

Crawford.

(Intended for last week.)

The farmers are taking advantage of the pleasant weather and are getting in their grain.

The Presbyterians started their Sabbath School on Sunday and the Methodists intend starting next.

The Hastie family received the sad news that Mrs. Dan Hastie after a prolonged illness had passed away. The remains were interred at Latona on Saturday. We extend our sympathy to the friends and relatives.

The Methodist Choir attended Quarterly Meeting services at Moorsburg on Sunday.

Miss Ann Hobkiss has been under the doctors care for a few days. Hope soon to hear of her recovery.

Miss Kate McDougall is engaged with Mrs. D. McKechnie of Glenelg for the summer.

Messrs. Fischer and Dice have moved their sawing apparatus down to Mr. Hastie's bush.

Wm. Pepper has wandered back to these parts again and is at present engaged with Mr. Jenks.

Mrs. Koebel is visiting friends in Mildmay this week.

The Germs of Catarrh

Not only attack the passages of the head and throat but finally reach the lungs and cause consumption. Nothing destroys catarrh so quickly as fragrant healing Catarrhzone which relieves the cough, stops the discharge, takes all soreness from the throat. "I consider Catarrhzone has no equal as a cure for Catarrh and lung trouble" writes Jas. E. Wetherell of Brighton. "It cured me when many good doctors failed to even relieve my trouble." Catarrhzone can't fail to cure—it's guaranteed. Two month's treatment \$1.00; trial size 25c.

A New Fake Scheme.

In some parts of Ontario agents are attempting to allure money from farmers, by a new patent, for the protection of fruit trees against insects. It might be called the hypodermic tree treatment, and it consists in brief of boring a hole in the trunk of a fruit tree, filling it up with a chemical compound, or rather mixture, and then plugging the hole to keep the air out. The promoters say that the sap will carry the chemical to the farthest twig, and will render the tree immune against the attacks of fungi or insects. Huge sheaves of testimonials from all over the United States and Canada are shown by the agents, and the endeavor is made to sell the patent right for each township. So far rights for three or four townships have been disposed of at \$200 each, and the buyers put out agents, who persuaded the farmers, and treat their trees to the boring at 25 cents a tree.

The scheme was hatched in the United States some years ago, and at that time Prof. Tait, of the United States Bureau of Agriculture, issued a bulletin warning the fruit-growers against it. The chemical mixture which is put in the trees, has been analyzed in Ottawa, and is found to contain charcoal, sulphur and soda, sometimes gunpowder is used. In any event the mixture could have little effect against the enemies of the trees even if it could be dissolved "and carried to the furthestmost twig." Sulphur and charcoal, however, are insoluble in water—and in sap—and unless a bottle of carbon bisulphide were put in the hole with the other things, the chances of reaching the furthest twigs would be very remote.—Exchange.

Shingles for Sale.

PARTIES REQUIRING SHINGLES should call now and get them away while the snow is on. WM. QUINN, Rocky Saugeen. Jan 20.—4 m

Hanover.

(From the Post.)

The Hanover lacrosse club has accepted a Chesley proposition to play an exhibition match with Chesley in that town on May 24.

The quarterly board of the Methodist church on Monday last passed a very unanimous resolution inviting Rev. Jas. A. McLachlan, M. A. of Port Elgin, to the pastorate of the church they represent. Mr. McLachlan is now serving his fourth year at Port Elgin. He is reported to be "an all-round man", and one of the most generally popular and estimable gentlemen in the Conference. Mr. McLachlan has practically accepted the call. The board at its last meeting also elected Mr. J. Taylor as delegate to the district meeting at Port Elgin, and Mr. H. H. Miller as alternate.

The following items are taken from the Hanover assessment roll for the present year: Number of children between the age of 5 and 21, 520; number of children between 5 and 16 257; number of acres assessed 5403; personal property and taxable income \$15,400; real and personal property and taxable income, \$359,925; male persons from 21 to 60, 369; number of cattle, 113; hogs, 98; horses, 92; steam boilers, 14.

The next regular meeting of the Grey and Bruce Medical Association will take place at Hanover May 27, when interesting papers will be presented by the following members: Dr. Gun, Durham. "Importance of the Early Diagnosis of Potts' Disease;" Dr. Morrison, Paisley, (subject not assigned); Dr. Burt, Owen Sound. "Squint;" Dr. Danard, Owen Sound. "Cystoscopy in Urinary Diagnosis," and Dr. Macdonald, Durham. "An Interesting Case of Intestinal Obstruction." Dr. H. G. Murry, Owen Sound, is secretary of the association, through whom any further information may be obtained.

And so the Durham Lacrosse Club has been forgiven and is once more within the fold of the Canadian Lacrosse Association. We are not sorry to see the sister town in the game again, for Durham has an enthusiastic bunch of sports who believe in making things go some. Yet the principle of the thing is bad, and the precedent set will not loom up grim and terrible to other clubs throughout the country when they are prompted to duplicate the trick. Sport is like politics. When excitement is at fever heat men do things and countenance things which they would not think of under other circumstances. But Durham has promised to be good, and they are in the game again, and we wish 'em luck. Hanover and Durham have been sporting rivals for years, but it is not likely they will do battle this season as they are in different districts.

Consumption claimed another of its victims last Saturday at noon when Mr. Amos Miller, of the Township of Brant succumbed to the inevitable, death. Deceased had not been in good health for about four years, and like many another victim of the white plague his condition did not appear dangerous. A few weeks ago however, his disease took a more malignant type and from then until the end came he failed perceptibly although he was not confined to his bed at all. Death is doubly sad when it carries off a man in the very prime of life as Mr. Miller was at the age of 35 years, 3 months and 5 days and when he leaves a wife and little ones it seems hard and cruel. Deceased was highly respected by all who knew him and many turned out to pay their last respects to the departed and sympathize with the loved ones left behind. Besides a wife he leaves three sons, Norman, Levi and Harvey, and one daughter, little Gladys. The funeral took place on Tuesday afternoon at the Hanover cemetery, the funeral services being taken by the Canadian Order of Foresters of which deceased had been a member. Deceased was a son of Mr. Charles Miller of Allan Park.

At the home of her daughter Mrs. Wm. Flynn, where she was making a visit, the spirit of Mrs. Thos. Maycock, departed from its tenement of clay on Sunday morning last about 4 o'clock. She had very recently been visiting her daughter, Mrs. Wm. Patterson, at Owen Sound, and was making a short stay in town when the end came. Death was the result of lung and bronchial trouble. Deceased was about 73 years of age. She was born in the Province of New Brunswick, and was a daughter of Mr. and Mrs. Thos. Morral. She married Mr. Maycock at the village of Blenheim about 45 years ago, and about 40 years ago they came up to Bentinck and settled on lots 9 and 10 on the 3rd concession. They were among the township's early settlers. Mr. Maycock passed away about 7 years ago, his remains being interred in the Hanover cemetery. Their marriage was blessed with 8 children 5 daughters and 3 sons all of whom survive with the exception of one son Thomas. The daughters are; Julia (Mrs. Edmiston) of Blenheim, Melissa (Mrs. Johnston) of Bentinck, Ida (Mrs. James McMahon) of Bentinck, Louise (Mrs. Wm. Flynn) of Hanover, and Nancy (Mrs. Wm. Patterson) of Owen Sound. The sons are Joseph and James, both of Bentinck, the former on the homestead. Deceased was a member of the Methodist church. The funeral took place on Tuesday afternoon to the Hanover cemetery.

Vapo-Resolene

Established 1879
**Whooping Cough, Croup
Bronchitis, Cough, Grip,
Asthma, Diphtheria**

CRESOLENE IS A BOON TO ASTHMATICS
Cresolene is a long established and standard remedy for the diseases indicated. It cures because the air rendered strongly antiseptic is carried over the diseased surfaces of the bronchial tubes with every breath, giving prolonged and constant treatment. Those of a consumptive tendency, or sufferers from chronic bronchitis, find immediate relief from coughs or inflamed conditions of the throat. Descriptive booklet free.

LEEMING, MILES & CO., 1651 Notre Dame St., Montreal, Canadian Agents
Cresolene dissolved in the mouth are effective and safe for coughs and irritation of the throat.
Antiseptic Tablets 10c a box. ALL DRUGGISTS 304

Exchange Echoes.

However devoted you may be to your business, use care in selecting words to advertise that devotion. A young schoolmaster in Brooklyn bowed pleasantly to a gentleman on the opposite seat in a street car. Noticing his surprise when he raised his hat in acknowledgement, she noticed that it was a case of mistaken identity; and possibly assuming that all the world knew of her kindergarten class, she hastily said, "O, excuse me, I mistook you for the father of two of my children."

"Rattlesnakes are grateful if you gain their affection," says a correspondent of mine in Texas, who often sends me items too tall for publication and he presents them thus: "My brother Jim found a six-foot rattlesnake near town caught under a boulder, and instead of using his advantage, he released the snake, which thereupon became a pet and followed Jim about and guarded him as watchfully as a dog. One night he was awakened by a noise, and missing the snake from its usual place at the foot of the bed, he knew something was wrong. He got up and lighted a match to investigate and found a burglar in the next room in the coils of the snake, which had its tail out of the window rattling for the police."

If you want a live town, push the hustlers. Few towns are without men who have more push and energy than means to carry out their plans. Perhaps the hustler may occasionally make a mistake, possibly he may over-reach in his efforts to build up a town. Better thus than not to do it at all. If you have such a man in town keep him going, help him push. He may become weary at times and should be encouraged. Don't get jealous of him and throw cold water on his efforts. It is more difficult to build up than to tear down; that is why so many are engaged in destroying what the few are creating. A half dozen active men are worth more than a dozen passive men. It takes more enterprise than money to build up a town. Get behind the hustler and keep pushing; don't push back. If you can't push, crawl out of sight and sit down. If you can't say a good word, say nothing.

A sad fatality happened on the farm of John Stoneman, west half lot 27, con. 4, Amaranth township Monday afternoon about five o'clock, by which Henry Besley, son of Mr. and Mrs. Henry Besley, lost his life. Timbers were being raised for an addition to Mr. Stoneman's barn, and the work was very nearly completed, when a rafter, one end of which was resting on the ground and the other against the frame work of the newly-raised portion, slipped sideways and fell to the ground. Mr. Besley, who was directly in the way of the falling timber, was stooping to pick something up at the time and did not notice it. The rafter struck him on the side of the head, smashing the bones in against the brain. The unfortunate young man never regained consciousness. He was taken to Mr. Stoneman's house, and Dr. Rooney summoned, but nothing could be done for him. Dr. Rooney and Dr. Barr held a consultation on Tuesday, but were agreed that it was only a question of hours. He lingered until half-past four Wednesday morning, when he passed away. The sad event has cast a gloom over the community in which it occurred. The event is made doubly sad by the fact that it is the second death in the family in the side of one month. Henry was a member of Shelburne Methodist church, Sunday school and Epworth League, and had been one of the ushers in the church for some time, and was a member of the quarterly official board. He was also a member of Shelburne lodge of the A. O. U. W., and carried \$1,000 insurance in that order. He was 30 years of age.—Shelburne Economist.

A Farmer Cured of Rheumatism

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm, I want it in the house all the time for it cured me.'" For sale by H. Parker.

Notice.

ALL HOUSEHOLDERS ARE REQUESTED to put their yards and closets in proper condition at once as I will be round in a few days on a tour of inspection.
