WORD was received Monday of last week of the death of James Calvert, eldest son of John Calvert, Orchardville. Deceased had been undergoing treatment in Winnipeg General Hospital for the past two months. The remains were taken to Brandon, where the funeral took place from his brothers residence on Tuesday, to Brandon Cemetery.

WE regret to chronicle the death of Ruby, youngest daughter of Mr. and Mrs. W. A. Anderson, of Crawford. The little girl was eight years of age, and had been a sufferer for a number of years, till released by death about three weeks ago. Mr. Anderson being himself invalided for the past two or three years makes the trial even harder for the family to bear. Much sympathy is felt for the bereaved family.

THE comfortable home of Mr. Andrew Stewart of Normandy was the scene of a quiet but fashionable wedding on Wednesday last when his sister-in-law Miss Lizzie Ellis was united in the holy bonds of matrimony to the man of her choice Mr. Samuel Barlow of Guelph. The ceremony was performed in the parlor by the Rev. D. L. Campbell of Dromore in the presence of a limited number of invited relatives and friends of the contracting parties. The bride dressed in pale blue satin over lace and medallions with rosette of white chiffon adorning her head and carrying a bouquet of white carnations looked her prettiest. The bridesmaid Miss Lottie Ellis dressed in navy blue trimmed with cream satin over lace and applique and her head adorned with rosette of pink chiffon looked sweet. The groom a substantial good natured looking fellow was assisted through the trying ordeal by his brother Fred Barlow of Owen Sound, who accomplished the task very satisfactorily. After the usual congratulations and good wishes all repaired to the dining room where a very sumptuous repast was awaiting and (needless to say) heartily relished. The bride's cake a mammoth structure the invention of your up-to-date baker (Mr. Stinson) was a very excellent one for flavor and beauty and we would very heartily recommend its maker, (Mr. Stinson) to all intending purchasers of the same. The newly wedded couple left shortly afterwards to visit friends in Guelph and Toronto on their way to New Ontario where they will settle on a farm. Mr. Barlow is an expert at cement paving having among other contracts supervised the laying of a long stretch of sidewalk in Durham. The presents to the bride were numerous and costly among them many being a gold watch and chain to the groom. To the happy wedded couple we extend congratulations for their and happy wedded life.

A. SCOT who served an Englishman last summer as a guide and friend on a fishing trip, had a weakness for claiming relationship with all the influential families in that part of Scotland. One day the Englishman met him on the road driving a pig and saw a little fun. "Well Donald," said he, "is that one of your grand relations?" "Oh, no," said Donald, quietly; "this is just an acquaintance—like yersel."

OWING to Mr. Vansickle's meetings being postponed, Mrs. Newton has decided to have her half yearly "Organ Recital" this Thursday, in the Baptist church, at 8 p. m. Dr. Brown of Holstein, will be the vocalist. A choice program of pipe organ selections will be rendered. The celebrated Pilgrims song of Hope, The Idyll "At Evening" by Dudley Buck, Prayer by Batiste, Wagner's Grand March Tannhauser, will be among the numbers, also "Navina by Adremus, with pedal registration. Mr. J. S. Drysdale will also assist in the program. All lovers of good music cordially invited. Admission 25c.

IN an interview with the Superintendent Farr of the Cement mill we learn that the mill is running day and night to its fullest capacity. The high quality of the "National" cement has created a demand for it far in excess of the ability of the mill to supply. Unsolicited orders for more than 10,000 barrels have been declined during the past six weeks owing to the large number of orders already on hand, and the difficulty in securing a sufficient number of cars to take care of the current shipments. The mill is turning out about 28,000 barrels per month, and the fact that the company is unable to fill its orders demonstrates, better than words, the success of the business which is of so much importance to our town, and stockholders.

CHURCH ANNIVERSARY.

The Anniversary services in connection with the Methodist Church were held on Sunday and Monday last. Rev. Mr. Colling, the pastor, preached the Sunday sermons. In the morning the service was specially intended for the members of the Junior League and young people generally. In the evening the topic was intended chiefly for the young men of the congregation. Both services were well attended and the offerings amounted to \$250 which will be applied towards defraying expenses incurred through the erection of a new shed. A very special and attractive feature of the evening services was the singing of high class sacred solos by Miss Elda Flett, a recent graduate of the Toronto Conservatory of Music. Miss Flett has a beautifully sweet and clear voice of wide compass showing thorough training. Of pleasing personality she leaves a very favorable impression on the audience.

On Monday the Junior League held their Annual Rally, in the presence of a fairly good attendance. The songs, solos, recitations, choruses and instrumental which were wholly rendered by the children as well as the solos given by Miss Flett constituted a pleasing and profitable night's entertainment.

REMEMBER the sale of clothing at Grant's going on now.

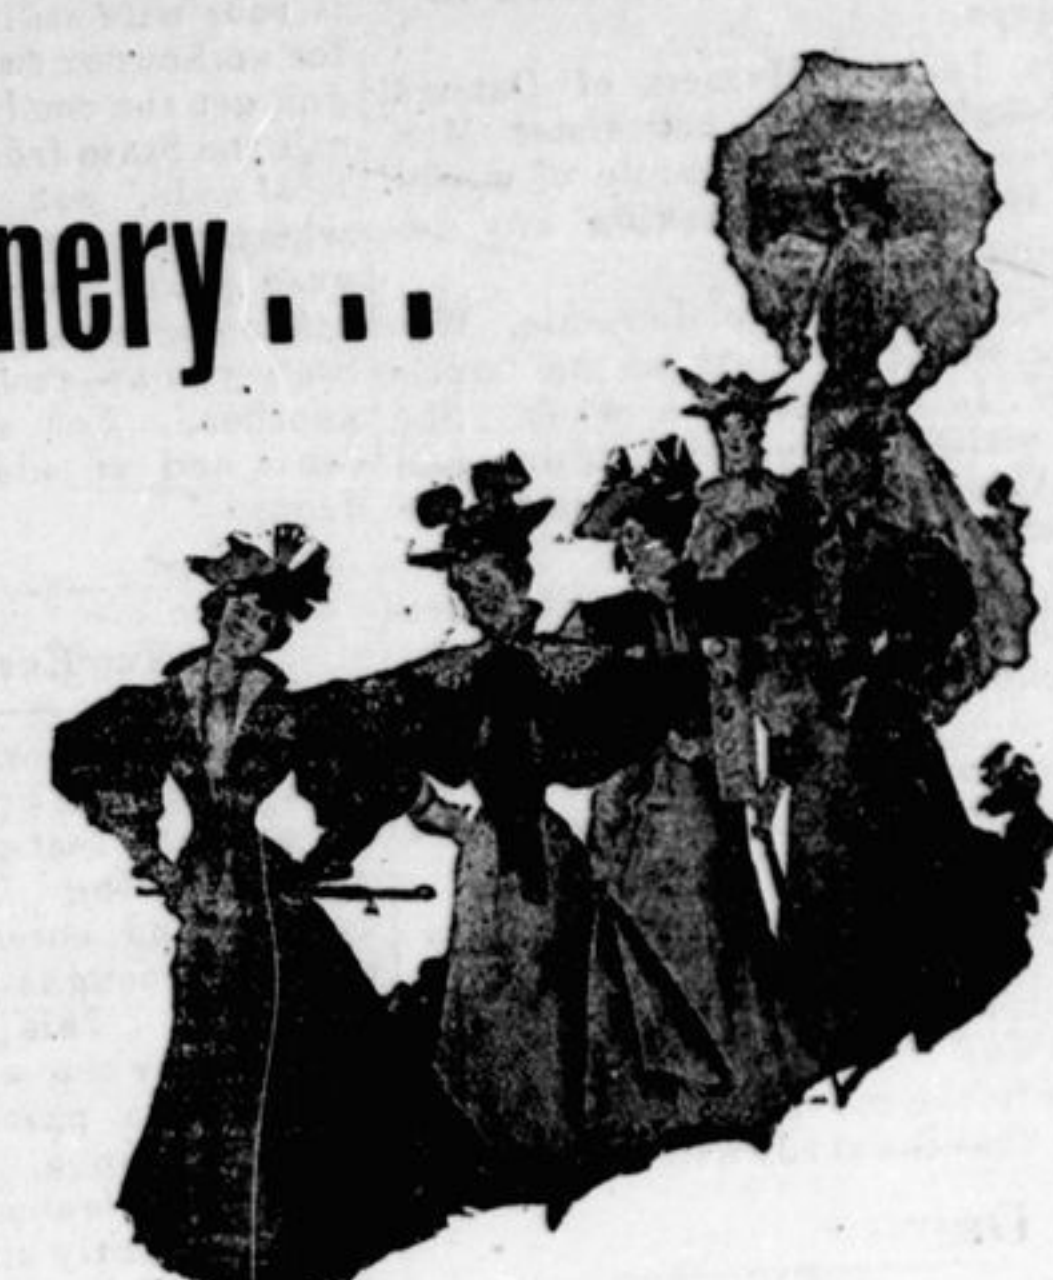

THE law respecting the liability of subscribers to newspapers was laid down by Judge McWatt in the division court at Petrolia two weeks ago in a case brought by the Petrolia Topic and will prove of interest to the public. The Judge declared the law to be that where a subscriber refused to take his paper from the post office and orders it to be sent back to the publisher when there is subscription money owing from him he is still liable for the continuing subscription until he pays the arrears.

AN exchange makes these timely remarks: "Every line in the newspaper costs something. If it is for the financial gain of an individual of society it should be paid for. If the grocer were asked to contribute groceries to one abundantly able to pay for them he would refuse. The proprietor of a newspaper has to pay for the free advertising if the beneficiary does not, and it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent. To give it away for anything less than living rates would certainly be as fatal as for a landlord to furnish house rent free."
