## THE GLOBE WAR NEWS.

From Special Correspondent in the Field.

The Russo-Japan conflict has commenced in earnest, and that part of the world is now the centre of interest.

In order that our readers may be kept in the closest touch with the situation we have made special arrangements whereby they can have The Weekly Globe for the year 1904 on specially liberal terms.

The Globe with its usual enterprise, has made arrangements with The London Times whereby it is able to publish simultaneously the reports sent direct from the scene of action. The Times London England, has established its reputation as being the largest and most reliable newspaper in the world, and our readers can have full benefit of its excellent staff of correspondents by reading The Daily or The Weekly Globe.

The Globe has the exclusive of this service in Canada, and these reports will not appear in their original form in any other Canadian publication.

A summarized report with every item of interest will be especially written for The Weekly Globe, enabling readers to gain a thorough knowledge of the situation without the trouble of reading columns of contradictory and confusing reports.

The Weekly Globe, with its illustrated section and many interesting features, is now one of the cleanest and brightest newspapers in America, and we are pleased to be able to announce that the arrangement just completed will enable subscribers to secure it for this year at a special price.

## The Value of Advertising.

The great sale by the London Times of the Encyclopaedia Britannica is a mighty tribute to the value of advertising. When the Times took hold of the work in 1895 only 10,000 sets had been sold in the United Kingdom. Since then the Times has paid out \$450,000 in circulars and \$1,015,000 in newspaper advertising, the total space of the latter being the equivalent of 5160 columns in daily

papers and 8400 pages in weeklies and magazines. The total sale amounted to 1,500,000 volumes, weighing more than 5500 tons. The average weekly sale has been more than 5000 volumes. The largest sales of one day exceeded \$150,000 and of one week \$500,000. In one day 503 sets, weighing over sixty tons, have been despatched.

## A BUSINESS MAN'S LETTER.

Wm. Thomson, Esq., of Orillia, Vice-President Standard Chemical Company of Toronto, Tells of a Visit to the Muskoka Free Hospital for Consumptives.

GREATLY IMPRESSED WITH WORK BEING DONE.

Personally Raises Several Hundred Dollars to Help Lessen the Load of Debt.

There can be little doubt that the National Sanitarium Association is handicapped in its great work for Consumptives in the fact that its two institutions in Muskoka are far away from any large centre of population. Few people have an opportunity to see for themselves the magnificent work that is being done.

These hospitals are away from the public eye. Any, however, who do visit them, are united in their commendation of the splendid appointments of the place, and, best of all, of the real joy and hope that is being brought to many suffering ones.

We are glad to have the opportunity of publishing the following letter from Mr. Wm. Thomson, of Orillia, one of Canada's best known lumbermen, which tells what he has seen himself. It reads:

ORILLIA, Ont., November 2, 1903.  
 W. J. GAGE, Esq.,  
 Chairman Executive Committee  
 National Sanitarium Association,  
 Toronto, Ont.

My Dear Mr. Gage,—  
 I have much pleasure in enclosing herewith cheque for One Hundred Dollars (\$100.00) from the Tudhope Carriage Company of Orillia, a donation to the Free Hospital for Consumptives at Gravenhurst. Please acknowledge this to the Tudhope Carriage Company in the usual way.

I have written to a number of my friends, to try and get them interested in this good work. I hope to be able to send you further donations. I have written my friends a personal letter, something similar to the following:

"Last week I paid a visit to the Free Hospital for Consumptives at Gravenhurst. I met some of the management there, and promised to try and interest some of my friends in this work.

"I might say there were 49 patients there last week, all poor people, most of them without a dollar in the world, and suffering from the dreadful disease, Consumption. There are many sad stories, and I know I have thought a great deal about the work of the institution ever since my visit there. I do believe it is worthy of assistance, and we who have health and the necessities of life should encourage this work along.

"I understand the expenses lately have been double the income, and unless the management meet with more encouragement, I am afraid the work will have to be curtailed. I know you have many calls, but I do wish you would give this matter a thought, and, if possible, assist. I have written to two or three confidentially, and hope to be able to collect some more for this work. Should you not feel like contributing a donation, remember this request, and your reply is just between you and me, and strictly confidential.

"I might mention, to show that I have confidence in the work, I have already given a donation of \$100.00 and two row boats to the Free Hospital this year, and intend to give another \$100.00 before the end of the year."

Sincerely yours,

*Wm. Thomson*

Sir Wm. R. Meredith, Kt., or Mr. W. J. Gage, Toronto, will receive and acknowledge any contributions made.
