

Hardware.

Think well before you spend your money, and you'll decide on our store as the best place to do business.

This week we will offer you a "Self-lighting Globe." It defies the elements and laughs at the wind and rain. It is a marvel of simplicity and usefulness. A single match always lights. See it.

Buying a cheap Chopping Axe means a waste of time and money. It is our aim to sell one of which you'll say, "it's the best I ever used." Such is our Dollar Axe. We also have them as low as 50c.

Our assortment of Axe Handles is something extra, ranging in price from 10c to 35c.

We have the variety of X-Cut Saws. Our 50c per foot Saw is a good one.

There is only one Buffalo Robe left in stock which we intend to offer at a bargain.

Don't forget your horse these very cold days. See that he is blanketed both in street or stable. We have made prices specially interesting to careful buyers of Horse Blankets.

Do not be without a Snow Shovel when you can get one so cheap.

W. Black.

DR. BROWN

L. R. C. P., LONDON, ENG.

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send, free of charge, a copy of the prescription used, which they will find a sure cure for Consumption, long Croup, Asthma, Catarrh, Bronchitis and all throat and lung troubles. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address, Rev. EDWARD A. WILSON Brooklyn New York.

Prompt Delivery of all Goods.

ASK FOR OUR BREAD

at McLachlan's, Scott's, Mrs. MacKenzie's and J. Burnett's stores.

PETER CALDER.

Flesherton.

(This Week's Budget).

After being eight days on the road Mrs. (Dr.) Rosborough, accompanied by her sister, Mrs. Honeywell, arrived here Friday night last from Everett, Wash., with the remains of her little son, whom we have since learned died with a combined attack of scarlet fever and spinal meningitis after only thirty eight hours illness. Interment took place on Saturday Revs. L. W. Thom of this place conducting the services. A number of friends from Dundalk were present to sympathize with the sorrowing mother among them being Rev. Jas. Buchanan, Mr. and Mrs. Rundle and Mr. J. A. Rosborough.

Miss Brodie, aged 15 years, who has been ailing for some time with lung trouble, died at her home near Ceylon on Wednesday of last week. The funeral took place to Markdale on Friday.

On January 5th Mrs. Geo. Mitchell of Buffalo, youngest daughter of Mr. Donald McLeod, west back line, met with great bereavement in the sudden death of her husband, who, as before reported by us, was killed by the explosion of his locomotive boiler. On the 5th inst. her sorrow was deepened almost beyond endurance by the death of her only child, Florence, a sweet little girl of two years, who died after three days' illness with pneumonia. On Monday of last week interment took place at Toronto where Mr. Mitchell is laid. Mr. Frank Cairns, of the back line, attended the funeral and was accompanied home by his sister-in-law, Mrs. Mitchell, who is very much prostrated with the shock and is the subject of much sincere sympathy in her deep sorrow.

Mr. Bunt's hearse was considerably damaged at the station on Friday night last by young Hopps, driver of the bus, backing against it, breaking one of the large plates of glass and doing other damage. The same day Dr. Carter's cutter was badly broken by Jake Thompson's wood sleigh which collided while passing on the road.

Mrs. Bellamy, Sr., the esteemed mother of the Bellamy brothers here, celebrated her 85th birthday on Monday last. We extend congratulations and wish her many returns.

Mr. W. Barnhouse, who is leaving here soon to engage in business in Toronto, has sold his residence and grocery to W. L. Wright, of the west back line, who will succeed him in business here. Mrs. Barnhouse visited over Sunday with her daughter at Owen Sound.

Miss Mabel Munshaw visited for a few days with Miss Egan at Dundalk

The Worst Kind.

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, itching, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a thoroughly Pile-sick person.

This is when Hem-Roid, the only internal, the only absolute Pile cure, brings the results that has made its fame.

It will cure the most stubborn case in existence and a bonded guarantee to that effect goes with each package.

It is to be had at Darling's drug store.

Varney.

A number of the young folks of this neighborhood spent a very pleasant evening at the home of Mr. Alfred Vollett one night last week.

Mr. James Bogle is on the sick list this week but we are glad to hear he is improving.

Miss Bertha Pettigrew spent a few days with Bentinck friends lately.

Mr. Chas. Gray purchased a fine driver from Mr. Wm. McCalmon this week and now cuts quite a dash.

Miss Aggie Dunn returned home on Saturday from Toronto where she has been very ill, she was accompanied home by her sister Alice who returned to Toronto on Monday.

Miss Ada Brown of Egremont, is visiting her aunt Mrs. Wm. Clark, at present.

Miss Ida Morrison is spending a few days in town with her cousin Miss Bradley.

Mr. Wm. Grant is under the weather at present. We hope to hear of his recovery.

Mrs. John Carson spent a few days with Varney friends last week.

Mrs. Hoy is still very sick being confined to her bed.

Wm. Marshall's little boy Robbie, is sick with stomach trouble.

No scarcity of soft water here now, there is plenty in the cellars. R. Petty had to carry his pigs out of their pen as the weather was too cold for them to take a bath.

Joe Lebo had an experience that he won't soon forget getting a load of wood out the side road, one of the horses getting down in the water the big bird that followed him out did not get wet, he tied his horse to a tree and got over dry. Nothing like feathers to keep out the wet it runs off like water of a gander's back.

Who sent Max the valentine. Mrs. Wilkinson arrived home after spending a few months with her daughter, Mrs. Robinson of Hepworth.

Mrs. Alex. MacCalmon, of Toronto, is visiting her sister in town at present, also Miss T. Hoy at Flesherton. Mrs. Patterson, of Millbank, is the guest of Mrs. Q. Pettigrew.

Waudby.

The Topic of the day! Will we have to butcher the swine?

The thaw that we had on the 6th and 7th lowered the snow nearly one half. It was said that there was a drift of snow not more than six miles from here that was 300 inches deep.

Mr. Noble McCallum, of Manitoba is visiting at Mr. A. Ellison's and Mr. J. Bartley's for a few days.

Mr. Wellington Dermo, of Manitoba, is renewing old acquaintances around Waudby again.

Mr. Wm. Laughlan is engaged with Mr. John McKenzie for the summer.

Mr. James Hall is on the sick list at present but under the treatment of Dr. Sproule of Markdale, and Dr. Smith, of Dornoch, it is hoped he will soon be himself again.

Miss Zeddie Kerney has fulfilled her duties in Markdale and now she is a full fledged dress maker.

Mr. J. Bartley and Mr. A. Ector have swapped horses and both got the best of it.

Mr. John McNally had a horse a little under the weather, but with the treatment of Dr. Wolfe is hoped will be all right again.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. Greiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach and Liver Tablets." For sale by H. Parker.

Glascott.

Well Mr. Editor here we are again I suppose you will think I have got snowed under but I am still on top. But we have been so busy trying to keep on top that we have not had time for anything else.

It is an old saying that trouble never comes singly. An instance where this saying proves very true we will try to relate, from the family of Mr. John Duncau. About July last Mr. Duncau who has always been a great worker, both on his farm and at his trade, was affected with stomach trouble, from which he has been an invalid ever since. In the month of November their eldest son John R. at that time fireman on the C. P. R. from Rat Portage to Winnipeg, was brought home a corpse having succumbed to an attack of typhoid. Shortly after the funeral Miss Eliza their second daughter returned to resume her duties in Toronto, and was soon taken down with lung trouble. We are pleased to say that she is now fully recovered and intends leaving for the city in the near future. About four weeks ago Isaac their fourth son while assisting Mr. John Cook of Berkeley to make timber, slipped on the stick in such a way that one foot came right between Cook's axe and the timber, as a result the face of the axe was buried lengthwise up the inside of Isaac's foot. About two weeks ago while still suffering from the cut foot he was taken down with appendicitis, and for a few days little hope was entertained of his recovery but at time of writing he is now on the way to recovery, though not as favorable as might be expected. The family have the sympathy of all in their manifold trouble.

On Wednesday Feb. 3rd a pleasant event took place at the home of Mr. Chas. Boyle's it being the marriage of his youngest daughter Miss Sarah to Mr. James Ledingham, of Bentinck The happy couple leave about the 1st of March for Alberta. We extend congratulations.

On Saturday last while Mr. Will Ball was driving a colt hitched to a cutter for the first time, it became frightened and made an attempt to run away but Will pulled him off the road and with the help of the snow managed to hold him but not before considerable damage was done to the cutter.

Miss Nicholson our energetic teacher, has been the means of starting a debating society in the school-house. Meetings every Monday night.

Your scribe and family leave this Tuesday for Nanton, Alberta. We wish the Editor and his able staff a prosperous future.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven to many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has Pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by H. Parker.

HER BLOOD TURNED TO WATER

And She Became a Prey to Pernicious Anaemia—Cured by the Great Blood-maker

Ferrozone.

"About a year ago," writes Mrs. S. G. Stanhope of Rotherham, "my daughter complained of feeling tired. She was very pale and listless, and kept losing strength till too weak to attend school. The doctors prescribed different bottles of medicine but Elaine kept getting worse instead of better. She had Anaemia and we were afraid for a while that she might never rally. We read of a similar case, that of Miss Descent of Stirling, Ont. being cured by Ferrozone, and this induced us to get it for Elaine. It took three boxes of Ferrozone to make any decided improvement, but when six boxes were used my daughter was beginning to be her old self again. It didn't take much longer to make a complete cure, and I am convinced that there is no better blood-maker than Ferrozone. It has made a new girl of Elaine. She has gained ten pounds in weight and looks the picture of perfect health. She is stronger and enjoys the best of spirits. The credit of her recovery is entirely due to Ferrozone."

Every growing girl and young woman can make herself strong and healthy with Ferrozone. It makes blood, nerve and tissue—makes it fast and makes it to stay. Complexion soon becomes rosy, nerves get new strength, tiredness vanishes—perfect health is the reward for using Ferrozone which is sold by all druggists. Price 50c. per box or six boxes for \$2.50. By mail from The Ferrozone Company, Kingston, Ont. Get Ferrozone to-day.

Thermometer a Necessity.

The absence of a thermometer in the work rooms of a factory cost the manufacturer many times more than the outlay of buying them every year would amount to. There is usually a good deal of friction where a number of hands are employed, especially in winter, as the foremen and superintendants can testify. Simultaneous with the wail of the chilly workman that he is "freezing" comes the complaint of the warm blooded individual that he is "melting." The presence of a thermometer makes more easily the adjustment of these temperature complaints and saves more time than would pay for the instrument several times over. It is not always possible to correctly gauge the degree of heat in a room by one's own feelings. The temperature may gradually rise unobserved by the occupants of a room to a point that would immediately be felt as stifling by a new comer. This is a larger and more important matter than the majority of manufacturers realize and few have even given it consideration.—Shoe and Leather Journal.

WANTED—SEVERAL INDUSTRIOUS persons in each state to travel for house established eleven years and with a large capital, to call upon merchants and agents for successful and profitable lines. Permanent engagement. Weekly cash salary of \$24 and all travelling expenses and hotel bills advanced each week. Experience not essential. Mention references and enclose self-addressed envelope. THE NATIONAL, 322, Dearborn St. Chicago.
