Corner Concerns.

Mr. Joe Lennox is making the most visible improvements on his farm this spring of any in this part. He has Mr. Jim Johnson steadily engaged in rebuilding old fences and erecting new ones.

You will excuse us, Mr. Editor, for not forwarding our usual budget last week. News has been a very scarce article since the spring opened up and continues so. But we hope for better things next week.

Mr. Robt. Barbour had some sheep worried by dogs last week. Although he saw the dogs he was unable to identify them as they were strangers from a distance.

Mr. Robt. Mead was so unfortunate as to lose two valuable cows last week from a strange malady supposed to come from eating some poisonous substance.

We understand that Mr. Jas. Allan has been engaged for a few weeks by the Ayton Binder Twine Co. to sell twine and appoint agencies.

Seeding is progressing very slowly at present with many owing to heavy rains. Most farmers have a piece of low ground some where on their farms which they leave to the last hoping for dry weather, and it looks at present as if some of those fields will scarcely be seeded. It is bad enough without having some fields left out altogether to have crops shrink through the dry weather from forty acres at seed time to about twenty-five or thirty on the day of threshing as they often do unless the farmers happen to be good ones in every sense of the word.

Our school children have not received much encouragement as yet that they will win the prize to be given at the Fall Fair for the greatest collection of obnoxious weeds, and our farmers are determined they won't find many around here. We understand some schools in Glenelg and Bentinck have as many as 135 different specimens and they haven't fairly started to collect. Those little urchins will cause their daddies to wear well shamed faces at the show to think that the smallest child in the bunch can go over their farms and gather bad weeds by the hundreds of different kinds.

Mr. Wm. McMeeken is busy erecting a wire fence along the front of Miller McLean's farm. Will is either making an extra good job or else Mc. is a very liberal sort of a fellow from the way he settles up.

Miss Bella Grierson, of Normanby, spent a part of last week visiting at Mr. Ben Crittenden's.

Miss Maud Chapman, of Mount Forest, is visiting friends in this part at present.

ject of much adverse criticism, but we understand an improvement is to be made in it.

Mr. F. T. Carr, of Eugenia, is not only a racy writer of prose, but has shown his ability as a poet in a recently composed patriotic song entitled, "Our Great Canadian West." Mr. Carr has lived in the West and his song breathes the spirit of that young bounding country. Where cities grand adorn the land; where wheat and gold, woods, ores abound—Our Great Canadian West." We have to thank Mr. Carr for a copy of his interesting song which is set to appropriate and pleasing music.

Dr. Fred Murray of Toronto, holidayed from Saturday till Tuesday with his brother here. The Doctor favored the Methodist congregation with a beautifully rendered solo on Sunday evening.

MISS DICK

McIntyre Block. — Durham, Ont.

Flesherton.

On Tuesday evening of last week a quiet marriage was solemnized by Rev. G. F. Hurlburt at the Baptist parsonage here. The contracting parties were Mr. John Nuhn, of the Woolen Mill, and Mrs. Mary Stocks, both highly respected residents of this place. May prosperity and happiness attend them.

The Eckhart family, public entertainers, on a return visit appeared in the Town Hall here on Thursday evening last. The programme, we learn, was good, but the audience was small.

At the last session of Artemesia Council, Reeve Muir, Clerk Bellamy and Councilor Purvis were appointed a special committee to inquire into and report upon closing that portion of Alma street in Eugenia upon which the Falls are situated and also to confer with the Eugenia Electric Light and Power Company who wish to secure Right of Way of the same. On Wednesday of last week a meeting of the Committee attended by their Counsel, Mr. A. G. MacKay, of Owen Sound, and the representatives of the Power Company was held here. Propositions were made and discussed by both parties but the difference was too great for anything definite to be arrived at at that meeting. Negotiations will doubtless continue and in all probability come to a successful issue.

A game of football was played on Saturday between the Beavers of our public school and the club at Mr. Reid's school east of the village. The match took place on the grounds of the latter and was won by the Beavers 4—0.

In honor of Empire Day the public school flag floated proudly to the breeze on Monday. Mr. M. K. Richardson, M. P. visited the school and gave the scholars a very interesting address on poetry. A number of the scholars have recently been engaged on that subject and some very creditable efforts have been made.

Mr. Alex. Reid, of the suburbs, teacher in No. 4, had an unpleasant and dangerous experience for a while on Saturday evening last. By mistake he swallowed a dose of liniment for an internal remedy he supposed he was taking. Dr. Carter administered an emetic which had the desired effect and in a short time normal conditions were restored.

Miss Annie Richardson whom we reported seriously ill last week is now, we are pleased to state, on the mend and making satisfactory progress towards recovery.

The arc electric light in the centre of the village which has not been working satisfactorily has been removed and in lieu several 32-candle power lights have been added to the street lighting in the vicinity. A new sidewalk being laid is the sub-

Orchard.

John Brown left for Rouleau, Assa, on Thursday last. John's absence will be very much felt especially in the Methodist Church Choir of which he was a valued member.

Miss Calvert spent Friday and Saturday last in Mt. Forest, the guest of Miss Allie Yeomans.

Mr. and Mrs. Henry Meier of Lakelet were guests over Sunday of the former's sister, Mrs. Wm. Hoegi.

Mr. and Mrs. George Strachan who were visiting the latter's parents, Mr. and Mrs. John Queen left for Zion City Wednesday morning, accompanied by Mrs. Strachan's niece, Gertrude Robleff.

John Calvert, Jr. left Tuesday last on a business trip to Manitoulin.

Varney.

Mrs. Robinson and Miss D. Robinson of Toronto, are the guests of Mrs. C. Gadd.

Richard Allan, went to Harriston, last week, where he is engaged with the pork packing Company.

Mrs. Dyer and Miss Hiscock, were visiting Wm. Smith last week, who is now moved to one of the houses on Thos. Petty's farm.
