THE loss of their baby boy about eleven months old brings sadness to the home of Mr. and Mrs. John Town-er. The little one was sick only a short time and died Sunday last of pneumonia. Only a child, but the mother will miss him. We join in sympathy with the mourning parents.

WE sincerely sympathize with Mr. W. L. Falkingham in the trying hour of bereavement. The loss of a loving helpmate is sad in any case, but particularly so when six little children, all under fourteen are left without a mother's care. Our Traverston correspondent gives an account of the sad occurrence.

THE Toronto Exhibition is now on and already a number have gone from here to see the big show. The Durham Manufacturing Company has an exhibit of Cream Separators there and Mr. Frank Livingston who is in charge will be pleased to meet all who are interested in the matter and show the strong points of the machine.

LAST week we gave clippings from two papers relating to the fall of meteoric stones, one near Shelburne and one near Chesley. Since then we learn of other similar occurrences, on or about the same time and the probability is that the pieces referred to are only fragments of one large body that was passing through space and became broken to pieces in the transit.

MEAFORD ratepayers carried two By-laws, one for the establishment of a wheelbarrow factory and the other to raise money to purchase pumping machinery for the water-works. The factory By-law carried by 328 to 63 and the latter by 243 to 113. The majority of rate-payers in most towns now realize the importance of industries within the corporation, and few By-laws submitted for that purpose now suffer defeat.

THE paper goes to press and also to the people this week in a rather crude state we are free to admit, but since we first started in the business we have never had so big a rush jammed into so short a time. We have been loaded with job work. That "had to be done" for the Toronto Exhibition week, and something had to be slighted. Under the circumstances we had very little time at our disposal, and while we crave the indulgence of our readers always, we ask them to amuse themselves this week by reading a paper just as it comes from the compositors without being proof read and corrected.

WE learn that Mr. Joseph Sharpe is quite ill at present.

HONEY—This season's honey 10 lb. at Parker's drug store.

SMUT—To prevent smut in fall wheat use Formalin before sowing. At Parker's drug store.

WE understand a Lacrosse match will be played here Labor day between the Mintos and Hiawathas.

A PRIZE match in quoit pitching between upper town and lower town will be a feature of Labor Day celebration.

THE Owen Sound papers claim that 80 per cent of their candidates who wrote at the recent Examination were successful in passing.

A PROMENADE concert will be given in the rink on the evening of Labor day. The Zulu band will be there in full uniform.

THE marriage of Miss Margaret McGillivray to Mr. William McGaffin was solemnized August 24th at the residence of Mr. John McGillivray, Mulock. Rev. C. E. Pineo performed the ceremony. The bride who, was given away by her father looked lovely in a dress of white silk organdie with chenille yoke and long train. She was attended by her three nieces Miss Jean Long who acted as Maid of Honor, and Miss Muriel McGillivray and Miss Gladys Patterson who were flower girls. After congratulations all repaired to the lawn where tables were spread and where all did justice to the dainty dishes set before them. After dinner the happy couple, amid showers of rice, drove to Walkerton in route for Niagara Falls. The bride's travelling dress was grey with hat to match, she was the recipient of a number of presents. Relatives of the bride were present from Toronto, Walkerton, Chatsworth, Elmwood and Durham all of whom joined in wishing Mr. and Mrs. McGaffin a long and happy life in their far off home in Wollesly Assiniboia.

## Be Quick.

Not a minute should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should show sufficient warning. If immediate and proper treatment is given, serious consequences will be averted. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the sole reliance of thousands of mothers and by its aid they have often saved their children's lives. Every household should have a bottle at hand. Get it to day. It may save a life. For sale by H. Parker.—1

## ELECTION SMACKS.

Come, all ye mothers in the land From Ballinafad to Jackson's Bend, For there will be a high old time For Miller so they say, Will give each babe a rousing smack Before election day.

Bring out the kids of every sort, From Barber's Corners, Priceville and Traverston, Rocky and Bunessan; And also kids from Cedarville To get the glad caress.

Go, wash and dress the little tykes, And fix 'em all up fine; Put on clean bibs and comb their hair And make their faces shine, For all the kids from East to West Must find the kissing line.

Bring up the little yaller kids, And those as black as tar; Go send the news to every buck And squaw, both near and far; And Allan Bell will have a chance To learn what kisses are.

Bring in the fat ones and the lean, The dark ones and the fair, Those triples away up north Must also have their share; And also bring Jack Mitchell's twins And make him kiss the pair.

We know not the election day; Nor do we know the hour, But children's fathers all have votes, And so each tender flower Will get a hug as Harry tries To kiss his way to power.

"Mrs. W. L. Falkingham dead?" How the sad news flashed from home to home through the neighborhood last Thursday, August 25th, thrilling hearts with sorrow and grief and causing exclamations like the above. The busy active life gone—the cheery, bright spirit quiet—it is the saddest event that this neighborhood ever knew. Just the evening before so full of household duties and gay spirits—at ten o'clock the next day calm and peaceful in the long sleep. She was taken ill during the night and Drs. Gun and Macdonald were soon sent for; but despite the skill of these clever young men, it was impossible to save her. The grief of the friends, the young husband and motherless children made strong men weep. It was sad hour. She was born in Selby, Yorkshire, England, on March 20th 1870 and on the 15th of April 1889 was most happily wedded to W. L. Falkingham, so widely known. For a couple of years they lived in the motherland, and then came out to Canada, living a time in Norfolk Co.; but ten years ago purchased the Hayward's Falls property and have been most successful, and the home has ever been noted for its hospitality and entertainment. Mrs. Falkingham was a clever pianist and possessed a sweet, musical voice. Many and many a time has she and her husband helped at entertainments. The funeral took place on Sunday afternoon at Zion cemetery and was the largest ever known in the neighborhood over two hundred rigs being in procession. The Rev. T. Colling B. A. conducted the service and paid a high tribute to the departed, who was a member of Zion church and also of the Ep. League, the young members of which most gracefully, draped the grave in white and garlanded it with flowers. The floral tributes from friends were very beautiful and abundant, but specially beautiful was a floral pillow from Mr. Orr Minnis and his employees, with the inscription "Friends" upon it. These men have been boarding there while working at the new dam and a sob was in their voice and tears in their eyes, when they spoke of her untiring kindness and thoughtfulness. To her and her husband were given seven children—three boys and four girls—but the baby boy of six months of age was laid to rest in Zion's acre last Xmas. tide; so the six sorrowing children and the stricken husband and friends are left to mourn. Words and deeds of sympathy have poured in upon them and hundreds of hearts sorrow with them, because "Mother is gone."

CASH AND ONE PRICE.

The . .  
Corner  
Store .

Is still on the Corner, but we now occupy our new premises on the Stewart property just diagonally across from the old stand in which we did business for the past twenty years. We are not yet fully settled, but we are in a position to make it interesting to any one desiring good goods at the lowest possible prices consistent with the quality of the goods offered. We are not trying to fool the people by telling them that we are selling all goods "at or below cost" but we have a number of lines that we are determined to run off at a price away down below the original cost to us. These goods are not out of date, but rather than hold them in stock we have decided to let them go at a great sacrifice. It is not our purpose to talk of honest dealing and all that twaddle that some people use to catch trade, our past record of twenty years is the only basis by which we expect the public to be governed, and if you make it a point to call in and see we'll try to make it interesting for you.
