HITS AND MISSES.

A man's second love usually has less beauty and more money than his first.

It is time enough to get married when a man has got tired of spending money on himself.

No modest girl will sit on a young man's lap unless she can hide her blushes in the dark.

It ought to be easy for the price of coal to go up considering all the practice it had the winter before last.

When a man has no notion that he is entitled to any of the money he earns he is called a fairly good husband.

The Vancouver Indian who bought a coffin and a keg of gunpowder subsequently discovered that he really didn't need the coffin.

When a woman doesn't worry over whether her husband is safely hers, it is time for him to worry over whether she is safely his.

The days are about here when the shoe man will spend most of his time "rubbering" people.

With the millinery and house-cleaning seasons now on, these are eventful times for poor old dad.

When a man screws up his courage to the point of marriage he feels brave enough to have the ceremony performed in a lion's den or anywhere else.

Persons who denounce money as a curse never seem to object to that particular curse coming home to roost.

No doctor can be successful who loses his patients.

Many a big heart is concealed behind a narrow chest.

The best paying position in a political campaign is on top of the fence.

Call any woman a flirt, and away down in her heart she feels flattered.

A man may take on flesh in spite of the fact that his hair is growing thin.

The beauty about striking an attitude is that the attitude can't strike back.

It's a wise child that knows its own father, and a wise cork that knows its own pop.

This is the time when no candidate would be cruel enough to give an elector a "cold hand out."

Oysters have increased in price, although we do not remember having heard that they had organized a union.

When a woman is caught out in the rain with her best hat on it is a caution the way she can spank her child for getting its feet wet.

For one person who dies in a dentist's chair, thousands are convinced that they escaped by the skin of their teeth.

It makes a woman awful nervous to think how nervous she would be if a button came off.

(TORONTO WORLD.)

Port Arthur, Sept. 21.—(Special.) The indications point to by-elections in the Port Arthur and Rainy River districts at an early date. The Dominion election will soon be on, and James Conmee will shortly be handing his resignation as representative of the local house. It looks as tho the Liberals had not as yet fully decided upon who will be their standard bearer in the contest. It is evident that neither A. Macdougall of Port Arthur, nor J. A. Osborne of Fort Frances will be the choice of this party.

Last week a caucus of the leading Liberals was held, and Dr. Mackenzie of Fort Frances was requested to be in attendance. It is stated that the meeting offered him the nomination, and he was strongly pressed to take the field against Mr. Preston, the Conservative's choice. He is looked upon as one of the influential men of the party in the west and Mr. Mackenzie declined the honor, but he recommended that the party endeavor to get R. M. Robertson, president of the Rainy River Lumber Co. Mr. Robertson is looked upon as one of the strongest men that the Liberals could put in the field. Since his nomination, Mr. Preston has been working steadily in the Rainy River district.

Our Fair Again.

Last week a letter appeared signed "Farmer" with regard to our Exhibition falling behind, and am very sorry to say the improvement looked for under the new management is not apparent.

As a member I would like to make the following suggestions.

First that every member be notified of the Annual Meeting, and receive a printed itemized account of all working expenses, the money paid, who to, the time taken, the work done.

I would like to ask the following questions?

Were tenders asked for a shed? Did the highest get it at \$90 when the same work could have been done for \$45? In this did the Board act in the interests of the society? Do Directors get pay? If so, how much per day and how many hours a day's work? The liquor on show days is it paid for by the society or by private subscription? Yours, etc., MEMBER.
