Are All Women Pretty?

Quite an unnecessary question, because so many women have such poor complexions. We want to tell all women with pale sallow cheeks about Ferrozone which quickly imparts fine color and gives the skin a clear, rich appearance. It's pure blood that makes fine complexions, so by producing lots of vitalizing blood, building up the debilitated system, increasing the circulation Ferrozone quickly brings the glow of health to faded cheeks. It's no trouble at all to beautify your looks—simply use Ferrozone. Try it. Price 50c. at druggists.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE Chemists Toronto, Ont. 50 cents and \$1.00 All druggists

"Willie," said the teacher, "your hands are very dirty." "That's no' his," said Willie cheerfully, "you ought to see my feet."

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and the results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by H. Parker.—1.

Pretty House Wedding.

At high noon on Tuesday a pretty house wedding took place at the home of Mr. and Mrs. J. A. Anderson when their second daughter, Janet, became the wife of Rev. W. Wilson Aitchison, of Dornoch, pastor of the Presbyterian churches at Rocky Saugeen and Dornoch. The nuptial knot was tied by Rev. Dr. McLean, pastor of St. Andrew's church, Blyth. The guests present were the immediate relatives and friends of the contracting parties, Miss A. M. Anderson, sister of the bride, and Miss Isabel Aitchison, sister of the groom were the bridesmaids, and the groom was assisted by his brother, Mr. R. M. Aitchison, of Stouffville. Lohengrin's wedding march was played by Miss Ella Anderson the bride's young sister. The bride looked very pretty attired in a costume of green zigue silk trimmed with point lace on net. She carried a bouquet of white roses and was married in her grandmother's wedding veil. The bridesmaids carried red and pink roses. The happy couple left for Toronto on the 3:35 train, accompanied by showers of rice, chrysanthemum leaves, old slippers and other items of good luck. The guests present were Dr. and Mrs. A. McLean, of Blyth; Mr. and Mrs. W. Aitchison, of Seaford; Mr. R. M. Aitchison, of Stouffville; Miss Isabella Aitchison, of Hensall; Mr. A. Galbraith and Miss I. Galbraith of Bayfield; Mr. and Mrs. Alex. Elder, Mrs. G. McGowan and Mr. and Mrs. Joseph Carter, of Blyth. The bride received many beautiful and useful presents. She is one of Blyth's cleverest young ladies and the groom is to be congratulated in his choice of a wife. He has secured a lady who will be in every way an excellent helpmate to him in his noble work. The Standard joins with the many friends of the happy couple in extending congratulations.—Blyth Standard.

Exchange Echoes.

An acetylene gas explosion occurred at Kincardine on Saturday night. A recently that caused considerable commotion. One part of the building was knocked down, and guests in the house were thrown off their feet, but apart from this no damage was done. As there was no fire no claim for insurance could be made.—Warkton Echo.

A serious robbery was committed at Kincardine on Saturday night. A farmer in Kincardine Township was going to take out his horses from the Morgan House stables when he was grabbed from behind and his pocket-book abstracted, the thief disappearing in the darkness at the rear of the yard. The farmer reported his loss at once but the robber has not been discovered. Every effort should be made to discover and punish the thief.—Warkton Herald.

A gentleman from town who was out doing a little missionary work during the recent campaign, reports that he ran across one free and independent elector who didn't know that there was an election on at all, did not know the names of the candidates and never heard of such a man as Sir Wilfred Laurier. When pressed to go out and vote he replied that he was too busy with his turns. It is difficult to believe a story of this kind, but our informant is a man whose word is absolutely reliable.—Warkton Telescope.

The public school building was the scene of an accident on Thursday last in which little Miss Mildred Kennedy sustained very severe injuries. She had remained after school to assist her sister to sweep out and had gone up stairs for a dust pan. Coming down she concluded to ride the banister, but in some way lost her hold and slipped over, falling to the floor beneath. She lit on her hands and face, and both wrists were broken and one eye was completely closed and terribly blackened. Both wrists are in splints and she has suffered considerably since then.—Dundalk Herald.

A despatch from Port Elgin says:—The town was visited by daring burglars about midnight Saturday. The large safe in Stevens, Hepner & Co's brush factory was blown to pieces, and about \$40 taken. The explosion woke Mr. Hepner, who lives a short distance from the factory and on rushing to the scene he was held up by one of the burglars, who spoke quietly and ordered Mr. Hepner back. The Grand Trunk Station was also entered and the safe blown to pieces. Only about \$2 and a revolver were taken here. The alarm being given, a general search was made by several citizens, but without results.—Warkton Telescope.

The Hall Sisters, the famous evangelists, are conducting successful revival meetings in the Methodist Church every night. They opened the series last Sunday to large congregations, the church on Sunday evening being especially well filled. It is seven years since these eloquent Gospel ladies were in Harrison, but those persons who heard them then state that they have lost none of their Pentecostal fire and vigor. They are both good exhorters and sweet singers. To appreciate them you must hear them. They expect to continue these meetings all next week. Rev. Mr. Liddy, the pastor, is fortunate in being able to secure such good workers.—Tribune.

The Christmas Delineator.

The December Delineator, with its message of good cheer and helpfulness will be welcomed in every home. The fashion pages are unusually attractive, illustrating and describing the very latest modes in a way to make their construction during the busy festive season a pleasure instead of a task, and the literary and pictorial features are of rare excellence. A selection of Love songs from Wagner Operas, rendered into English by Richard de Gallienne and beautifully illustrated in colors by J. C. Leyendecker, occupies a prominent place, and a chapter in the Composer's Series relating to Romance of Wagner and Cosima, is an interesting supplement to the lyrics. A very clever paper entitled "The Court Circles of the Republic," describes some unique phases of Washington social life is from an unnamed contributor, who is said to write from the inner circles of society. There are short stories from the pens of Hopkinson Smith, Robert Grant, Alice Brown, Mary Stewart Cutting and Elmore Elliott Peake, and such interesting writers as Julia Magruder, L. Frank Baum, and Grace McGowan Cooke hold the attention of the children. Many Christmas suggestions are given in needlework and the Cookery pages are redolent of the Christmas feast. In addition, there are the regular departments of the magazine, with many special articles of topics relating to woman's interests within and without the home.
