cleared his throat and delivered the following dictum:—

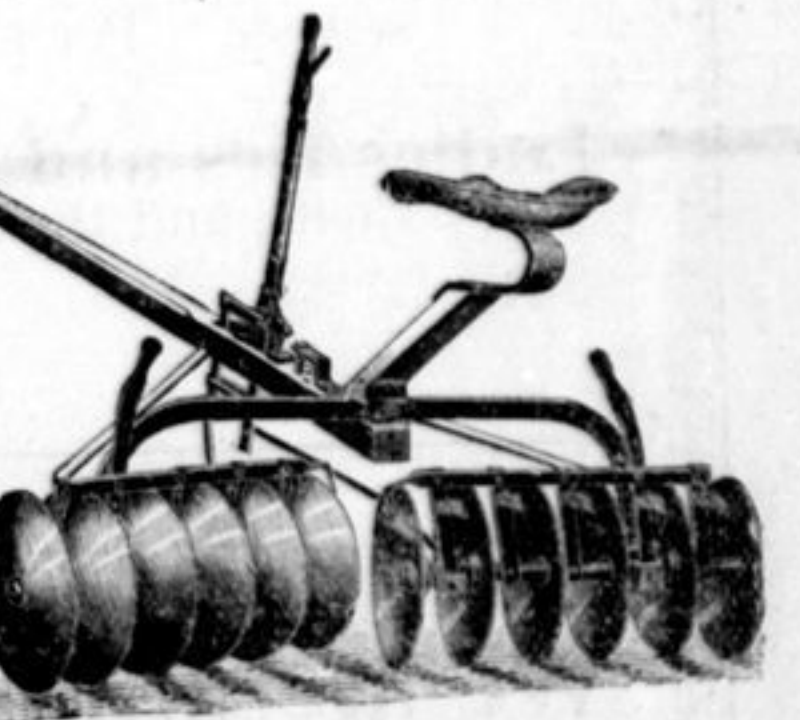

"Der man—he has been guilty of cruelty to animals." And one side of the court room applauded the justice on the decision.

"But ter tog—he was a vicious tog." And the other side voiced its approval.

"I will fine der man five tollars." Another murmur in the court room.

"But I will give him anoder shot at der tog." And both sides cheered.

**Gone Into Liquidation.**  
An order was granted last Friday on consent to wind up the business of Messrs. McFarland, Gray & Southgate, wholesale manufacturers of clothing, shirts and overalls, 41 Front street, West, Toronto. A meeting of the creditors and shareholders was held the previous afternoon, when it was decided to go into liquidation. The application for a winding up order was made by Mr. W. J. McFarland as a shareholder and was not opposed. The liabilities are about \$100,000, with assets nominally of the same amount. Mr. E. R. C. Clarkson was appointed interim liquidator. The company was organized with a capital of \$200,000, of which \$100,000 was paid up. It is understood that the company will make an offer to their creditors. Markdale Standard.
