WHAT PARLIAMENT HAS DONE.

"Parliament has clearly and distinctly given the plaintiffs power to carry their wires over or under public streets but has made that right subject to certain rights. These latter rights must be exercised in good faith and for a legitimate purpose, and should be reasonably exercised. Instead of that they have been unreasonably exercised in bad faith and for a purpose not authorized within the power of the defendants, so that whatever those rights may be, the company are entitled to succeed in this action.

"The defendants will, therefore, be perpetually restrained from interfering with the work of the plaintiffs in carrying their wires to their new offices under instead of over the highway.

"Upon the broad question of the power of municipal councils under the amended Federal Act, the extravagant claims of Owen Sound, that it rests with the town to determine as they see fit, where and how the company shall construct their lines, seems to be quite unwarranted by the Act."-Toronto Star.

No Difference.

No distinction is made as to the kind of Piles that Hem-Roid cures. The names internal, External, Bleeding, Blind, Itching, Suppurating etc., are simply names of the differ-

ent stages through which every case will pass if it continues long enough. Piles are caused by conjection or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure and no case of Piles has ever been found it failed to cure.
